Telegraph And Depot For Mt. Hebron

CARSHAL MATERIAL

Brick for Depot And Poles For Telegraph Line Al- ready On The Ground

Mt. Hebron is at present receiving its share of attention from the Southern Pacific. A large depot is to be built at once and a carload of brick for the foundation has already been delivered. The depot is to be built on the same lines as the one at Grass Lake except that the freight room will be much larger. This provision is made because a large amount of freight will be handled at this place. Mt. Hebron will not have a regular train service until the schedule to Dorris goes into effect. However, freight is being delivered to that point now.

Besides being connected with the world by rail and ties Mt. Hebron will also soon have communications with the cities of the Coast by means of the Western Union telegraph. The poles for the line are now being distributed and by the time the regular train service is established the telegraph instruments will be clicking, telling the time for the arrival of the train.

Klamath Falls is certain to have a telegraph line within the next year for the Western Union is following closely upon the heels of the California North-western and it is very probable that it will not wait for the railroad to build across the marsh but will come into this city and establish headquarters before the railroad reaches here.

The line will be extended to Dorris

Just as fast as poles can be distributed and set and the wire strung. Probably by the time the first train on the schedule pulls into Dorris the telegraph line will be in operation to that point.

Mitchell Buys Cattle

Horace V. Mitchell has received a letter from his brother, S. S. Mitchell, stating that he had purchased about 1200 head of cattle in Crook County and that the same would be delivered at the Weed ranch in Wood River valley about May 10th. The cattle were purchased for Senator Weed and Horace Mitchell and will be pastured in this county this summer. The cattle purchased include 350 3-year old steers, 200 2-year olds, and 100 three and four year olds, 60 cows, 70 heifers, 100 yearlings, and 100 cows with calves.

Crook county has had a large amount of stock in it during the entire winter. Last fall the prices were low and stockmen refused to sell. The country is consequently overloaded with cattle and a number of large herds will be driven out of there this spring.

DeLap-Casey

Yesterday evening at the home of the bride's parents, Mr. and Mrs. Robert Casey, in West Klamath was solemnized the marriage of Miss Sena Casey and Mr. Chester H. DeLap. Both of the contracting parties are well known in this city and are popular with the young people. They will reside in this city.

Davis Sells His Ranch

W. R. Davis has sold his California ranch to J. C. Mitchell of Galle. The ranch is so situated as to make it valuable to stockmen as it is on the road to the railroad shipping points.

Nothing more has been heard in regard to the change of the mail route from Pokegama to Dorris, but it is expected that the change will be made during the month of May.

Miss Restora French has been on the sick list for several days.

LAKE GOES FOR WILLITS

Official Count Shows Remark- able Gain For Kuykendall For District Attorney

LAKEVIEW, Ore., April 23--According to the official count just completed, Judge L. F. Willits carries Lake County for joint Senator by a plurality of 11. It was heretofore reported that the county was carried by Dr. Merryman. The vote on Senator is as follows: Willits 123, Merryman 112 and Holgate 111.

The count also shows a remarkable gain for D. V. Kuykendall for prosecuting attorney. The first reports gave F. H. Mills a majority of about 80 votes, while the official count gives him the county by but 52. The vote is Kuykendall 145 and Mills 197.

Hurn Did Not Sell

Geo. R. Hurn did not sell his hardware business as was reported. He had practically closed a deal with Evans & Wright for the sale of the stock, but before the deal was consummated Mr. Hurn arrived at the conclusion that Klamath Falls is a pretty good town and the hardware business is not the worst thing on earth and the deal was called off.

Indications are that a large delegation from this city will attend the Rose Festival at Portland in June. Klamath should send a large crowd to boost for this section. It would help the advertising that will be done by the float.

The sheriff's office has finished the rush incurred by the payment of taxes. Most of the larger tax-payers have paid up but there are still several thousand dollars on the roll on which the interest is accumulating.

The county clerk was busy a few days this week hearing a contest case involving a valuable piece of timber land.

Dan Johnson will go to Bly on timber business tomorrow.

DORRIS HAS GALA DAY

Southern Pacific Officials Visit The New Town On Their Tour Of Inspection

Today is a red letter day for the new town of Dorris. The occasion is a visit from a number of the Southern Pacific officials in a special car. Superintendent Ahern, of the Shasta division, heads the company and he is accompanied by a number of other officials. The special car arrived at Dorris at one o'clock, and it is the first train aside from the construction outfit that has pulled into the new station. The object of the visit is to determine upon a time for the establishment of a regular train service and to make all preliminary arrangements for the same. The service will not be established until the first of the month, as some time will be required in getting things in readiness for the commencement of business.

Some action will be taken on the freight situation, and Capt. J. M. McIntire is there to represent the McIntire Transportation Co. and W. R. Davis and F. A. Autenrieth went to Dorris this morning to look out for the interests of the Klamath Falls Transportation Co. It seems that the matter of handling the freight between this city and Dorris has not been finally settled and some change may be made in the program heretofore announced.

The matter of through passenger rate to this city will also come up and it is stated that the Oregon & California Transportation Co. will make arrangements to have through tickets on sale just as soon as the train schedule is inaugurated.

