Henry Blecher, who is the owner of
1300 acres of fine land two and a half
miles north of Jacksonville on Poormans
creek, has decided to sell off a large por-

ed that he has more land than he can
improve. His land has been heavily tim-
bered but it is now nearly all cut off by
loggers for the Jackson County Lumber
Company's mill and for cord wood, and
having deep soil will make the best of
fruit land.

them he had a medicine in the form of

Diarrhoea Remedy that he thought
would help him out and accordingly
