

CONDITIONS GOOD IN KLAMATH

Laborers Find Work on the Many Improvements Being Made

LARGER FORCES EMPLOYED ON ALL WORKS

All Conditions Are Favorable for the Completion of Large Enterprises--Employers Need Not Hunt Labor--Labor Hunting Work Instead

Klamath county's busy season is now about to begin. The many big pieces of work to be done during the season are now well under way, or at least the plans for the same are about completed and work will begin shortly. The Reclamation Service is now employing larger forces than a few weeks ago and Macey Brothers & Co. will need a large number of men within a few days. They have practically established their headquarters for the season and are now shaping up to make the dirt fly on their contract. They will employ approximately 150 men, most of whom they expect to secure in this country. If they find that men are not available they will send out for them. The Klamath Falls Light & Water Co. will shortly begin work on the new reservoirs and the extension of the water system. This work has been delayed because H. V. Gates, the president of the company has been unable to get here. Quite a force of men will be necessary to complete this work by this fall.

The sawmills are about ready to begin the season's run and the logging camps are opening all of which furnishes employment for the laborers. The railroad is getting so close that the time will soon be here when some of the construction work will be directly tributary to this city. Numerous other minor improvements are on which make it possible for all local laboring men who are willing to do a day's work to secure employment.

Committed to Asylum

Baptiste Colonda was committed to the insane asylum this morning. He is the Italian who was brought here a few days ago from the Southern Pacific power plant on Spencer creek laboring under the hallucination that he was a married man. It was thought that he had become temporarily deranged from excess drink, but his condition has not improved and this morning Dr. F. M. White pronounced the man insane and a commitment to the state asylum was issued. The attendants will arrive here in a few days.

Resume Work Soon

Work on the barge for the new dredge to be used on the railroad dike across the marsh is progressing, but the machinery has not yet arrived. It will be several weeks before the dredge will be ready to begin work. The old dredge is still laid up for repairs. The contractors have lost more than a month and unless they do better work the Southern Pacific Company will be compelled to make other arrangements if the road is to be completed to this city any time soon.

C. D. Wilson has cleared the island in Link river and is making a number of improvements on the place. Small buildings have been erected and a foot bridge is being built from the east side. It is understood that it will be used as a beer garden during the summer months.

The Herald has for several days neglected to report the arrival of a son at the home of Mr. and Mrs. Windsor on the 7th, and also the arrival of a son at the home of Mr. and Mrs. Hocking on the 4th.

REPUBLICAN PRESIDENTIAL CANDIDATES

JOSEPH G. CANNON OF ILLINOIS.

TENNIS CLUB'S PLANS FOR 1908

Announcement Has Been Made of an Open Tournament Commencing on July 4th for the Championship of the Middle Pacific Coast

The Tennis Club of Klamath Falls, Oregon, announces an open tournament commencing on July 4th, 1908, to be held at the club courts on Seventh and Klamath Avenue. Play will commence at 10 o'clock a. m. and will be best two out of three advantage sets, except the finals which will be best three out of five advantage sets.

The club is entering upon its second season with an augmented membership and added enthusiasm. Two new courts have been developed which are now in good condition.

Preparatory to this tournament a round robin will be played which will give the players of the club opportunity to round into form, and later on in the season, at a date to be announced, a handicap tournament between the club members will be played. This will give those who have been previously defeated in tournament an opportunity to come back.

The tournament to begin on July 4th is to be for the championship of the middle Pacific. The events will be as follows: Gentlemen's singles--Middle Pacific Championship, Ladies singles, Gentlemen's doubles, Ladies doubles, Mixed doubles, Consolations in both gentlemen and ladies singles.

It is the plan to offer a challenge trophy to be won six times not necessarily in succession before it becomes the permanent property of any one. In addition, first and second prizes will be awarded in each event save consolations, in which events only first prizes will be awarded.

It is hoped that this tournament, The Middle Pacific Championship, will become a permanent annual feature in Klamath Falls. It will tend to advertise Klamath and in other ways be beneficial and pleasurable to the community. There are a number of players in the club who are expected to be on the job when the tournament commences, and it is also believed that some of the club players will be found to be diamonds in the rough. Every effort will be made to get experts to participate and give

Klamath Falls an opportunity to see some first class tennis playing.

Play will be under the rules of the United States National Tennis Association, and it is hoped by next season that application will be made for the membership in that association.

