Man is an admirer of the beautiful. He invariably selects an umbrella that has the prettiest handle.

Behold the patient ox. He vaults no speed records, but he gets the load to the barn all the same.

A little vanity is a good thing in a man. It will usually keep him from going to town collarless and coatless.

If a woman paid as much attention to the picking out of a man as she does to a hat, how much happier she would be.

The Lord tempers the wind to the shorn lambs, but the lambs that are shorn in Wall street are compelled

Tight shoes are a sure panacea for all other troubles. The man whose foot wears pinches him will soon cease to worry about anything else.

When a man gets a pain the whole township knows it; but a window may have several panes all at once without making any fuss about it.

"The woman is the weaker vessel" men are fond of saying, but when it comes to endurance and patience she has her lord beaten to a frazzle.

MILLS ADDITION LOTS

are Advancing in Value

When blocks in Mills Addition were offered at bargain prices a number of shrewd investors bought; since that time values have increased materially.

These Lots are Bargain Buys at present prices, and there is every reason to anticipate an advance in prices. Remember these lots are FIFTY feet in width and ONE HUNDRED AND TWENTY FEET deep—more than double the area of most town lots offered to investors.
