

Don't Be In a Hurry---

My Stock of "DOUBLE SIDED RECORDS" will soon be in.

If you are contemplating the purchase of a Talking Machine, figure on seeing the new Columbia product, and get more for your money.

From now on, all records will be made with music on both sides, and only 65c a piece, making the price of each selection cost you 32½c each.

A full catalog of these records will be here shortly and, in the meantime, we might be able to supply you with our temporary stock.

Let us explain their advantage at any rate, and convince you of their superiority and clearest king of economy.

Constable John Hughes, of Dorris, who came here last week to serve a warrant on a man who had taken a horse from the cars at Dorris without paying the freight, has returned home. The matter was settled Saturday. A stallion was shipped to Dorris and the party to whom it was shipped made three attempts to pay the freight, but as the freight bills had not arrived, he could not do so. He tired of waiting and took the horse from the car and brought it here and notified the agent that he would settle for the freight as soon as the bills arrived.
