Vol. 2

Jacksonville, Jackson County, Oregon, Friday, January 13, 1905.

No. 35

## BAND NOW ASSURED

**A Band Organization Almost Perfect-  
ed in Jacksonville by the Lovers  
of Music—Membership Reaches  
26 During the First Ten Days.**

### PROSPECT IS VERY ENCOURAGING

It now looks very much as though our town is going to have a brand new cornet band and a good one. Several band enthusiasts here have been corresponding with Prof. Wright, of Ashland, for some time, with a view of securing his services as instructor, and last week a good meeting was held at which he was present and stated his terms, which seemed reasonable indeed, and at which a band organization was decided upon which will probably be known as the Jacksonville Cornet Band. There was a good attendance and a membership of 20 was secured which has since been increased to 26 all enthusiastic and hustling boys and men who mean business.

A meeting was also held Monday evening and the organization made permanent with Lee W. Henry, President; Lewis Ulrich, Secretary; and M. M. Taylor Treasurer. Several committees reported and were retained. A new committee was appointed to make arrangements for a St. Valentine's dance about Febr. 10.

The committee on finance reported quite favorably having secured, with the \$50 subscribed Saturday evening by the town board something over \$100.00 with a good prospect of more. This amount, added to the amount to be raised by the band by membership fees and entertainments, will probably be enough to make a success of the undertaking and secure for our town a splendid band almost entirely of home boys who will be apt to remain here for years to come making the band more permanent than is the case in many instances.

Don't get off on the wrong foot and "knock," for all the world despises a "knocker," and he even gets so he hates himself, besides the enterprise is worthy of your support and will prove of inestimable benefit to our town in the next few years. "Get into the band wagon."

### Did it Ever Occur to You?

We have no objections to a man stopping his subscription to his paper if he don't want it. That's his privilege. But when that man has taken the paper from the postoffice every week, and reads it too, for a year, and he steps in and loftily informs the publisher that he never ordered it and "won't pay a darned cent," we consider him so small that his measly little soul wouldn't rattle in the shell of a mustard seed.—Tillmook Herald.

Jackson county has a few such, but we won't mention names because of our sympathy with their respective families.—Ashland Tribune.

### IMPERFECT DIGESTION

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by City Drug Store.

## Death of P. Condit.

Mr. Phillip Condit, of Seaside, who has been here all summer living in a tent in the southwest part of town died Thursday afternoon at 3:00 o'clock of consumption. Deceased was a resident of Seaside and Astoria and came here for his health, and although he was benefited by the change, he finally succumbed to the dread disease for which there seemed no help. The body was shipped to his old home Friday by his wife who went also. Funeral services are to be held there and the remains interred in the Seaside cemetery.

### CURED LUMBAGO.

A. B. Canman, Chicago, writes March 4, 1903. "Having been troubled with Lumbago, at different times and tried one physician after another, then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of sufferers." Sold by City Drug Store.

### Lumber at Low Prices.

Jackson County Lumber Company, having cut out their timber and prepared to move their mill have a large quantity of good building material in their yard that they will sell at bottom prices. Farmers will find this a good opportunity to purchase lumber at their own price.

### Correspondents Wanted.

The Sentinel desires to give its subscribers the news from all parts of the county hence we want a good, live, correspondent at all the leading postoffices in the county where there is no paper published. Send in the news and you will be treated right.

## LIGHTS AND POWER

**Town Council Pass Ordinance No. 111 Granting Franchise to The Condor Power & Water Co. for a Period of Fifty Years.**

### ELECTRIC LIGHTS NOW ASSURED

At an adjourned meeting of the town Council held at the hall last Saturday evening ordinance No. 111, as published on page three of this paper, was passed, which grants to A. E. Reames, on behalf of the Condor Power and Water Company, a franchise to erect poles, string wires and sell electric lights and power within the corporate limits of the town for a period of fifty years, if certain conditions are not violated. At the same time an agreement was made for Mr. Reames to furnish 30 lights of 32 candle power each to the city for the purpose of lighting the streets. The lights are to be put in place by Mr. Reames and the town agrees to pay 7½ cents per kilowatt for the current used. No contract was entered into for lighting but the above agreement was made. The location of the various street lights have been decided upon and arrangements made to put in the poles and wires just as soon as possible. Jacksonville will have electric lights within a very few weeks and there is general rejoicing over the prospect. No arrangement was made for arc lights such as are used for street lighting in larger cities, but our people will be more than pleased with the new lights which will be a great improvement over anything we have ever had and at prices, too that are very reasonable indeed.

Sweet cider for mince meat at Learned's.

## Jack True Appointed.

There is going to be "something doing" from now on in road building in Jackson county or we are mistaken. There has been some mighty good work done already but it is only the beginning of better roads for this county. The county has been divided into nine road districts and Jack True elected as county Road Commissioner at a salary of \$1000 a year. This action was taken by the County Commissioners at their recent meeting here, and their action will no doubt meet with hearty approval of the taxpayers and good road advocates all over the county. The new system is a great improvement over the old one and the man appointed is just the proper man for the position hence we look for great things in road building in our county.

### Local Briefs

Wm. Bybee is reported quite ill at his home north of town.

Mr. and Mrs. Jno. F. White of Medford were county seat visitors last Friday.

Peter Boschey, who has been having a severe tussle with pneumonia is much improved.

Orris Craford and family were visited the first of the week by his parents who reside at Gold Hill.

Mrs. Hugh Elliott and daughter Mable, of Portland, who have been visiting friends here for several weeks, expect to leave today for their home.

There was born to the wife of Frank Obenchain on Jan. 7th, a ten pound boy. She is spending the winter here with her parents Mr. and Mrs. Henry Wendt.

Nunan—Taylor Company have a new invoice of trunks, grips, valises and telescopes and persons fitting out for a journey will find it profitable to buy of this firm.

Francis Heney was Monday afternoon appointed United States District Attorney for the District of Oregon by Judge Bellinger. This was done with the sanction and approval of President Roosevelt, and to remove an objection that might be made to indictments which the Federal Grand Jury will return at various times during the session, which started Tuesday. Mr. Heney heretofore has merely been assistant United States District Attorney, although really in control of the land-frauds investigation and prosecution in this state. It was feared that a question, a technical one, it is true, might be raised as to the legality of his appearance before the grand jury, hence the appointment.

REV. CARLISLE P. B. MARTIN,  
L. L. D.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by City Drug Store.

Hawk, the harness and shoe man, now has his shop in the Learned building opposite the U. S. hotel. Good work at reasonable prices.

## ANNOUNCEMENT

In accordance with time-honored custom of the big city stores we are offering bargains in the various lines which we carry preparatory to making our spring purchase of Dry and Fancy Goods, Gents Furnishings, Clothing, Etc. Etc. We shall be most pleased to show you our several lines and assure you that there will be some articles interesting to you and really good value for the money we ask for them.
