Earl Peter, who is spending his school vacation at Woodville where he is employed on Wesley Birdseye's farm, spent last Sunday in Jacksonville with his mother, Mrs. Mary Peter. His brother Holman, is at work for Miles Cantrall and Myrl has been working for the Jackson county Lumber Company, but is off duty this week by reason of a hurt foot. The Beavenue brothers, John, Onev and George, have leased for one year the mining land on Upper Forest Creek belonging to Jas. B. Duggan & Son, of San Francisco. There are 360 acres in the tract of which quite an acreage is good placer ground, which has been worked in a small way for several years. The mine has a No. 2 giant with 11 inch piping the water being supplied from Forest creek. As the mine is near the head of the stream piping can only be carried on during the winter and spring. The Beavenue boys have moved a camp outfit to the mine and have been there the past three weeks getting the ditch and flumes in order ready for work so soon as the rainy season sets in. The bank to be worked is 10 feet high and is a broken wash that is readily handled. There is every indication that the gold in the placer ground came from ledges in the hills back of the creek and the Beavenue boys will do some prospecting work this winter in the expectation of finding these ledges, for the working of which they have arranged with the owner of the land should they be fortunate enough to make a rich find.
