IMPORTANT NOTICE.

Bad work in electric wiring is a menace to the safety of our lighting system, and affects the insurance of our patrons. There having been some done by irresponsible parties, and because there is no City Inspector, we hereby give notice that after this date we will not furnish electric current for any service unless the job of wiring has been inspected (while the work is being done, and before concealed from view) and approved by us. A reasonable fee will be charged for inspection on work other than which we do.
