LOCAL NOTES.

Mrs. C. P. Briggs, who has been ill with an attack of grippe which developed into pneumonia has so far recovered that she is able to be about her room and there is a good prospect that she will soon be in her usual health.

A large delegation of Royal Arch Masons came over by special train Saturday evening from Medford to attend a special convocation of Oregon Chapter No. 4. Oregon Chapter is one of the three Chapters in Southern Oregon, the others being at Grants Pass and Ashland, and it has a large membership and is in a highly prosperous condition.

By reason of Father J. D. Murphy's absence in San Francisco, Father Paul Datin of Grants Pass will hold services Sunday in St. Joseph's church at 8:30 a. m. There will be no other service. Father Murphy is expected home the last of next week and next Sunday he will hold services in Ashland, that being his regular appointment for that place.

District Attorney A. E. Reames left for Grants Pass Sunday to be in attendance at the January term of circuit court for Josephine county, which was convened Monday by Judge Hanna. There are no big criminal cases to be tried, but there are several small cases and it is probable that it will be some time next week before Mr. Reames will return to Jacksonville.

Joseph Wetterer and August Swanson left Wednesday by Wilson's stage for Purcell, on Upper Applegate, where they will join Hermann Kummer, who went there last week, in the work of developing a placer claim that promises to be a paying venture. The prospecting that they done some time ago leads them to believe that they have an extensive body of rich pay gravel. For this season they will ground sluice, but another season if they find that the mine is all that it appears to be they will put in a pipe and work the ground by hydraulic.

The Jacksonville school opened Monday after a vacation over the holidays of three weeks. The attendance of scholars the first day was not quite up to the average owing to the late chicken pox scare, but it is now up to the average. Prof. Robbins had not recovered from his illness sufficient to take charge of his room and during his absence the intermediate department is being taught by Miss Martha Robinson. Prof. Robbins hopes to assume charge of his department next Monday when Miss Robinson will return to Wagner Springs and again take up her school at that place, now closed by reason of an epidemic of whooping cough.

Jesse Applegate, who entered the State Agricultural College at Corvallis last week, writes home that he is greatly pleased with the College and is entering into his work with zeal. He has no difficulty in keeping up with the Freshman class, though the class is three months along with their studies.

Pooman Creek Items.

Elbert Duval, of Bishop creek, was on Pooman Saturday.

S. B. Simmons of Upper Pooman creek spent Friday in Jacksonville.

Chas. King, who has been at Medford for some time is again at the mill.

Bert and Thos. Yocum are mining on their old ranch and are doing finely.

Frank Wilson, of Griffin Creek was visiting on this creek Tuesday afternoon.

Jas. and John Cantrall of Applegate were on Pooman creek one day last week.

Congratulations.

Mr. John H. Cullom, Editor of the Garland, Texas, News, has written a letter of congratulation to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an over dose. I congratulate you upon the success of your remedy." For sale by City Drug Store.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 25th day of March, 1904.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE NECESSARY MAGAZINE IN THE PRESIDENTIAL YEAR

The Review of Reviews is often called a necessity, in recognition of its usefulness in keeping readers "up with the times."

In Presidential election years the REVIEW OF REVIEWS is more than ever "the necessary magazine." Everybody wants to be truly and quickly informed about this or that public question that has forged to the front; to know about the new candidates and personal factors in politics, to have a complete picture at hand of the current movement of history.

In Dr. Shaw's editorials, in its authentic and timely contributions, in its brilliant character sketches, in its condensations and reviews of all the important articles of other magazines, and in its hundred a month of valuable portraits, witty cartoons, and interesting views, the REVIEW OF REVIEWS gives the much desired news of the world's and our own progress. "The World under a Field-glass" is the way one subscriber describes it.

Men in public life, like President Theodore Roosevelt, the members of Congress, and the great captains of industry, who must keep "up with the times," intelligent men and women all over America, have decided it is "indispensable."
