The Service

you obtain from your clothing is two-fold. There is style service and the service derived by the durability of the garments. The latter is a matter of taste and the other a matter of quality.

The patrons of this store have learned that we endeavor to guard them on both kinds of service, and in addition to this we endeavor to give them at all times the very best personal service possible. Your good will and patronage are our existence, and we shall endeavor to merit them—now and always.

The moment we have a dissatisfied customer we expect to see our store, unless it is a man who thinks so little of his money that will purchase something that does not please him and will not tell us about it. If you buy anything in this store and it disappoints you in any way, shape or manner, come and tell us about it; we are here to make it right.
