

## PASSING SENTENCE AGAIN POSTPONED

### Believed to Be for the Purpose of Giving Prisoners an Opportunity of Making a Full Confession First

When Court convened at 10 o'clock this morning the large crowd that gathered in the court room to witness the sentencing of Chas. Liskey and Alf. Wallis, were disappointed. Attorney C. F. Stone in behalf of Wallis, and F. H. Mills in behalf of Liskey, asked the Court to postpone sentence until Tuesday. Judge Noland thereupon declared that he would defer pronouncing sentence until 10 o'clock on Tuesday. He also stated that he would pass sentence on Walter Welch at the same time.

As this is the time set for the trial of Liskey, Wallis and Vestal on the cattle stealing charge, it is believed that both Wallis and Liskey will plead guilty and receive sentence for both crimes at the same time.

Judge Noland stated that there was a question as to the legality of calling a second Grand Jury during the same term of Court but that he would decide the matter on Monday. In case a Grand Jury is not summoned the confession and evidence of Wallis and Liskey will probably be taken before the Justice of the Peace, and if sufficient evidence is given to implicate others, warrants will be issued and the men bound over to the Grand Jury at the next term of Court in June. It is quite probable that the purpose of postponing the pronouncing of sentence, was to allow the officers to first get a confession, as it is believed that the value of the evidence given by the convicted men will regulate the degree of their punishment to a certain extent.

Judge Noland also stated that he intended to discharge all but one of the jurymen as soon as the criminal cases were disposed of. This would indicate that the Judge has been informed that Wallis and Liskey would plead guilty and there would then be no need for a jury until March 16.

#### MERRILL RECORD ITEMS.

A. F. Clubine's saloon at Fairview, three miles south of Merrill but in Bliskiyou County, Cal., was held up by a lone bandit one evening of last week. The robber is said to have got

only \$13, Jim Eaton, the barkeeper, contributing \$5 of this sum.

Harry Stiltz was in Merrill country several days first of the week looking up fat stock for the Crisler & Stiltz meat market at the Falls. He succeeded in buying 125 head of fine hogs from W. C. Dalton at 7 1/4 cents per pound, live weight.

Messrs. Mitchell, Stukel and Gerber this week started their bands of cattle for Mt. Hebron. There will be twenty-five carloads altogether, Mr. Mitchell having enough to fill sixteen cars, Fred Stukel four and Lewis Gerber five. Mr. Gerber will drive out another band of cattle next week, which will about clean up all the beef cattle in this section.

#### NO LIQUOR LAW YET.

It has been discovered that the ordinance making it unlawful to store, sell or give away intoxicating liquors and prohibiting the running of gambling places, was not passed legally and therefore is void. It takes three-fourths vote to declare an emergency and as Councilman Wilkins opposed the measure it did not have a sufficient vote to carry. In the absence of the Mayor and with one of the Councilmen presiding, it takes the vote of every member to declare an emergency.

At the meeting of the Council last evening the ordinance was again introduced with a few changes and without the emergency clause.

#### EVANGELIST ARRIVES.

Rev. A. Murrison, who is to begin evangelistic meetings in Hurn's hall tomorrow, arrived on the boat this evening. The first meeting will be at 11:00 a. m. Sunday. There will be preaching every evening at 7:30 except Saturday, so long as the services continue. Bible study every afternoon at 3:00 p. m., beginning on Monday.

#### GOLD DISCOVERY NEAR MERRILL

##### Assays Show Good and Development Work will be Kept Up on Several Claims.

The gold-bearing lode now being prospected some five miles from Merrill continues to be the cause of no little interest here. The find is located in Bliskiyou county, Cal., on the west side of the range of mountains between Lower Klamath basin and Tule Lake, near Sheep's Peak, and was first discovered over a year ago by Mrs. M. D. Mix, who with her husband lived near the locality. Mr. and Mrs. Mix kept the matter a secret until recently, when Wm. Barrows, C. W. Wilson and Sim Eastwood were informed and those last named gentlemen and Mr. Mix proceeded to locate a mining claim which has been called the Modoc. Several assays have been made of the rock from the claim, all of which show good—from \$2.50 to over \$10 a ton in gold, with a considerable percentage of silver. A tunnel is now being run in the Modoc and the owners propose to find out "what's there." Numerous other locations have also been made in that section, and he is a poor man indeed in this part of the country who does not have a gold mine.—Record.

