

Get the Essence of Satisfaction

By Dealing with a Strictly Reliable House

When it's Jewelry, Watch Repairing, Optical Work or kindred lines you want, come to the Leading Establishment in those particular lines, where you get your money back if you are not satisfied. Our reputation is pretty good, too, as the old saying serves as proof, "Imitation is the Sincerest Flattery," so it don't make me mad to have others copy the simple and upright business methods I am using.

Wherefore in Art.
A westerner who has been studying art conditions in New York asked a dealer why so many people who buy copies of paintings choose reproductions of the pictures in the Metropolitan Museum of Art and other local galleries in preference to the masterpieces in European collections.
"They do that," said the dealer, "because they know what the Metropolitan paintings themselves look like. That influences them in selecting copies. Reproductions alone seldom mean much to the average uncultivated buyer, but if he has seen the painting he keeps in mind its coloring, its atmosphere and general story and buys a copy on the strength of that impression."—New York Globe.

The Service

you obtain from your clothing is two-fold. There is style service and the service defined by the durability of the garments. The one is a matter of taste and the other a matter of quality.

The patrons of this store have learned that we safeguard them on both kinds of service, and in addition to this we endeavor to give them at all times the very best personal service possible. Your good will and patronage are our existence, and we shall endeavor to merit them—now and always.

The moment we have a dissatisfied customer we expect to close our store, unless it is a man who thinks so little of his money that will purchase something that does not please him and neglect to tell us about it. If you buy anything in this store and it disappoints you in any way, shape or manner, come and tell us about it; we are here to make it right.
