

## OUT AFTER THE VOTERS

### Country Vote will Not Be Very Large

## CANDIDATES HUSTLE

### Voters in Linkville Precinct Should Turn Out Early To Avoid The Rush

On the eve of the primary election candidates are still working hard, and their seems to be no resting on the thorns seat. None is absolutely confident of success and the hustle for votes continues. The voting begins at 12 M. and closes at 7 P. M. This time hardly long enough for the large number that must vote in Linkville precinct and those who can get around early in the afternoon should do so as there may be a rush towards evening. There are 732 registered voters in Linkville precinct this year and it is safe to say that out of this number full 700 will vote at the primaries. The candidates will see that every registered and unregistered voter goes to the poles. Those neglected to register can have their names sworn in by going through the usual form. It will take the entire afternoon to poll the votes in this precinct and hence the necessity that those who can should come as early as possible.

Throughout the county where the number of voters is not so large there will be no occasion to rush matters. Candidates who have made a thorough canvass of the county say that many of the voters are quite different about attending the primaries, and that many of those who are registered will not go to the poles. There is also probably one hundred voters in the county who failed to register and have no particular choice in the selection of party nominees. If the weather continues stormy so that the roads cannot work in the fields the

vote will probably be larger than has been estimated.

Many of the candidates have arranged to have parties in every precinct to see that voters turn out and this may also have a decided bearing upon the number of the votes that will be cast. The most active work that will be done tomorrow will be in this city and the candidates are nearly all gathered for the final struggle.

The voters of this county are well acquainted with William A. Carter, of Gold Hill, who is a candidate for Railroad Commissioner. He visited this section a year ago while Grand Master of the Odd Fellows. A vote for Mr. Carter, at the primary election, is a vote in recognition of the small shippers and the business man who would be represented before the railroad commission.

## Returns From The Stage

Arrangements have been made whereby the election returns will be read from the stage tomorrow night during the performance of *Oliver Twist*. As rapidly as the counts are made they will be phoned to the theatre and read from the stage by Mr. Mong. This will give those who attend the performance an opportunity to get the returns without having to go to the polls. The seats for the performance are going fast.

## A Legal Question

There is a question whether saloons can remain open tomorrow until noon when the voting begins. The law says that they shall be closed on election day, and whether this means while the polls are open or during the entire day is a legal question. Saloons, in the past, have always opened immediately upon the closing of the polls, but when the polls do not open until noon, as is the case tomorrow, it is a question if the law is broad enough to allow them to run until noon.

Work on the Hurn block will begin about the first of the month. R. E. Wattenburg, who has the contract, is making the arrangements to rush the building to completion.

## WILL BUILD BATH HOUSE

### Seehorn Gets a Franchise From The Hot Springs Improvement Company

W. E. Seehorn has practically made arrangements with the Hot Springs Improvement Co. whereby he gets a franchise for a bath house at the springs for an indefinite period. The company cannot give a lease for any specific time as it might interfere with the erection of the large hotel that will be built in the near future. Nevertheless, Mr. Seehorn feels that he will be justified in expending about \$2000 in putting up a modern bath house equipped with plunge and private baths. His plans call for a pool 30x60 feet, for steam and mud baths. He expects to begin work on the pool just as soon as he can get cement and other necessary building material. It is known that the water of this spring possesses excellent curative qualities, and the time is not far distant when one of the largest sanitariums on the coast will be in Klamath Falls. The baths to be put in by Mr. Seehorn will have a tendency to demonstrate the value of the springs from a medical standpoint.

The committee of the Chamber of Commerce that is getting out the advertising envelope is meeting with better success than had been anticipated. No systematic canvass has yet been made but already more than ten thousand envelopes have been ordered by the business men of the city. The committee thinks that perhaps 50,000 of them will be placed when the thorough canvass is made.

Mrs. D. W. Ryan came down from Fort Klamath last night and left this morning for Orange, Cal., where she was called by the serious illness of her father. She was accompanied to this city by Oscar Bunch.

Chas. Pattee and J. T. Bradley have purchased the old Schallcock property in Bonanza and will at once begin the erection of a two story brick and stone building on the same.

## HELD TO THE GRAND JURY

### Ragan and Wife Must Furnish Bond in The Sum of One- thousand Dollars Each

Postoffice Inspectors O. C. Riches and R. J. Stockmeyer have returned from Royston and Merrill where they were on business connected with the United States mail robbery at the former place. Burt Ragan and wife were taken to Merrill and were arraigned before commissioner Martin. They waived examination and were held to the grand jury in the sum of \$1000 each. The mother of Mrs. Ragan, Mrs. Bowers, of Lakeview, came to Merrill to arrange for the bail and as soon as it is furnished the parties will be turned loose until they are summoned before the grand jury.

In discussing the situation Inspector Stockmeyer stated that it was a very strong case as the evidence is convicting. It was brought out that Mrs. Ragan is the one who had charge of the office and whatever Ragan himself did was merely to assist her. However, the inspectors consider them both implicated in the affair and they were both taken before the commissioner.

## News From Dairy

J. B. Mason and son, Mr. Slough and a Mr. Seymore were in Dairy Wednesday with object of locating Mr. Seymore in this valley.

E. W. Gowen made a farewell call on the voters of Dairy Wednesday.

J. K. Howard gave an interesting lecture on local option at the school house Thursday night and Friday night at Hillsidevande.

A new girl arrived at the home of J. R. Welch Thursday morning.

Bert Withrow, C. K. Brandenberg and B. E. Grigby were calling in Dairy Friday for the last time before the primary.

