No. 9

JULY FOURTH IN THIS VALLEY.

No Celebration at Jacksonville—Lively Ball Games the Chief Local Entertainment.—
Extensive Celebration and Great Crowd at Gold Hill—Notes from Other Places.

Jacksonville did not celebrate this year having given celebrations the two previous Fourth's and it was thought by rights Medford should have the celebration for this year, but as that town was unable to get up one the middle valley had to content themselves with other diversions. Many of the Medford people went off on quiet picnic excursions, and some went to the Gold Hill celebration, but the greater number of the residents of that town spent the Fourth in Jacksonville, where they picnicked in the Court House park and in the shady groves about this town, having a delightful day of quiet recreation. The Medford High School Band had been engaged by the baseball manager and the boys gave some pleasing selections at noon in the Court House Park and in the afternoon at the baseball grounds. During the afternoon a game of baseball was played for a purse of \$200 between the Roseburg and Jacksonville nines. The game was not very exciting as the Roseburg boys were no match for their opponents and the game closed with a score of only 4 for Roseburg while Jacksonville had 16 to their credit. A dance in the evening closed the day's festivities, Orth's hall being crowded with young people from all parts of the country. The music was by Sig. Boffa's orchestra and was quite up to the high standard of that famous orchestra. Sunday afternoon another game was played, this game being between Grants Pass and the Jacksonville teams. The Grants Pass boys won out in a score of 12 to 9 in their favor. Mark Horn of Hornbrook, was umpire for both games and his ruling gave satisfaction to both sides.

GOLD HILL CELEBRATION.

The largest crowd ever seen in Gold Hill was that which gathered last Saturday to celebrate Independence Day. It is estimated that at least 2500 people were present. The program began by the usual sunrise salute of 21 guns. During the morning the Grants Pass band entertained the large throngs of people that continued pouring in until about the time the S. P. passenger train arrived bringing about 500 people from the north. At 10:30 the people gathered at the pavilion and the following exercises were carried out:

Selection, Grants Pass Band.
Address of welcome—J. H. Beeman, president of the day.
Selection, Grants Pass Band.
Song "Columbia"—13 girls representing the 13 colonies.
Declaration of Independence—Miss Cora Greniger.
Solo—"Star Spangled Banner"—Miss Mabel Jones.
Selection, Grants Pass Band.
Oration—Hon. A. E. Reames.
Song "My country 'Tis of Thee—Audience.

Immediately after dinner the Calithumpian parade composed of several comical monkeys paraded the streets and marched to the platform where a very amusing performance was given. A tug of war and several other feats took up the time till the ball game began between Medford and Grants Pass for a \$50 purse. The game was won by the latter, the score being Grants Pass 14, Medford 11.

The Bloomer girls vs. the Small Boys played a game of ball which was very interesting and won by the boys. In the evening the usual fireworks were displayed and the day closed by a ball at each of the halls.

BIG CROWD ON APPLGATE

The people of Applegate had an enjoyable day on the Fourth at Palmer Creek grove. No regular celebration program was carried out but various diversions were added to the social features of the day that made the time pass pleasantly to the picnickers. The chief interest centered around a game of baseball for the championship of the Applegate valley between the Watkins and the Ruch nines. The game was hotly contested and closed with the score standing 9 for Watkins and 7 for Ruch. A dance was had on a platform in the grove that was well attended by the young people. The promoters of the celebration were

George Force and Frank Silva they doing the greater part of the labor of preparing for the day, but they were handsomely rewarded as their ice cream and confectionery stand was so well patronized that they cleared \$58 on their investment.

AN INTERESTING PROGRAM.

