First class sugar pine shakes in any quantity at Nunan-Taylor Company.

Wm. Puhl's little girl was quite seriously ill last Friday with tonsillitis but is now improving.

D. Boffa has sold his residence property in west Medford to F. W. Gains, of Washington for \$600.00 who will take possession at once. The deal was made through the Bellinger Real Estate Agency.

The capital stock of the First National Bank of Ashland has been increased from \$25,000 to \$50,000 owing to a wonderful increase in the business of the bank during the year. Surely Ashland is growing at a wonderful rate.

The regular session of the town board was held last week and the usual routine business transacted. Action in the Condor Power & Water Co's petition for the privilege of setting poles, and stringing electric wires in the city limits was deferred.

An effort is being made in Ashland, by the amendment of the city charter, to rid the town of "blind pigs" and thus make of it a really dry town, which, from the literature that was circulated throughout the county about election time regarding conditions there, we supposed it to have been for many many years.

Timber wolves have been coming down out of the mountains recently and preying upon the Barron sheep on Hiatt Prairie. One was killed not long ago that measured almost six feet from tip to tip. Deer are the greatest sufferers from the depredations of these hungry brutes and in localities they are becoming quite numerous.

Jno. Marsh is now at work fitting up the Masonic building just vacated by Mr. Conklin, for Mr. Furness who is going to put in a fine line of gents furnishings. There will be a new show window or two put in and the building otherwise fitted up and improved to comply with the needs of the new occupant.

C. B. Hansen, who has been one of the right hand men at the Greenback mine for some time, and who is said to be one of the best mining men in Southern Oregon, arrived here last week with his wife and little boy, and has accepted a position at the Opp mine where he will look after the concentrators and cyanide plant for the new company.

Frank Hull, the Art Studio man and landscape artist, of Medford, was in town Wednesday and made this office a pleasant call. Mr. Hull has but recently returned from trips to Crater Lake and other scenic localities of Southern Oregon and has a collection of Oregon views that is second to none in this section of the state.

Cackling geese are said to have once saved Rome and a bald head was the means of saving the life of a man recently who was lying upon a railroad bridge near Northport, Wash. in a drunken stupor. The glisten of the light from the engine upon the bald pate caused the engineer to stop the train and remove the unconscious man. Bald heads are sometimes most useful.

Chas. Decker the well-known merchant and hotel keeper of Waldo, died on Monday at the hospital in Portland, where he had been taken to be treated, by experts, for Brights Disease. Mr. Decker was one of the oldest residents of this county, and in addition to his other interests, was engaged in mine development in the Waldo district. The body was brought back home for interment.—Oregon Mining Journal.

Purchased Rogue River Falls.

We learn that the Condor Water & Power Co., have bought the big Rogue River falls up the river, of Mr. Salstrom, for \$10,500. Good for Ray, he deserves much credit for his enterprise. While the rest are doing so much talking, Dr. Ray is sawing wood and spending his money. Give credit where it is due and push.—Gold Hill News.

The Salstrom right includes what is known as Rogue River Falls, which is a mad cataract of Rogue River, in which the stream makes a drop of 250 feet in 700. It also includes Mill Falls, the falls of Mill Creek over Rogue River Canyon, the water having a sheer drop of 186 feet.

Just what Mr. Ray will do with the power right thus derived is not yet known, but the fact of his already having expended some \$200,000 in the Condor enterprise at Gold Ray indicates that he has faith in the ultimate value of water power in Southern Oregon. At present the Salstrom right is somewhat removed from the better settled portions of Southern Oregon, but it is located directly on the main traveled road over the Cascades to Crater Lake Park and the Klamath country, and would be likewise directly on the most feasible route for an electric line, in the event of such an enterprise coming to pass, which it undoubtedly will within the next few years with the development of the country, and the increase of travel to Crater Lake Park, and Klamath.

Things Worn By Men.

Furness, the Gents Furnisher, expects to get into his rooms in the Masonic block in the next few days and will open up at once with a beautiful line of ties suspenders and other articles that are indispensable to gentlemen. The line will be a nice one from which to select suitable Christmas gifts for gentlemen. A little later he will have in stock a complete line of Gent's Furnishing Goods of the best values and the latest styles. His stock has been ordered and embraces the very best and most up-to-date. Don't neglect to see him as he will be able to please you. If he hasn't it, he'll get it for you.

Moved Into New Quarters.

The first of the week C. W. Conklin finished moving into his new quarters in the Orth brick which has been papered, painted and otherwise, repaired until it is now as fine a room as there is in the town. A new double door has been cut between the two large rooms, the show windows put in first class condition and new gas lights installed, which makes it an ideal building for the large and increasing furniture and undertaking business of Mr. Conklin's, a business which he has built up steadily since coming here.

GRIP QUICKLY KNOCKED OUT.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These Tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by City Drug Store.

Society's New Game.

"Trail" has taken society by storm. It is something new, something different. "Trail" as the name implies, is founded on a popular hunting sport, is played with fifty-three fine cards in four colors, representing a fox to be chased and caught, and four packs of hounds of thirteen each.

"Trail" has constantly recurring interest for players as they perfect their playing from evening to evening, in marked contrast to certain recent boistrous games that bore the players at the end of an hour.

With the one pack six other splendid, new, copyright games can be played. Two Educational games, and two games of Fun, making it suitable for all members of a family.

"Trail" can be had of dealers or sent post-paid, 75c. gilt edge, plain 50c. Rules for seven games free.
