

NOW READY FOR ELECTRIC CARS

Improvement of System Only Awaiting Action of City Council in Granting New Franchise to the Company

Mr. Hawkins, Brown and Gould, Klamath Falls Land & Transportation Company, who are here to make arrangements for better street service and to plan improvements on Vista addition for the summer will ask the City Council tonight to grant a street car franchise to cover two franchises already controlled by the company. They will necessarily await the action of the council before beginning work on a system to run from the upper to the depot grounds in the east of town. While their plans have been made public it is known that they contemplate an electric or motor service which they are anxious to have ready to accommodate the public on the railroad.

While the present franchise provided for a double track on Main street, to which there has been some objection, Mr. Hawkins states that they are willing to concede that point on account of the narrowness of the street, a single track is all that will ask for. It is quite probable that the Council will be willing to grant this, but whatever action is taken it should be at once so that the company can get to work. The improvements by the street car company should be completed so that, in the city should decide to put in cars and pave the street, it would be delayed by work being done by the company. The question was to come up at the regular meeting last evening but on account of other matters, the Council adjourned to this evening.

property owned by the new company, and have pronounced it of finer grade and harder than almost any of the commercial granites now so extensively used.

The new company is known as the Pacific Granite Company of Ashland, Or., and is capitalized at \$100,000. Already requests have been made for prices in carload lots of rough granite blocks, the inquiries coming from as far south as Los Angeles.

WILL INVITE TAFT TO CRATER LAKE

President W. H. Taft has announced that he expects to visit the Pacific Coast this summer. The President has contemplated a trip to the coast for some time, but this is the first definite assurance he has given of his intentions.

The Medford Commercial Club has taken the matter up and will extend the President an invitation to visit Medford and Crater Lake on his trip. Will G. Steel will also use every means in his power to induce the President to visit the lake, as it is realized what a tremendous amount of advertising it would mean for this section.

KLAMATH FALLS NOW IT!

Enthusiastic boosters throughout the city are wearing their best smiles these days—and it is no wonder. Besides the fact that a most prosperous season is looked for by the farmers of Klamath County, new people are coming in by the score, and most of them will establish here.

The railroad will be completed to this point in a few weeks, and this, with the knowledge that the world-renowned Knox Hats are now on display at the Toggery, Klamath Falls is at last on the map.

EASTER HATS NOW ON DISPLAY

The new hat—whether it be for every day wear or dress occasion—you will now find ready for selection here. If it is a question of cost, we can suit you. If it is a matter of a distinctively styled hat, we can give it. We are showing copies of imported model hats.

VOGUE MILLINERY.

Dressmaking—Plain and fashionable sewing. Wagon street, second house above Catholic Church. 4-64-20

The only high-grade hat in Klamath County—the Knox Hat—now at the Toggery.

MORE IMPORTED HORSES ARRIVE

M. C. Biggerstaff and Emerson Mays, representing the well-known firm of McLaughlin Bros., America's leading horse importers, are welcomed to our vicinity again. They have received the stallion Fadi, one of the highest acting long bred French coach stallions ever shipped to our locality, and the large brown Percheron stallion Labishe, which is said by local horsemen to be the only stallion ever shipped to Klamath County with a pedigree too long to be printed on the ordinary pamphlet which is always used for imported stallions. We hope such stallions will be purchased by Klamath and Lake County breeders, as it will mean a great improvement over our native bred horses. The Percheron is at present at the Mammoth Stables and the reacher is at the Klamath.

MICHIGAN VOTING ON LOCAL OPTION

DETROIT, April 5.—"Wet" or "dry" is the question of the hour today in twenty-seven counties in the lower peninsula of Michigan, which are voting on local option. There are more than 1000 saloons and fourteen breweries and wholesale liquor houses in these counties. It was generally conceded that local option will carry in a number of the counties.

MME. MODJESKA BARELY ALIVE

LOS ANGELES, April 5.—Madame Helena Modjeska is sinking rapidly and can live but a few hours longer, it is thought. She has grown gradually weaker since Saturday and is barely alive.

LAKE COUNTY FREIGHT TRAFFIC

A committee appointed by the Lakeview Board of Trade has made an investigation of the outgoing and incoming freight shipments for Lake County. When the road between here and Lakeview is put in good condition for heavy travel, practically all of this freight will pass through Klamath Falls. The report is as follows:

In compliance with a request of the Executive Committee, we herewith submit our findings as regards incoming, outgoing foreign freight, for Lake County, also an estimate on internal freight for Lakeview and immediate vicinity:

Incoming Foreign Freight	
Lakeview	2,545,000 lbs
Paisley	250,000 lbs
Silver Lake	225,000 lbs
Plush	100,000 lbs
Adel	100,000 lbs
New Pine Creek	50,000 lbs
Total	3,270,000 lbs

At an average rate of 1 1/2¢ from terminal per annum—\$47,225

Outgoing Foreign Freight	
Wool	1,500,000 lbs
Agriculture	
Live stock	18,300,000 lbs

At an average rate of wool 1/2¢; live stock, 3¢; agriculture ?