This day will always be a landmark in the history of Dorris and every event will be dated from the time the first train arrived in the town, bringing the officials of the Southern Pacific. Nearly the entire population of the place was out to see the car pull up to the end of the road.

Two native Hawaiies arrived Tuesday evening from the Islands to take charge of the culinary department at the Lakeside Inn. They have the reputation of being excellent cooks, having served 12 years in the Hawaiian Hotel.

Indications are that there will be a large attendance at the show tonight. Most of the reserved seats have been sold, but there are yet a few left and those coming early will secure good places. The show will be one long laugh, and will be a good antidote for the election blues.

A new billiard table will be added to the equipment of the band club room within a few weeks. The organization has added many attractive features to the club and the number of associate members is gradually increasing, giving assurance that the club feature in connection with the band will be a success.

Geo. W. Manning came in from Lovelock, Nevada, a few days ago for a short visit with home folks. This is his first visit to Klamath Falls for two years. He is now engaged in buying horses for a large concern and went from here to Crook County.

Burge and Will Mason will leave in a few days for their homesteads north of Bly. They are located upon lands claimed by the so-called "sooners." Other parties having homesteads in that section are going back after spending the winter in other parts of the country.

Establish Headquarters

If Klamath County does not elect a full corps of Republican officials it will not be the fault of the Central Committee. It is planning an active campaign in behalf of the ticket as a whole and in

order to do more effective work permanent headquarters will be established, and for this purpose the room on Main street, now occupied by Justice of the Peace, A. D. Miller, has been rented. A stenographer will be employed to take charge of the headquarters and all campaign literature will be issued through the Central Committee.

An Interesting Item

The Klamath Falls Military Band needs a piano. Just a piano won't do, it must be a good one. To stand the rough usage of dance work and as a club-room instrument, and still be musical enough to meet the severe requirements of solo and vocal accompaniment work, it must be strictly high grade in every particular. Now we can't afford to pay the retail price of such an instrument, and after corresponding with several leading piano houses on the coast, ten per cent discount was the best I could get. Now I have been in the music business several years, both as a dealer and piano tuner, and I know something about the prices and values of pianos. I know that we can afford the highest grade instrument made if we can only get the benefit of wholesale prices. After considerable correspondence with manufacturers I finally have been fortunate enough to secure the agency for Klamath county for the Baldwin piano, and there isn't a better piano made than the Baldwin. It is necessary, however, for me to buy four pianos in order to get the benefit of the wholesale price.

Now here's the point: I'm not going into the piano business, I've something else to do; but if there are four people in Klamath County who want a first grade piano at the price usually asked for a cheap stencil instrument, here is an opportunity you'll never see again in a lifetime. People don't usually sell pianos for fun, and ordinarily you'll pay the agent a profit of two hundred to five hundred dollars. I ask no profit whatever and I shall sell only the four pianos necessary to secure the wholesale price. This is strictly a cash proposition manufacturers don't sell at wholesale on installments. Now if you know of anyone in Klamath County who is in a position to appreciate such an opportunity, you will confer a favor on the band by referring them to me.

IVAN DANIELS.

W. H. Heileman has been seeding much of the main canal banks to lawn grass, which was sent to him by the department for experimental purposes. The recent rains will start the grass and give it a good start this season. No trees will be set out on the banks this year, but Mr. Heileman is carrying on extensive experiments with the trees sent him by the Agricultural Department.

BIG VOTE AT CONVENTION

Stilts and Ward Are Nominated

BISHOP WITHDRAWS

Lively Scrap Is Made for the Convention Nominations for All Offices

When the time for calling the nominating convention arrived a large crowd had gathered at the Court House. The convention was called to order by P. L. Fountain and nominations for Mayor were called for. Frank Ward, John R. Stilts and G. Heitkemper, Jr., were placed in nomination. Mayor B. St. Geo. Bishop announced before the convention was called that he was not a candidate for re-election.

The next in order was the nomination of candidates for treasurer, and for this office Capt. J. W. Siemens and A. M. Worden were named.

For police judge A. L. Leavitt, O. A. Stearns and D. E. Reisdorf were nominated.

The voting began as soon as the nominations closed and for nearly two hours there was a steady line up awaiting an opportunity to vote.

Many of the candidates had men out working in their behalf and printed tickets were in the field for the dates that had been suggested by the organizations. The vote was the largest ever polled at a nominating convention and close on 250 participated in the convention.

The ticket headed by John Stilts for mayor lead for all of the offices, but everyone of the candidates made a creditable showing. According to the vote John Stilts and Frank Ward will be the candidates for mayor. Despite the fact that Mr. Heitkemper had announced that he would not accept a nomination, he received a large complimentary vote, which indicated that he would have been a strong candidate had he agreed to accept.

The vote was as follows:

For Mayor: John R. Stilts 118; Frank Ward 82; G. Heitkemper 45. For Treasurer: J. W. Siemens 195; A. M. Worden 51. For Police Judge: A. L. Leavitt 149; O. A. Stearns 80; D. E. Reisdorf 46. There were 7 scattering votes.

Remember the funny show tonight.

About Your Summer Suit

There are poor, good, better and best makers of clothes--We represent the latter. : : : :
