

**LOCAL NOTES.**

Quartz and placer location blanks for sale at the Sentinel Office.

T. D. Goodpasture of Phoenix, left Monday for Cantara, California, where he will work in a box factory.

Jesse Maxwell, a prominent Foothills creek miner, departed Wednesday for a two weeks' visit with Seattle friends.

Miss Beula Warner of Medford returned Wednesday from Ashland where she had been a guest of Miss Susie Homes.

Mrs. George King of Medford spent last Sunday in Ashland at the home of her parents, Mr. and Mrs. R. K. Sutton.

John Donegan is engaged in placer mining on the south fork of Foothills creek on a new property he recently opened up.

Attorney E. B. Dufur spent the last few days at his placer mine on Foothills creek and reports a good run to date since the season opened.

Mrs. J. D. Harris, whose husband died recently, has gone to Athena, Oregon, to reside where she will make her home with her sister, Mrs. Judge De Pect.

All candies 10 per cent cheaper for 30 days at the Boss.

W. E. Phipps, one of the leading attorneys of Ashland, and city attorney for that place, was in Jacksonville Monday on legal business in the circuit court.

W. A. Jones, of Stirling is quite sick with kidney trouble and Tuesday his daughter, Mrs. May Haskins went to Stirling to assist her mother in caring for her father.

Grant Schell, a former resident of Jacksonville, but now of Sisson, where he is foreman of the lumber yard of a big saw mill near that place, left Monday for his home after spending a month with Jacksonville friends.

W. P. Caray, a young man from Medford in the employment of R. D. Maplesden representing the Oregon Nursery Company, was in Jacksonville Monday taking orders, in which he had good success, for fruit trees, ornamental shrubs and bulbs.

John Fitzgibbon will soon begin operations at the Dixie Queen quartz mine on Foothills creek which was formerly a heavy producer, but has been in litigation the past two years. Mr. Moss, of Spokane, has purchased a half interest of Mr. Fitzgibbon.—Gold Hill News.

Phoenix and Talent are the berry and vegetable districts of Jackson county and so profitable has the industry become that Bear creek bottom land in that locality is readily selling at from \$150 to \$250 per acre. A few years ago this same land could have been bought for \$50 an acre.

Mrs. E. Autenrieth left Wednesday for Portland to visit for a while. From thence she goes to San Francisco for a visit, after which she will return to Portland for an indefinite stay.—Roseburg Review. Mrs. Autenrieth was a former resident of Jacksonville and she is a sister of Mrs. Minerva Armstrong.

Ex-State Senator E. B. Dufur of Gold Hill, was in Jacksonville Monday on legal business that he has in the circuit court. In addition to being one of the prominent members of the Jackson county bar. Mr. Dufur is interested in mining and he has a placer on Trail creek that is yielding him handsome returns.

Frank Crump was in Jacksonville Monday to haul out a big stump puller to his ranch on Little Applegate. The machine will be turned by two horses and has a leverage and is built strong enough to pull any ordinary stump. Mr. Crump will use the machine in clearing some fine land he has on his ranch, which he will seed to alfalfa.

Frank Adams has stopped work for the present but as soon as conditions will permit, he will resume his great work on the ditch from the Adams ranch to the California field of J. D. Carr Company. This canal will cover 10,000 acres of splendid alfalfa country. Mr. Adams certainly is one of Klamath County's most energetic citizens.—Klamath Falls Republican.

C. C. Pursel hauled out Saturday the carriage and head blocks for the saw mill that he is erecting on upper Applegate. This is the last of his machinery that he took to the Medford Machine Shops to be put in order after it had been injured by the fire that burned his mill last fall. His planer was not injured by the fire but he has it at the machine shops having it put in order, the boxings being somewhat worn. He will not haul out his planer until he gets the mill running and the roads dry up. He will have the mill running in a month.

On Monday Misses Jennie and Mildred Kitto, who have been spending the winter on Forest creek with their father, W. C. Kitto, who is superintendent of the Oregon Bell mine, will leave for Colorado Springs, Colorado, where they will spend several months with a brother residing there. Their brother, Joseph, who has been on Forest creek will also leave Monday, he going to Grants Pass, to assist his father in installing a quartz mill at the Granite Hill mine near that place.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. For sale by City Drug Store.

Dr. C. R. Ray, manager of the Condor Water & Power Company, that is putting in the big power plant at Gold Ray, was in Jacksonville last Saturday. The doctor stated that work on the power station was progressing very satisfactorily. He now has 35 men at work. The wheel pits are almost completed and soon two 500 horse power turbines will be set in place. Work on the concrete walls of the station building, which are to be one foot thick and 12 feet high is now under way and it is expected to have the building completed, the generators installed and all connected up ready to supply electric current for light and power by the first of April. So soon as the power station is completed it is probable that other enterprises connected with the Company's plans for the utilizing of the great power that they will have at their command from their Gold Ray water power will be started.

Canned fruits at cost at the Boss.

One of the best selections of millinery goods to be seen in Medford is at the store of Maud E. Wilson & Co. in Medford on F street west of the S. P. depot and her prices are satisfactory to customers.

W. M. Swartzfager and his son John Swartzfager, were in Jacksonville over Tuesday night from Steamboat, for a wagon load of supplies bought of local merchants. Mr. Swartzfager and his son have been employed at the Oro Grande mines on the Carbury for some time past he piping on the day shift and the young man on the night shift. The Oro Grande Company, at the head of which is J. A. Whitman and J. D. Heard of Medford, have a large force of men and carry on work night and day, using a carbide gas plant to furnish light at night. As to the richness of this mine Mr. Swartzfager stated that they recently had occasion to move their flume and from two boxes cleaned up a teacup and a half of coarse gold and this after only a short run. The Company has pay dirt enough to work on for 50 years. The Company has only been operating one No. 3 giant but expect soon to install two more No. 3 giants. One was hauled in to the mine last Saturday and the other is at Medford to be hauled over soon. The Oro Grande Company are also opening up another mine lower down the Carbury, which they call the Greenback mine. They have a large acreage of rich ground at this place and they are now preparing to install a No. 3 giant to work it. Their flume which is to carry water for both mines, was built last fall and but 20 inches in width is now being enlarged to four feet in width. All material for these mines has to be carried in on pack animals from Steamboat over a trail of seven miles in length, but such is the quantity of freight that has to be carried in that the Company will enlarge the trail to a wagon road early this spring. Between the Oro Grand and Greenback properties is the mine of the Missouri Mining Company, the principal stockholders of which are Dr. Smith and M. O. Warner, of Eugene. This Company is operating a No. 2 giant and will soon put in a night shift. Their claim is opening up in fine shape and promises to be quite as rich as the other Carbury mines.

**Congratulations.**

Mr. John H. Cullom, Editor of the Garland, Texas, News, has written a letter of congratulation to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an over dose. I congratulate you upon the success of your remedy." For sale by City Drug Store.

**FURNITURE, HARNESS AND FITTINGS**

Shoe repairing and Harness repairing a specialty.
