Bobby's Essay on Editors.

editors is men which aint got anny snap job i guess, my uncle is a editor and they have thare funiture to pay for but he is a editor of a little paper on the big papers thay pay for there funiture befoar they git it. They are 3 kinds of editors:

1. boss editors.
2. other editors.
3. spoarting editors.

i would like to be the spoarting editor beekaus he gits into all the fights and ball gaims free and the other editors pay when thay go but thay aint got no time. The boss editor is the best job for munny.

editors is pretty hard to lick they doant git licked much. Once my pa tried to lick a editor but got licked hisself and came home with a eye all black and ma said It serves yu rite trying to talk away the freedom of the Press—Milwaukee Sentinel.

WHATEVER HAPPENED IS HERE

First Ball Game.

There will be a red hot ball game here next Sunday afternoon between Medford and Jacksonville which will no doubt attract quite a crowd to the ball park. The game will be called at 2:30 o'clock and 25 cents will admit anyone to the game and the grand stand. Below is the lineup of the home team as they will enter the game. Lester C. E. Donegan p, Orth 1st base, D. Donegan 2nd base, P. Donegan short stop, Ulrich 3rd base, Barlow left field, Church Wilcox right field, R. Dow center field and Harry Thrasher substitute.

Defendants Pool Interests.

Realizing that only the most determined effort on their part will avail against the aggressive attitude of the government, those who have been indicted by the Federal grand jury as a result of the investigation into the Oregon land frauds are taking steps toward the formation of a combination to fight the charges in the United States Court. This combination is akin to pooling of interests.

Most of the men named in the indictments are men past the prime of life, and in full possession of developed faculties. Several of them are attorneys. Hence the fight will be the hardest that

has been fought in a court of the United States in many a year. The pool of interests, it is claimed, is considered as the best means of bringing a concerted effort to bear against the Governmental prosecution.

A Narrow Escape.

"Pat" Stidham, of Central Point, lineman for the Condor Water & Power Co., had a narrow escape from death Tuesday afternoon. He was at work on a pole in the ally between C and D streets, when in some way he came in contact with a live wire and was thrown to the ground, a distance of about twenty feet. His helper turned just in time to see him plunge head foremost from the pole. The wire carried 2300 volts and the helper says a stream of fire followed Stidham for several feet. He struck upon the side of his head and shoulder, and was badly cut and bruised about the face and head. Fortunately no bones were broken, although his hands were badly burned. It is likely that in descending the pole he lost his footing and threw his hands on to the wire to sustain his balance. When the shock came it had the effect of tearing his hands from the wire, and thus saving him from electrocution and allowing him to fall. He was carried to the Palace lodging house, where he is being cared for by Dr. Hargrave.—Medford Mail.
