THE PLATFORM

As the platform is drawn up has nothing to do with the county defense, for which the western delegates have made a strong

Mines Look Good

A mining district in Lake County is preparing to develop some good property during the coming season. A number of mining men are now at Pine Creek waiting for the completion of the assurance that they can get on the field to begin work on the property. Mr. E. C. Davis, the Illinois state geologist, says that the district is very bright and that development work will be peded this summer. Surface of the property shows that there is a prospect of $200 to $250 per ton besides large amounts of low grade ore. In speaking to the_surface Mr. McClure said, "I do not know what people are about, but there are some of them who are letting down and others who are working up the mine." Among these are the companies that have made a large investment in the mine.

Tickets on Sale Soon

T. A. Conner, last night at the Phoenix, where he spent a few days in the horse country. The association with the establishment of a Northern Pacific ticket agency in this city. He says that the tickets will be sold at a price of $1 per hour during the entire season. All arrangements have been completed for an important meeting in the registration of the organization and the meeting will go into effect as soon as the tickets arrive.

NEWS ON THE UPPER Lake

Stamper Wisconsin companies and will probably go up the Lake tomorrow. Stamper brought down 150,000 feet of lumber on the last trip. W. A. Grant's Lincoln's birthday boat, "Lady Vea," is now on the way and will be in tow as a semi-rigged boat in a few days. The shearers are expected to make good time in this heat.

Making up Reports

County School Superintendent Right is now engaged in getting up the annual reports and is getting out the reports of the people who took the grade eight examination. In entire County 250 reports of the examination and of this number 50 passed. Some of the people show that the people were not as competent as the average of the students who took the examination every year.

The whole crowd of Perry McDaniels, about two miles from Barst Boiling, received much of the camp. Two dark colored men arrived on a strange old horse with their without any clothes, they robbed him of his watch and all his clothes, About New York.

Baptist Association

The Eastern Baptist Association for the season of 1894, called to a considerable number of Lake and It was decided that the town council and the city council were in session until the time without any notice was invited to be present at the session.

Will Go To Lakewood

The beach is open to all. A large crowd of people is said to have been seen near the Brown's Point for swimming. The bear hunters are getting ready.

Col. W. H. Robinson has been in the Brown's Point beach boat and will be there for the next few days. He has occasion to come to the city.
