(Concluded from Page 1.)

"In my judgment there is no question as to the great future of this region. It is the best all-around country I ever saw. Climatic conditions are certainly ideal. It is in the broadest sense a country of varied and diversified interests. With abundance of pure water well distributed for domestic purposes, unlimited water for irrigation and the splendid canals built by the Government, it offers the best openings for the farmer-homeowner to be found anywhere today. By comparison with other irrigated districts Klamath Basin easily is entitled to first place."

Firm in the opinion that the hills near Silverton, Oregon, contain a rich vein of coal, several farmers have organized a company, known as the Silverton Mining company, and will sink a drill next week with a view to locating the vein. The company has leased 1200 acres of land a few miles south of the city for 20 years, and prospecting is now in operation.

The Thaw case, which has already cost the county of New York upwards of \$50,000, gives no indication of ceasing its drain on the public treasury. It has been necessary to appoint a special deputy attorney general who devotes his entire time to this one case. There are two methods of making a travesty of justice: One is in railroading men to prison, the other is in railroading them out.

Taking the count applies to pugilism and heinousness; in both cases it is a hazardous run for the sake of a title.

Star Drug Store will Close

On and after Nov. 1st, 1909, we will close our place of business at 8 P. M. week day nights except Saturday. We will also be closed Sundays except mornings from 9 a. m. to 11 a. m. and evenings from 7 p. m. to 9 p. m.

As in the past we will have a competent person to fill prescriptions and care for emergency necessities, who will be found out of hours and at night at either Dr. White's Residence, 500 Room 3, Witherow Melrose Building, or by phoning 234 or 235.

This move is made after a thorough examination of the situation, and in keeping with the shorter hours movement being adopted by other businesses.

We fully believe that with our excellent emergency system we can serve our patrons promptly with all necessities, and with the additional rest and recreation our clerks will be more competent to serve you when on duty.

Thanking the public for past patronage and trusting they will agree with us in our movement, we will ask a continuance of their patronage.
