EASTERN C. C. C. MEN VISIT IN PORTLAND

Interesting visitors in Portland this week were Messrs. Edison A. Love and Ulysses Wigfall, both of Chicago. They are C. C. C. men stationed at Hebo, Oregon.

These young men, colored, expressed appreciation of the West's scenic beauty and mild climate and stated that they had enjoyed working in the

great open spaces for Uncle Sam. They had nothing but words of praise for the program of the Rooseveltian administration. Both are well versed on economic and social questons and offered nteresting and practical suggestions toward the solution

of the race's and nation's problems. their education which they have so

well begun. Messrs Love and Wigfall returned to Camp Hebo on Friday after having
