Joe Seeds was arrested today by eputy Sheriff Schallock on a charge he Wilson lodging house by Seeds. quart bottle was bought for \$2 by another man and Martin was given a drink. Ball was placed at \$250 and Seeds will be given a hearing

FINALLY DISMISSED

A telegram was received today by A. H. Naftzger, president of the Hot Springs Improvement Company, Informing him that the case of Von Meyer has been dismissed by the United States Circuit Court. This ase involved the title to the tract of and now owned in this city by the liot Springs Company and has been in the courts for a long time. This decirtos permanently settles the avestion of title to this vvaluable and and brings to an end Hilga-The tion that has cost thousands of dollars in attorneys' fees and court

BOUND OVER ON FORGERY CHARGE

The preliminary hearing of Henry Morrell, clarged with passing a forged check on W. E. Seenorn of the American Houst, was held today before Judge Miller. The check was signed with the name of Stella Waton. Merrill was arrested by Deputy Sheriff Schallock in Dorris Saturlay and returned to this city yesterlay. He was bound over to await e action of the Grand Jury at 4ne June term of court.

ASK HOOD FOR A MODERN DEPOT

O . B. Gates, member of the publie improvement committee of the Chamber of Commerce, is today cirentating a petition to Chief Contruction Engineer H. P. Hoey to be forwarded to Chief Hood, urging that in the plans for a depot at Klamath 'alls the construction department give us as creditable a building as possible. Attention is drawn to the fact that the city is revising its charter to provide for street pavement, sewer system and other substantial improvements, and also to the fact that the streets to the depot grounds will be macadamized and coment sidewalks built.

The Southern Pacific has been constructing very creditable and

smaller stations along the line of the California Northeastern, and it is expected that this city will be given a handsome building of more substantial material. The petition is being signed by all the business men of the city, who express a willingness to co-operate with the railroad com pany in any matter for the better ment of this section.

MORE PROJECTS IN SIGHT FOR OREGON

SALEM, Or., April 5 .- More irri

cation projects are in view for east orn Oregon. The United States re clamation service has made three If anyone does not believe that the in ten days the work trains will have important filings on eastern Oregon railroad is coming, they should have crossed the marsh and will be seen the filings were made on the Uma tilla, Ow, hee and Mall our rivers and

At this time the filings are not def 190 men that was working yes. finite enough to admit of any enwday has been taken of and the largement upon the prosposed projects that the United States Govern ment expects to make. The flings must be approved, and several months will be consumed before anything of a definite nature can result from them.

The topographical surveys that lave been made in eastern Oregon are the most valuable means where by feasible reclamation projects are discovered. At the last session of the legislature an attempt was made I selling whiskey. The complaint to increase the appropriation from as sworn to by a man by the name \$5000 to \$20,000 annually for mak-Martin, who says the whiskey ing these surveys. Railroad will be finished to Midland within ten days. Buy a lot or two now, and not have to say that you could have made one to five hundred per cent had you bought this

SHOULD GET READY FOR CELEBRATION

STREETS AND YARDS OF THE CITY NEED A GENERAL CLEANING UP.

Now that it is assured that the railroad will reach Kiamath Falls oy the first of May, it is time the ailroad celebration committee got Members of the committee tate that they already have plans or the celebration mapped out, and at just as soon as they can get a lefinite statement from the officials, he date for the celebration will be set and invitations sent out. The Jovernors of Oregon and California vill be invited, and Senators Bourne nd Chamberiain and Congressman awley, and a number of other relamation and government officials. lis combration, however, will not

exclusively for journal people e Clamber of ske a strong effort to indusideat of the count to the

e prople of Klaunti Fails in mi rating this event for one wee rge delegation is also -x -c: om lake count .

There is one thing that the f Klamath Falls srould do la proaration of this event. The streets hould be cleaned, lawns and prient roperty should be brautified by the emoval of refuse; trees, should be rimmed, and, in fact, the citould have a general cleaning up as hat it will present an attractive apearance to the crowds of visitors expected. It would be well if a general "clean up" day were deided upon, when every property owner and business man in the city would take a day off and join in a cleaning up crusade.

There will be many strangers who will visit this city for the first time turing the railroad celebration, and if they are favorably impressed with Herbert Wells, who has been here the looks of the city, they are likely the past year with Maney Bros. the to remain. It is an opportunity of

> it. There is work for the city oficials, and there is work for everyone in preparing the city for the reseption of its visitors. The time is bort and work should commence at once. The stores and buildings will be expected to decerate, and they bould attend to securing their buntng and flags before the supply is exausted. If order are placed now, the merchants will be able to replenish their stock if necesary in time for the celebration.

How is the title to your land? If rou don't know, get an abstract from the Klamath County Abstract Co., opposite Court House.
