Mr. and Mrs. Edgar Hafer returned to
Jacksonville last Friday from a month's
visit at their old home at Council Bluffs,
Iowa, it being also a business trip for Mr.
Hafer, who is manager for the Iowa
Lumber Company's mill at this place,
the Company's head office being at
Council Bluffs. Mr. Hafer reports very
good business through the middle West,
the crash in watered stock on the New
York market not affecting Western busi-
ness interests. The lumber trade was
never better and his father Mr. C. Hafer
who has a big yard at Council Bluffs has
all the orders that he can fill.

Improvement is the watchword in
Jacksonville and soon the old pioneer
town will be transformed into a modern
town with all that goes to make a live,
prosperous place. The Ryan store one
of the largest and best in Jacksonville to
meet the increased demand for trade is
having improvements made that will en-
able more goods to be carried and a bet-
ter display made with a greater conveni-
ence in handling them. A full set of
wide shelving is being put in on the west
wall of the dress goods and millinery
department, the work being done under
the supervision of Luke Ryan, with
Frank Kasshafer as master mechanic.

Home-cooked meals, 25 cents at Mrs.
Flory's in the brick boarding house
second block north of the Court House.

Louis Storch who owns a fine farm on
Williams creek was in Jacksonville over
Wednesday buying his winter supplies of
Nunan-Taylor Company. Mr. Storch
makes from two to four trips a year to
Jacksonville for supplies, he stating that
he found it his best trading point. Mr.
Storch reports that two industries are
now under way on Williams creek each
of which gives promise of being a per-
manent success. One is a marble works
operated by Jones, who opened a marble
quarry last year and began to get out
monuments and tombstones by hand.
So much has their business increased
that they cannot fill their orders and now
they are putting in a steam rock saw for
cutting marble to the sizes required in
their trade. The other industry is that
of a chair factory being established by
M. Caldwell and John Howell. They
have their building completed and are
now putting in their saws, lathes and
steam power. They expect to be ready
to begin work in two weeks. For the
present they will only make rawhide
chairs, but later on they will make other
kinds of chairs as other lines of furniture.
They are both skilled mechanics, and
having had experience in furniture work
and having large quantities of fine timber
their chances of success are very good.

Murphy. The interment was in the
Catholic cemetery. Mrs. Deisch, whose
maiden name was Mengoz was born in
France and with parents came to America
in 1854. May 10, 1868 she was married
in Dubuque, Iowa, to Nickolas Deisch.
A few years after Mr. and Mrs. Deisch
moved to Helena, Arkansas, living there
until two years ago when they moved to
Alta, Iowa, and last year came to Jack-
sonville. Besides her husband Mrs.
Deisch leaves five children to mourn the
loss of a devoted wife and loving mother.
The children are Frank Deisch, of
Helena, Arkansas, Thomas Deisch, of
Alta, Iowa, and Frank, who is book-
keeper for the Jacksonville Gas Compa-
ny, and stenographer in A. E. Reames
law office Louis and Noel, aged 11 and
13 years. As Mr. Deisch can not properly
care for his little sons he will comply
with their mother's request and place
them in some Catholic educational in-
stitution where they can be educated and
trained. Mrs. Deisch leaves two broth-
ers as her only other relatives in this
country, one of whom is Frank Mengoz
of this place and Peter Mengoz of Helena
Arkansas.
