

# JACKSONVILLE SENTINEL

Vol. I

Jacksonville, Jackson County, Oregon, Friday, January 8, 1904.

No. 35

## LOCAL NOTES.

Fred Knox, who is an extensive stock-raiser and farmer of Lower Applegate was in Jacksonville Thursday buying supplies and to make a visit with relatives in the Valley.

Edward Hbert has been town marshal this week and he has proven himself an efficient man for the position. Marshal Kenney has been taking a lay-off by reason of too much "celebrating" Monday night.

A change has taken place in the Independence school. Miss Edna Wells who taught the fall term resigned with the Holiday vacation to go to the Willamette Valley to take a position in a store with her brother and she is succeeded by Miss Reynolds, who took charge of the school Tuesday and who will teach a five months term.

Mrs. W. H. Miller and children left by Wendt's stage Thursday morning for Missouri Flat where they will spend a week at the home of Mrs. Miller's parents, Mr. and Mrs. G. W. Bailey. Mr. Miller is now experiencing all the joys and sorrows of a bachelor's life, but already he has begun to count the days to the time that Mrs. Miller will return, for man-like he is shy of his own cooking.

N. S. Bennett, who combines the business of a fruitgrower and a nurseryman to which he adds photography by way of filling any spare time that he may have, was in Jacksonville Thursday from his farm in Eden precinct with a load of dried fruit, which he sold to the local merchants. He was accompanied by his daughter, Miss Cora and by Mrs. C. A. Mayer, who was returning to her home in Medford from a visit to her daughter, Mrs. S. C. Collins, who resides near Talent. Mrs. Mayer expects to leave in a short time for Southern California and Arizona to try a change of climate, her health having been poorly for the last year.

Mr. and Mrs. A. D. Fleury have rented the brick store building belonging to P. J. Ryan that is located opposite Mr. Ryan's store and has fitted it up for a restaurant, they opening it for business Thursday. They will use their dwelling house for a rooming house for their boarders. Mrs. Fleury has been conducting a boarding house for the past two years at her residence on North Fifth street, but the distance was too great from the business part of town to secure a good patronage of table boarders. The new location is in the center of the town and as Mrs. Fleury will do her best to set a table that will give satisfaction and as she is a fine cook and supervise the tables there is every likelihood that she will make her venture a success.

Ruth Rebekah Lodge No. 4 installed the following officers Monday evening: Mrs. Frances Wilson, N. G.; Miss Pauline Karewski, V. G.; Mrs. Mamie Dox, R. S.; Miss Emma Helms, F. S.; Mrs. Mary Miller, R. S.; Mrs. Annie Conklin, L. S.; Mrs. Effie Prim, R. S. V. G.; Mrs. Mollie Cameron, L. S. V. G.; Miss Margaret Krause, W.; Mrs. M. Obenchain, C.; Mrs. E. Elmer, C.; Mrs. Mary Peter, I. G.

Following the installation degree work was had, after which a supper was served in the banquet hall that was quite up to the standard for which Jacksonville is celebrated. This lodge now has over 50 members and is in a very prosperous condition, with its meetings well attended and an enthusiasm on the part of its members that presages the coming year to be one of great activity to the lodge.

To settle on a plan for improving Jackson creek road will be one of the measures that will be up before the board of trade Monday night. A proposition will be submitted to improve the present road the funds to be contributed by private individuals, by Jacksonville and the county. Now while men and teams are idle the work can be done for a third less than in the busy summer season. It is claimed by persons familiar with road work that a good road way can be built for \$500. The proposition to organize a co-operative telephone company to embrace the farming districts of the county will be considered. The special committee on telephones will be able to report as to cost of system and manner of organizing a company. The advisability of getting out a small folder giving a concise and accurate statement of the advantages

and opportunities that are to be had in Jacksonville and vicinity for homeseekers and investors will be considered. There are several other matters of importance to the citizens of Jacksonville that will be up for consideration and it is expected that there will be a good attendance.

### Town Council Meeting.

The regular meeting for January of the town council was held Tuesday evening. Present: Mayor Britt, Councilmen Huffer, Orth and Neuber and Recorder Dox.

Petition of Dunnington & Denift for renewal of their liquor license for a period of six months was granted and license ordered granted.

Councilman Huffer brought up the petition of the Methodist people asking for a street lamp in front of their church and favored granting it. Councilmen Neuber and Orth favored the petition were there not already two street lights within a block each of the church building, which made that section of Fifth street quite light. The matter was referred to the Committee on light and water for their consideration.

A proposition was submitted by James A. Wilson on behalf of Jacksonville Lodge No. 10, I. O. O. F. for the purchase of 14 blocks from the Odd Fellows' cemetery. The matter was referred to the council committee on cemetery.

The following Bills were allowed:  
Henry Dox, recorder.....\$ 2 55  
Jacksonville Gas Co., gas..... 28 90  
" " fixtures..... 9 98

The bill of the the Iowa Lumber & Box Company for \$85.28 balance due on lumber furnished for Jackson creek break-water was held up by reason that the price was based on \$14 per thousand, which was held to be too high and the recorder was ordered to draw a warrant for the company on a basis of \$12 per thousand for the lumber. Previous bills of lumber furnished by the Company were paid for at the rate of \$14 per thousand though a protest was entered at the time by the mayor and some of the councilmen, who said that other mills would furnish it at a less price.

This closing the regular business of the session there was a lull as though all were waiting for a motion for adjournment or for something to turn up and it turned up in the shape of the announcement by Councilman Huffer that had reports were being circulated as to misconduct on the part of the marshal. Mr. Huffer made no statement as to what the charges were nor any suggestion as to what should be done with the marshal but pledged himself to be ready to do anything that the council should decide upon in the matter. Then there was another pause and then Councilman Neuber

volunteered to enlighten the other members of the council on some features of the marshal's big drunk of the previous evening. Mr. Neuber said that Marshal Kenney came into his saloon Monday night half-drunk and very boisterous and knowing that when the marshal was under the influence of liquor he was quarrelsome and dangerous he decided to lay him out which he did by dealing out to him generous glasses of miner's delight. He got the marshal quiet and to his home and hired a man at his own expense to put out the street lights in the morning. Mr. Neuber suggested that he thought the marshal would brace up and attend to his duties if given a good "jacking-up" by the mayor. Mayor Britt demurred at this new duty being placed upon him by the council for under the charter the council has control of the marshal. The mayor further observed that he thought the conduct of the marshal a disgrace to Jacksonville and that some action should be taken by the council on his case. Councilman Orth said that he deprecated the conduct of the marshal but that it might not be so bad as such stories grow when repeated. He thought it best to hold a special session of the council so soon as the marshal had recovered and could appear and give him a hearing and then such action could be taken as seemed best. On motion of Mr. Orth the mayor was authorized to call a meeting to hear any explanation that Marshal Kenney might give for his conduct Monday night. The council then adjourned.
