THURSDAY APRIL 2, 1908

While the Direct Primary is undoubtedly with us to stay, it is quite probable that the Statement No. 1 will be eliminated. To those who believe in Republican principles there would be no distinction in voting for a Democrat who subscribed to Statement No. 1, when it is known that each would be compelled to vote the same.

The American flag is to be a familiar sight on the Forest Reserve. It is to be used to mark the headquarters of every forest officer. A new rule is to be issued from the department of forestry at Washington to the effect that every forest officer shall hoist the flag over his headquarters in all the reserves and national parks.

Lakeview isn't going to take any chances of having the county seat moved and the County Court will have work commenced at once on a \$35,000 brick court house. With the establishment of this permanent public building it is unlikely that the voters will feel favorable to abandoning it and expending a similar amount at Paisley. So it looks as if the agitation for the removal of the county seat was given a severe blow.

Klamath County is further indebted to Senator Fulton for getting the Senate to pass a resolution directing the Secretary of War to make a survey and estimate for the improvement of Wood River. When this estimate is made it is to be reported to Congress, and undoubtedly, with his recognized influence, Senator Fulton will be able to have an appropriation passed for the work. This improvement would mean much towards the early development of Northern Klamath and every loyal citizen of the county should tender his support to Fulton in recognition of his efforts to benefit this section.

It is surprising to the close observer to note the growing sentiment in favor of Governor Hughes for President. In face of the colored reports being sent out by that growing menace to mental liberty, the government press bureau, it is still evident that the American people are a thinking people, and resent any attempt to influence their choice, even by one holding such an important position as the President of the United States. It is doubtful if Taft could carry Ohio, New York, and Illinois and the loss of a few such States would mean his defeat and the election of Bryan.

It is amusing to note the difference in the reports in the Portland papers regarding the reception given H. M. Calk in his tour of the state. One paper will report a most enthusiastic meeting with a packed house, while another paper will say it was a frost with only about 100 people present. Anyone acquainted with Calk's lack of imagination and his ability as a public speaker undoubtedly will have their own private opinion of his reception. With Fulton it is different. He would command attention anywhere and on any subject he might discuss. Klamath people know Fulton and have heard him talk on many occasions.

MILLS ADDITION LOTS
are Advancing in Value

When blocks in Mills Addition were offered at bargain prices a number of shrewd investors bought; since that time values have increased materially.

These Lots are Bargain Buys at present prices, and there is every reason to anticipate an advance in prices. Remember these lots are **FIFTY** feet in width and **ONE HUNDRED AND TWENTY FEET** deep—more than double the area of most town lots offered to investors.
