Gaston Gottschalk, of Chicago, and Signor Victoria Carpi of Milan, Italy, seven years in voice; and of Dr. Louis Falk and Frederick Grant Gleason, of Chicago, in harmony, and Johann Freck in orchestration. He has taught 31 years and stands as one of the foremost musical authorities in America. He is a life member of the National Music Teachers' Association.

MERRILL RECORD ITEMS.

Events That Have Transpired in Klamath's Alfalfa District.

Mrs. N. S. Merrill is very much improved we learn as we go to press. This will be welcome news to the lady's many friends.

D. F. Hitchcock, for some time past engaged in driving the Merrill Klamath Falls stage, has been appointed deputy game and forestry warden with headquarters at Lakeview, and will leave for that place the first of next week having made his last trip as stage driver to this place.

W. P. Whitney returned Tuesday night from a visit to the Whitney sheep ranch. He took with him a representative of the Century Mercantile Company, of Berkeley, Cal., commission merchants. This gentleman, Mr. Irving, believes that prices for wool will be 16 and 17c.

And Merrill, the beautiful little city so attractively located in the midst of the fertile lands of Lost river and Tule lake valleys, cannot help but prosper and grow stronger and more vigorous as the surrounding territory increases in wealth. Merrill needs no boom, has no boom, and wants no boom.

The government dredger under charge of Chief Engineer Myers was due to arrive at Whitelake yesterday to clear out the channel to the Adams canal, which has become badly filled with mud and debris of all kinds. This will allow of more water being turned into the canal, to supply better irrigation for the farms located in the lower part of the valley, giving assurance of a fine second crop of alfalfa in that section.

Walter Bray, Geo. Bray, Wm. Bray and Jesse High have returned from Medicine Lake where they have been prospecting. They report that they found and opened up an old tunnel that had been driven into a hill west of the lake. Common report has it that the tunnel was made way back in the '50s by a couple of miners. The miners were killed by the Indians, who took what gold they had as well as horses and other effects. The boys are rather reticent as to what they found in the tunnel, but admit having filed claims on same.
