

PEVULIAR, ISN'T IT, THAT--

A city man will spend an entire day successfully dodging automobiles on the down-town streets and then go home and break his ribs walking up his own steps?

Your neighbor always wants to borrow cooking material just when you are planning to use it yourself? Men think they are paying relatives in their employ twice too much and that the employed relatives are always afraid to ask for a raise because of the danger of causing a family row?

The rain which falls alike on the just and unjust usually catches the just without umbrellas?

Difference in location so greatly affects the quality of two pianos of the same make—the one your neighbor owns always being of the tin-pau variety?

A DELICIOUS BATTER BREAD.

Beat two eggs light and add to them a half-cupful of cold boiled rice. Melt a tablespoonful of butter and put this and a pint of milk with the other ingredients, stir in two cupfuls of Indian meal with which has been mixed a teaspoonful of salt, beat well, turn into shallow tin and bake in a quick oven. The batter bread of my childhood was always baked in pans which looked like pie-plates, but of later years I have eaten it baked in deeper dishes and no less good. When deep like this it is sometimes known as "spoon bread" from its being so tender that it must be served with a spoon. Eat very hot, with plenty of butter.—Delinewator.

MILLS ADDITION LOTS are Advancing in Value

When blocks in Mills Addition were offered at bargain prices a number of shrewd investors bought; since that time values have increased materially.

These Lots are Bargain Buys at present prices, and there is every reason to anticipate an advance in prices. Remember these lots are FIFTY feet in width and ONE HUNDRED AND TWENTY FEET deep—more than double the area of most town lots offered to investors.