C. R. DeLap brought the election supplies to Dairy Saturday and incidentally did a little campaign work for himself.

W. B. Barnes, B. St. Geo. Bishop, and L. Alva Lewis were in Dairy Monday looking after their political interests. Only a few more days to wait.

Early Arant and family were visiting at the home of G. G. Anderson Sunday.

W. L. Welch, Ludwig Stenzel and W. F. Sedge went fishing recently. They caught a mess of very fine trout. Ludwig is a good fisherman.

Frank McCumber is very sick with what appears to be a severe case of grip.

C. W. Sherman returned from Boise, Idaho, this morning looking hale and hearty.

W. L. Welch came home from his fishing trip suffering from a complication of tooth ache, neuralgia and something like grip. He didn't get his feet wet but we think he ate too many fish.

F. H. Gray will put five or six teams plowing on the Lee ranch about Friday.

## Resolutions of Condolence

Resolutions of sympathy and respect adopted by Linkville Camp 2909, Royal Neighbors of America, Klamath Falls, Oregon, in memory of Louis Wampler, who passed away April 10, 1908:

Whereas, The angel of death has entered our Camp for the first time and removed from our midst our esteemed and loved Neighbor, Past Oracle, Louis Wampler, which casts a shadow over the home of our loved ones, therefore be it

Resolved, That by her untimely death this Camp has lost a true officer and Neighbor, the family a devoted wife and loving mother. We, as a Camp, extend our heartfelt sympathy to the grief-stricken husband and children in their

time of sorrow, and while they mourn the loss of their loved one, we mourn the loss of our beloved Neighbor, and our earnest prayer goes up to our Heavenly Father, who does all things well and whose gentle guiding hand we pray will always remain with the motherless children, guiding them safely through the long journey of life.

Resolved, That our charter be draped in mourning for a period of thirty days; that a copy of these resolutions be sent to the bereaved family, to the local paper for publication, and a copy be spread on the records of our Camp.

A precious one from us is gone,  
A voice we loved is stilled;  
A place is vacant in the home,  
Which never can be filled.

MINNIE J. BONNEY,  
MINNIE JAMISON,  
EDITH HANSBERRY.

M. E. Hutchinson has returned from the Lava Beds where he has been doing surveying for the past two weeks for Guy Merrill. He has been running the lines for the installation of a pumping plant which will pump water from a cave. If the plant can be installed and successfully operated it will prove a great convenience in ranging stock in that section.

Al Kubes was the lucky man who got a five acre tract to go with his lot in Mt. Hebron. W. S. Worden who has the sale of the townsite, is doing a big business. He has already sold out two blocks and has two others pretty well sold. Al Kubes bought lot 1 in block 44 and was the first man to purchase a lot in that block.

## A Live Man for Superintendent

The people of Klamath county should select the County School Superintendent with care. The rapid development of the county demands a live man at the head of the schools—one who is an organizer and one who is not afraid of work. Good schools will do more than any other one thing to promote the county's welfare and to advertise it.

Prof. Swan, by his organization of the county High school, and by his work for its development, has demonstrated to the people of the county that he is such a man. A patron of the high school recently remarked, "I think the county high school is the best conducted school I have ever seen my child run to." President Campbell of the University of Oregon and State Superintendent Ackerman have often stated that they consider this one of the best schools in the state. Dr. Sheldon, head of the department of education of the University of Oregon says, "Prof. Swan is, in my opinion, one of the ablest and most efficient high school men in the state and could always be depended on to do satisfactory work, both in the way of organizing a school effectively and in his own teaching."

"By their fruits ye shall know them." We should select the man for this office who has shown himself the most able and energetic.

## WHOM WILL THEY SELECT

### A Secret Federation Meeting To-night

## NO SLATE DRAWN

### Candidates for all City Offices Will be Selected by The Organization

This evening the Civic Federation will meet for the purpose of selecting candidates for all of the city offices. As was announced several days ago the meeting will not be open to the public, but will be for Federation members only. Any citizen of Klamath Falls may become a member before the nominations are made by sending in his name when the meeting opens.

President White, of the Federation, stated this evening, when seen by a Herald representative, that in so far as he knew no selections had been made for any of the officials. He stated that he and other members had discussed candidates for the various positions, but no slate has been arranged for the meeting tonight. He says the one object of the Federation will be to see that good law-abiding men are selected for Mayor and Councilmen. He says a number of men that would be acceptable to their organization have been mentioned in connection with the Mayoralty, but most of these men when approached with the proposition have declined to enter the contest for the honor. Mr. White says that he will not be a candidate as his time is occupied so that he cannot look after the city's business in a manner that he would consider doing justice to the municipal affairs. Frank Ward has been mentioned in connection with the Mayoralty, and it is very probable that the Federation will tender him the nomination.

President White was not speaking for the Civic Federation, but for himself when he said that F. T. Sanderson would make a very acceptable candidate for councilman in the Third Ward, and P. L. Fountain in the Second.

The Federation will likely nominate T. F. Nicholas for Police Judge. He is not a member of the organization, but he is recognized as a most competent and conscientious man and as the president of the Federation says it is their object to select good men and they will likely recommend Mr. Nicholas for that office.

The show tomorrow will be a treat.

## A "Lick" and a "Promise"

That's the trouble with many makes of clothing now a days, they get a "lick and a promise" in place of the good old fashioned conscientious workmanship of journeyman tailors. It's different with Continental clothing.

They make the clothes to fit you-- don't expect you to fit the clothes, and while they are making them, they make them "right"

"If the clothes don't fit, don't take them." It will be worth your while to investigate.
