CLIPPING TERMS.

The Sentinel and the Weekly Oregonian will be sent to one address for \$2 a year. The Sentinel gives the Jackson county news and the Oregonian gives the state, national and world news, thus a reader is able to cover the entire news field at about the price of but one paper.

TRIAL SUBSCRIPTIONS.—The Jacksonville Sentinel will be sent to any address, at any postoffice in the United States, for four weeks for 10 cents. All subscriptions, regular or trial, will be promptly stopped at the date of expiration, unless a renewal is received.

FRIDAY, FEBRUARY 3, 1905.

"Happy New Year" in Chinatown.

The Jacksonville Sentinel is, without a doubt, "the biggest paper of its size" in Oregon and cheap at \$1.50 a year, which is all we are asking for it. However, we are anxious to see several hundred of our delinquent subscribers who have neglected to call on us and pay their subscription when it became due. If you haven't time to call just send it.

Don't sit around the streets wearing out the seat of your pants polishing the tops of dry goods boxes and benches and saying mean, contemptible things about people who are trying to do something for themselves and the town. We are not referring to any ladies, understand, but to several old skinflints who should go 'way back and take rat poison for the benefit of humanity. Their names may appear later and—this is no joke.

Representative Von der Hellen, of Jackson, Co. is depicted by Harry Murphy, the Oregonian cartoonist, as being opposed to Salem water and the artist at the same time makes a drawing of a glass of that liquid containing a microb of generous size. Representative Von der Hellen has been too long familiar with the pure water gushing from the mountain sides of Jackson county to take kindly to anything like the water of the Willamette as a beverage.—Medford Mail.

The Ashland Tribune announces in its last issue that upon Febr. 15th it will drop from its list all who are delinquent for twelve months or more. This is a step in the right direction and should be done by all local papers that haven't already done so. There are too many subscribers to local papers who allow the paper to be sent them for several years or at least months and then "refuse" it declaring they never subscribed for it. In such cases a newspaper man can whistle for his pay or sue and most of them do the former. Subscribers should be required to pay in advance.

In another column of this paper is an article giving an account of the recent indictment returned against Miller, Kincart, Nickell and Hogue, by the Federal grand jury that has been in session at Portland during the winter. It is thru no unfriendliness toward any of these men that we publish this news item but simply as a matter of news. The only man of this number with whom we are acquainted is Charles Nickell, editor of the Southern Oregonian and the Jacksonville Times, and we sincerely hope that he is not guilty, not alone on his account but on account of innocent ones who always suffer along with the guilty.

THE SUNDAY JOURNAL

MONEY FOR BOYS

Boys—at least one in every town, large or small, in the Oregon country—can earn money, and earn it easily, selling THE DAILY and SUNDAY JOURNAL. No money is required to make the start, and only the ability to hustle is needed. To any boy who will try the plan we will send 10 copies of THE SUNDAY JOURNAL, to be sold at 5 cents each. After that all papers that are required will be delivered to him by mail or express at wholesale prices, and he becomes a "full fledged newspaper dealer." You can start any time, and if successful handling THE SUNDAY JOURNAL, then orders can be sent in for THE DAILY JOURNAL.

THE SUNDAY JOURNAL contains ALL THE NEWS, and many special features of interest to men and women, and, besides, has all the children's comic pages carried by the big Sunday papers of the east.

JOURNAL boys are making as much as \$5 to \$6 a week in small towns in the Northwest. Don't you want to try it?

\$25 IN CASH

as extra prizes, will be divided monthly, in addition to the regular profits, among those JOURNAL boys who do the best work—who increase their orders the largest percentage. In this way the boys in the smaller places will have as much chance to earn this extra money as those in the larger towns. Get in THE JOURNAL procession: THE JOURNAL is a winner!

Address, THE JOURNAL, Portland, Or.
