There is a good prospect that the Taylor House, one of Jacksonville's popular boarding houses, is soon to be enlarged. All this year Mrs. Taylor has found it impossible to accommodate all who applied to her for lodging and scarce a day now goes by but what she has to turn people away for want of rooms. Mrs Taylor is planning to build an addition to her house of about six or eight rooms, which will enable her to care for quite a number more boarders and thus add to her income as well as to afford accommodations to her many acquaintances among the traveling public, who prefer to stop at her house.

## On the Diamond.

Sundays game on the Neuber and Taylor grounds between Jacksonville and Medford resulted in a victory for the latter. The locals had an easy time of it throughout the early part of the game and it began to look like an easy walk over, but in the 7th inning the visiting aggregation rallied in great shape and by pushing in three tallies in the 7th and duplicating the trick in the last inning won out by a score of one. Medford is evidently a hoodoo to the home team.