It is to be hoped that the people of Klamath Falls will join with the club in making this tournament a grand success.

The following is a list of the active members of the club: Gentlemen: D. B. Campbell, Will Mason, Curtis E. Widdoes, Wilson L. Wiley, Burge Mason, Dr. C. P. Mason, Rev. Geo. T. Pratt, Dr. F. M. White, W. H. Helleman, B. E. Hayden, T. W. Zimmerman, Roy Walker, Elbert Wright, W. O. Smith, J. R. Norvell. Ladies: Mrs. Geo. T. Pratt, Helen M. Hogue, Evelyn Applegate, Bessie Applegate, Ruby Hillis, Louise Sargent, G. orgia White, Lyle Watson, Mae Worden.

Some prominent man will act as referee.

An entrance fee of \$1.00 will be charged in both the ladies and gentlemen's singles. For each of the other events a fee of 75 cents will be charged.

The committee in charge is as follows: W. O. Smith, D. B. Campbell, Dr. F. M. White, Will Mason, W. S. Wiley, Curtis E. Widdoes, Helen M. Hogue. Entries may be forwarded to any member of the committee.

Sold Whiskey to Indians

Chief of Police Low arrested "Blackie" McIntyre last night for selling whiskey to an Indian. The chief saw Blackie and the Indian having a confidential chat and watched for development. They made their way to the rear of the Standard saloon. Mr. Low got Chas. Baldwin to go with him as a witness. Blackie soon came out of the saloon and handed two bottles of whiskey to the Indian for which the Indian handed him money. The arrest immediately followed. Blackie, who gets his name from the color of his skin, he being part Negro, has been

DIRECTORS TO ASK FOR BIG SUM

Want \$750,000 Appropriation for Klamath Reclamation Project for Next Year

AID OF DELEGATION WILL BE ENLISTED

Appropriation This Year is Too Small in Comparison to Size of Project--Work Cannot Be Carried on Extensively With Limited Means

Several weeks ago the Herald announced that in a letter written by F. H. Newell, Director of the Reclamation Service, to Senator C. W. Fulton it was stated that the Klamath Project would receive \$354,000 for the year 1908-09, beginning on the first day of June. This has not been officially announced, but as Mr. Newell stated this over his own signature it is safe to presume that it is correct. At the last meeting of the Directors of the Water Users' Association this matter came up for discussion as did also the matter of an allowance for next year. The amount for this year is too small to accomplish much and should have been at least double the amount. The directors after some discussion arrived at the conclusion that for the next year there should be an appropriation of not less than \$750,000. Project Engineer Murphy was present and stated to the directors that he would do the best he could to secure this amount.

Sawmills About to Start

The sawmills of the city will commence the season's run in about ten days. There will be a strong demand for lumber during the entire summer as a number of large residences will be built. Ackley Bros. have an immense amount of logs piled up in the woods and they now have a small crew at work hauling them out. Moore Bros. have some logs on hand and also a raft in the water at Keno. They also have a force of men in the woods falling trees. The mills will run throughout the entire summer and a very busy season is anticipated.

Huson Coming Home

The report became current that W. O. Huson and H. D. Foster had not yet been found. This morning they arrived at Odessa safe and sound and Mr. Huson is now on his way home in another launch. A telephone message received from him this morning was to the effect that they were safe but did not say what had happened to their boat. They spent the night at the Doak ranch.

Report Big Business

The Mong Co. feel quite good over the treatment received in Lakview. They played to a crowded house every night and the people of that town showed them a splendid time. They were pleased with the trip and it was a success both from a business and pleasure standpoint.

The delegation in Congress will be asked to use its influence and power to secure this allowance. Senator Fulton will be there until next March and he and Congressman Hawley can be relied upon to put forth their efforts to secure a larger appropriation for this project. The Klamath Project is entitled to a large appropriation from the fact that it is one of the largest projects in the course of construction. There should be no trouble in enlisting the aid of the entire delegation in securing a larger sum so that more and larger contracts can be let. Indications are that something will be accomplished with the allowance for this year, but if the appropriation were double the amount much more work could be done in the same length of time.

Reports from various parts of the county are to the effect that the crops were but slightly injured by the recent frosts and that the indications now are that there will be an average yield this year.

BARGAINS THIS WEEK

AT **K. K. K. STORE**

- Ladies \$6.00 Khaki Suits (This week) - - \$5.00
- Ladies \$7.00 " " " " " 5.75