#### AT THE OPERA HOUSE TONIGHT.

A delighted audience attended the bill presented at the Opera House last night. Mr. and Mrs. Hutton gave good satisfaction in their society sketch "Divorced," and Miss Lota Nickerson, with her sweet voice, pleased the audience in the illustrated songs. Tonight the sketch will be repeated and Miss Nickerson will sing new songs. New pictures—"Sultan Abdul Hamid and the Ladies of the Harem," showing life in Constantinople. "Summer Sports," an athletic picture; "Moving Furniture," comic, and "Tales Told by the Searchlight," a Coney Island scene. Social dance after the show by the Laam orchestra.

#### THE FIRST OSTEOPATH.

##### Dr. Graves, of Portland, Has Decided to Locate Here.

Dr. Amos C. Graves, of Portland, arrived here Thursday afternoon for the purpose of looking over this field as a favorable location for the practice of his profession. Dr. Graves is an osteopath of well known and recognized ability, and his coming here has been only after the earnest and urgent solicitation of many who know of and believe in the power of osteopathy to relieve them of their bodily ills. Dr. Graves has gone over the field very carefully and has decided to remain here and is making arrangements to open up an office. He is a graduate of the American School of Osteopathy, of Kirksville, Mo. This institution was founded by Dr. Still, the man who gave to the world osteopathy. Dr. Graves has practiced his profession for eight years, and leaves a lucrative practice in Portland to come to Klamath Falls. He is sure of a cordial welcome to this city, as well as a large clientele.

#### EXTENDS VOTE OF THANKS.

At a special called meeting of the Woman's Club, Friday afternoon, it was decided to give publicity to a vote of thanks tendered the Klamath Conservatory of Music, Mr. Daniels, members of the Shakespeare Quartet, the business firms whose advertising support was a material help and all who assisted in making the benefit concert of Wednesday night the success it was.

The unusually interesting program rendered reflects great credit upon the Conservatory of Music and its helpers, and is especially appreciated by the Woman's Club and patrons of the Library.

In a paper read before the recent road congress in Paris, H. P. Maybury stated that reliable roads suited to modern traffic would be secured by building them as strongly as possible; reducing the camber to a uniform 1 in 30; coating the surface with the best obtainable hard material, gaging not less than 2 nor more than 2 1/4 inches, and thoroughly rolled; using only clean, hard gravel and chippings as the binding agent; then cleaning the surfaces and applying a dressing of a heated tar compound; and finally covering the surfaces thus treated with hard, clean gravel or granite chippings and thoroughly rolling with a steam roller. His experience has proved that such a surface is cheap, almost dustless, and provides good travelling for traction engines and commercial motors and a good footing for horses.

Sadie E. Rosecrans was granted a divorce this afternoon from Frank E. Rosecrans. Attorney Irwin appeared for Mrs. Rosecrans.

An adjourned meeting of the City Council was held last evening for the purpose of acting on the request of H. V. Gates for the extension of the franchise of the Klamath Falls Light & Water Company. An ordinance had been prepared and was introduced. Further than introducing the ordinance no action was taken.

The ordinance provides for the extending of the franchise which has elapsed. This would again give the city a \$10,000 interest in the property in case it wished to purchase the plant under the terms of the contract.

There seems to be considerable opposition in the Council to passing the ordinance. Some of the members have expressed a willingness to give the Light & Water Company a new franchise if they wished, but do not want the old one renewed as they do not like some of the provisions in the contract. They think it would be better for the city to forget it ever had a \$10,000 interest in the plant and that the bonds should be paid without any expectation of getting the money back.

Some action in the matter will have to be taken sooner or later, as the city needs better fire protection and the company will need some sort of a franchise in order to make any extension or improvements in the system.

Horace Mitchell returned this evening from San Francisco. Mr. Mitchell states that Willie is greatly improved. It will be necessary for him to undergo another slight operation but his recovery is practically complete.

When H. P. Hull, of Denver, went to Norfolk, Neb., a few days ago to attend the funeral of his brother, Phillip Hull, he made the discovery that the widow of his brother was the wife whom he himself had divorced some time previously. The widow-divorcee also made a discovery. She learned that the wife of her first husband, H. P. Hull, was also the divorced first wife of her late husband, Phillip. In other words, each of the brothers had been divorced and each had married the other's divorced wife although none of the four parties to the ceremonies were aware of the fact.
