See those odd parlor pieces, nothing nicer for a wedding or a birthday present. C. W. Conklin's.

A mining company composed of T. C. Norris, B. H. Harris, Chas. Brown and A. Tharp has been formed and they have bought 50 acres of mineral land on the right hand fork of Jackson creek and they are now getting flumes and sluices in order ready for placer mining so soon as there is sufficient water in the creek. The work is under the direction of A. Tharp, who is an experienced miner and he will be assisted by Chas. Brown. The land is all rich in mineral. Along the creek there are several acres of paying placer land and the hill land has a number of fine showings in quartz ledges.

W. J. Boosey, a rancher residing three miles of Jacksonville and who has a predilection for getting into trouble with his neighbors, was with his son Edward brought before Justice Plymale Thursday on a charge of criminal trespass. The state was represented by District Attorney A. F. Reames and Mr. Boosey was his own attorney and his efforts made no better showing for himself than is usual in such cases and the result was that he and his son were each found guilty and were bound over to appear before the circuit court Justice Plymale fixing their bonds at \$200 each, which Mr. Beckman furnished for them. The complainant witness was Mrs. Emily Clark who owns land adjoining that of Mr. Boosey. Boosey claimed a part of Mrs. Clark's land and in the settlement of the resultant lawsuit County Surveyor Carl T. Jones run the division line between the land of the two parties and Mrs. Clark to avoid possible trouble with Boosey built all the line fence at her own expense and set it back 18 inches on her own land. Boosey though having no use for the ditch dug a ditch on the 18-inch strip of Mrs. Clark's land and so loosened the posts that the fence would not stand. This is the second ditch that he has dug upon the Clark land and the chances are that he has gotten himself in serious trouble.
