They Got the Goose.

Last Saturday Dr. Bowersox and Henry Orth made a hunting trip out on the Applegate, returning the next day.

Among other smaller game that they exhibited to a crowd of their admiring friends that greeted them upon their arrival home they produced a real wild goose that they declared fell prey to their unerring aim among the marshes of the Applegate. Of course nothing was said, but their thrilling recital was doubted and an investigation was started at once by some doubting Thomases which we are told revealed some interesting facts. In the first place it seems that deliveryman Dunford had been noticed placing an eight pound express package by the roadside just beyond the city limits, which had been sent from a point in the Willamette Valley where wild geese are numerous at this season of the year. The boys stoutly maintain that they did shoot the goose, out on the Applegate, and that it was the only one in that section of the country at the time. They also state that they shot twenty shots at it after which it was so full of lead that they succeeded in running it down and capturing it. This statement is borne out by the fact that over fifteen ounces of No. four shot were found in the bottom of the kettle in which the goose was cooked, and by the further fact that the shot found were the same size as that which the boys were shooting. Still remains the unexplained mystery of the express package which happened to arrive just prior to their return. Oh, of course they may have shot the goose.

Social Dance Tonight.

There will be a social dance at Orth's hall this (Friday) evening to which all are cordially invited. Music will be furnished by Miller's dance orchestra, of Medford and a most enjoyable evening is promised those who attend.

O. R. & N. Summer Book.

The handsome 1904 summer book, "Restful Recreation-Resorts," issued by the Passenger Department of the Oregon Railroad & Navigation Company, is just out. Tells all about the summering places of the Columbia River Valley; a brief description of the trips up and down the Columbia River, to the mountains, beaches, inland resorts and fountains of healing, where they are and how to reach them. The book has a special designed front cover, printed in two colors, and the inside pages are splendidly illustrated by costly and beautiful half tones. A copy of this publication may be obtained by sending two cents in stamps to A. L. Craig, General Passenger Agent of the Oregon Railroad & Navigation Company; Portland.

Society's New Game.

"Trail" has taken society by storm. It is something new, something different. "Trail" as the name implies, is founded on a popular hunting sport, is played with fifty-three fine cards in four colors, representing a fox to be chased and caught, and four packs of hounds of thirteen each. "Trail" has constantly recurring interest for players as they perfect their playing from evening to evening, in marked contrast to certain recent boisterous games that bore the players at the end of an hour.

With the one pack six other splendid, new, copyright games can be played. Two Educational games, and two games of Fun, making it suitable for all members of a family.

"Trail" can be had of dealers or sent post-paid, 75c. gilt edge, plain 50c. Rules for seven games free.

Lewis and Clark Centennial.

International scope is assured to the Lewis and Clark Centennial Exposition to be held at Portland, Oregon, from June 1st to October 15, 1905, by President Roosevelt's approval of the act of Congress making an appropriation for the Exposition, and his invitation to foreign countries to participate Portland's Exposition will represent a total outlay of over \$5,000,000. Though covering 405 acres of land and natural lake, it will be compact in form, and the average person will be able to see and comprehend it all in a few days at moderate cost. The cream of the foreign and domestic exhibits to be made at St. Louis this year will be transferred to Portland at the close of the Louisiana Purchase Exposition. The United States exhibit will be moved entire to Portland and installed in building to be specially erected. This exhibit will be worth \$800,000. In addition Portland will have many features which will not be seen at St. Louis, such as exhibit demonstrating the life, customs and industries of China, Japan, Hawaii, Siberia, Russia, Alaska, Australia, New Zealand, the Philippines and India.

The Lewis and Clark Centennial will be the first international exposition under Government patronage ever held on the Pacific Coast. It will be in every way a Western exposition. The railroads will make low rates from Missouri and Mississippi river points to Portland, and exceptionally low rates will be in effect between Portland and the Rocky Mountain region.
