Mergers Law of Oregon.—Section 2882 of the laws of Oregon provides that whenever any person controlling a newspaper shall mail such newspaper to any person in this State without first procuring an order therefor, such newspaper shall be deemed to be a gift, and no debt or obligation shall accrue against such person, whether said newspaper is received by the person to whom it is sent or not.

SATURDAY FEBRUARY 15, 1908.

W. C. Hawley has filed his petition with Secretary of State Benson for nomination to succeed himself as Congressman in the First Congressional District.

The Washington Post, by no means an anti-Taft newspaper, says emphatically that the Taft boom is on the wane. It declares the field will be against Taft, and that on the fourth ballot the field will combine and nominate Governor Charles P. Hughes, of New York, for President.

Determined to possess the world's most powerful aerial fleet, the Kaiser has ordered two new airships of 10,000 cubic meters capacity each, in addition to the two Zeppelin sky cruisers, respectively of 12,000 and 16,000 meters, and the Parsival craft already in course of construction.

Judge George H. Burnett of Salem is now receiving the consideration of the Oregon delegation as a possible United States district attorney to succeed W. C. Bristol, and the indications are that he will receive the united support of the delegation for the appointment.

Both Fulton and Bourne seemed to be surprised when advised that Heney and U'Ren were urging Judge Bennett for appointment as district attorney. "I don't know anything about it," said Fulton. "I had presumed the matter was settled finally." "I never heard of it before," said Bourne. "If they are running it out there I have nothing more to say."

The irrigation segregation in the vicinity of Rosland in southern Crook county, is preventing settlement through the hold it has on a large tract on the upper Deschutes River. These lands are sub-irrigated and would make fine farms without surface irrigation, although they would doubtless do better with it. But the difficulties of obtaining the needed capital to improve lands so far from transportation are so great that no progress is apparent, thus far.

In view of the fact that we are half way through the session of congress without any legislation to straighten out the financial situation, and are apparently getting along pretty nicely, it is amusing to look back at the time when a lot of people were urging an immediate special session of the national legislature as the only possible thing that could keep the country from going to the demerit bow-wows in double quick time.

Seventy-nine organizations are now included in the Oregon Development League, the latest being the Oak Grove Improvement Association, and all the active ones are working to secure new people. The \$30 rate for Winnipeg, St. Paul, Kansas City and all the Middle West is good on all railroads from March 1st to April 30th, with proportionate rate from every station in the United States and Canada. Every letter that goes out of Oregon ought to make mention of this, and the fact that the low fare applies to Ashland, Salem, Baker City, Astoria or any other point in Oregon just as it does to Portland, but people must ask for tickets to the point desired when they buy them.