A very successful celebration was held at the Lost Creek school house grove on the south fork of Little Butte creek on the Fourth. Rev. Kenney delivered an oration which was an able address, and Miss Donna Bell read the Declaration of Independence in a manner that was a credit to the young lady. Some pleasing selections were rendered by the school children under the direction of Miss Anna Dodge, teacher in that district, and it was largely through her efforts and those of John Tyrrell, president of the day, that the program was so well made up and carried through with such satisfaction to the audience. There was a large crowd present and they fully enjoyed themselves in a genuine old-fashioned way. During the afternoon and evening an enjoyable dance was had on a platform in the grove.

ON BIG BUTTE CREEK.

The settlers on Big Butte creek in the vicinity of the Tungate school house held a picnic at the Big Springs on the Fourth. A very pleasant time was had and in the afternoon a dance was given by Ira Tungate and Al. Boardman on a platform in the grove that was an enjoyable affair for the young people.

The Carbury Creek Mines.

F. O. Hurd, superintendent for the Oro Grande Mining Company, the company that was recently organized and which is putting in the big hydraulic plant on Carbury creek, a tributary from the west to the Applegate and which empties into that stream near Watkins, came in Saturday by Wendt's stage on his way to Medford to have some repairs made to a broken piece of iron work for a saw mill which they are putting in at their mine. Mr. Hurd states that they will have their sawmill, which will be run by water power and be fitted with a sashaw, in operation by the last of the week, when it will be run early and late to cut lumber for flumes and for houses as they are living in tents and shake shanties.

The Company has about 20 men at work putting in two ditches. The main one is 214 rods long and will supply water under a good head through an 8-inch pipe for a No. 2 giant, which will be installed in about three weeks, when pipping will be begun. The lesser ditch is of 100 rods length and comes from another

stream and the water from it will be used as a by wash. The pipe for the feed head to the giant was hauled by team to Steamboat and there cut into eight foot sections and packed in on horses over the seven mile trail from Thompson creek to Carbury creek. So soon as the first giant is in operation work will be begun on a big ditch that will be three miles long and which will carry 3000 inches of water for two No. 4 giants and will have a head that can supply water under a tremendous pressure.

The Oro Grande Mining Company, which is a Medford corporation of which J. D. Heard and J. A. Whitman are the principal stockholders, has four miles of placer ground that has been prospected and has proven very rich and there is every prospect that the company will make some money out of their investment.

One mile below the camp of the Oro Grande company the Missouri Mining Company, also a Medford organization of which Dr. Shearer and W. H. Rickey are leading stockholders, have several men at work getting their camp in order ready for a full force of men, when work will be begun on installing a big hydraulic plant similar to that of the Oro Grande Company. The Missouri company have several hundred acres of fine

Ladies and Gentlemen's Swell Shoes

pay dirt and have plenty of water that will come under a strong head. It is their plan to rush their work and be pipping within two months.

There is quite a Medford colony on the Carbury this summer, among them being Mr. and Mrs. J. A. Whitman, Mr. and Mrs. J. D. Heard, Mr. and Mrs. W. H. Rickey, and F. O. Hurd. Dr. Shearer spends much of his time there. The families will return to Medford early in September so that the children will be ready to enter school.

Medford, Oregon, July 6, 1903.

J. M. BOYD,
C. W. CONKLIN.

For Sale.

Three new mowers and one rake for sale, cash or trade. Going out of the business and will sell cheap.

CHRIS ULRICH, Jacksonville.

W. Estill Phipps, one of the leading attorneys of Medford, was in the county seat Thursday on legal business.

Mrs. Day arrived home Tuesday much to the Judge's delight, for he was getting somewhat anxious as he had made two trips to Medford to meet her and he had the house in scrupulous order that her home coming might have no unpleasant features. Mrs. Day had a delightful time on her visit to her relatives and her friends.

Charles Hoff, one of the leading men of the Lake Creek country, was in Jacksonville Monday looking up some tax matters on some land that he had lately purchased. Mr. Hoff states that cattle are doing well on the range and that there will be the usual big bands of fat cattle for shipment this fall, a little matter that makes the cattlemen as complacent of mind as a bond holder.