Internal Freight (estimated)	
Wood (fuel)	4,200,000 lbs
Lumber	4,000,000 lbs
Garden produce	65,000 lbs
Total	8,265,000 lbs

The above shows actual existing freights on the basis of present population. No assumption as to future possibilities.

WILL HAVE THREE SPECIAL ELECTIONS

Will Probably Vote on Taking In the Additions Before the New Charter Is Submitted for Adoption

at Geo. Smyth's Friday night on his return from the Falls, where he had been to take his mother, who was going to Portland.

TONIGHT AT THE OPERA HOUSE

"Will We Ever Get To Town" (comic); "Lost in a Department Store" (comic); "The Bear Hunt"; "Mabel's Beau in Trouble" (comic). Songs—"My Moving Picture Babe" "A Little Bit is a Whole Lot Better Than Nothing At All."

JAPANESE TO VISIT COAST.

SAN FRANCISCO, April 5.—According to advices received by the steamer Chiyo Maru today, a party composed of members of the Japanese Diet will soon visit the Pacific Coast to study the Japanese situation. The suggestion of such a trip is said to have come from M. Hatori, a former resident of Seattle.

F. J. Bowne returned today from Bonanza. Mr. Bowne owns a tract of 2400 acres of land adjoining Bonanza, and he expects to irrigate 500 acres of it this summer. The land is irrigated by a pumping plant which takes its water from Lost river. Mr. Bowne is here figuring with Moore Bros. on a motor and power, and if arrangements can be made, he may use electric power instead of the gasoline plant he is using at present.

Mr. Woods, representing McLaughlin Bros., has returned from Lake County, where he sold another imported stallion, and left this morning for Portland.

Prosperity Rebekah Lodge No. 194, I. O. O. F., will hold a special meeting Wednesday, April 7, at 7:30 p. m. to prepare for the anniversary celebration. By order of the Noble Grand. LULU STRAW, Secy.

We continue abstracts, as well as make new ones. Let us complete yours. Klamath County Abstract Co., opposite Court House. 51f

Railroad will be finished to Midland within ten days. Buy a lot or two now, and not have to say that you could have made one to five hundred per cent had you bought this week. 5-6t

How is the title to your land? If you don't know, get an abstract from the Klamath County Abstract Co., opposite Court House. 51f

The charter commission is still working away on the revision of the city charter. The members report that they consider it necessary to hold an election on extending the boundaries first before a vote is taken on the new charter. In this case three special elections will be necessary. The first election will be to vote on the additions; the second to adopt the charter, and if this is done, a third election will be necessary to vote bonds for sewers and other improvements.

A petition to extend the city limits has been drawn up and is being circulated. It may be ready to present to the Council at their meeting tonight. If it is and there are a sufficient number of signers, the Council will probably order a special election, which will be held after the regular city election. The new charter will not provide for as large a bonded indebtedness as at first contemplated, but it will be made just sufficient to cover the present indebtedness; pay for a sewer system, and cover the cost of paving the intersections of the streets.

The cost of the street paving will have to be borne by the adjoining property owners, and it is probable that the center of the town on Main street will be paved unless the property owners in each end of the town request pavements. If this is done it would mean that the main business section will be confined within eight or ten blocks for some time.

All kinds of sewing machines for sale or rent at Singer Agency. Phone 254. 21f

Same old story. Residents asleep. New comers within week figured out future of Midland and bought 14 lots last Saturday. 5-6t

Dressmaking—Mrs. L. N. Haines, 7th street, near Oak street. 6-2t

THE WOMAN'S EXCHANGE has all kinds of beautiful neckwear for Easter. Home-cooking tomorrow. 51f

When your sewing machine "acts up," Muller can fix it. Phone 254. 22

Much Enthusiasm Shown In School Improvement

A successful and interesting educational meeting was held at Dairy Saturday, April 3d. A large number of the patrons of the district and residents of the Upper Project attended, each family bringing a delicious lunch—the kind that reminds one of the good old Fourth of July dinners. The school children were present in force and added much to the pleasure of the day, with well selected and well rendered recitations.

Dairy has shown her interest in education by erecting one of the neatest school buildings in the county and by paying more than average wages to her teachers and demanding trained, well educated and experienced teachers. It was no surprise that her citizens heartily joined with the teachers in discussing educational topics.

The following discussions and papers were presented: "The Compulsory Education Law" by Supt. Swan; "The Eighth Grade Class" by Mrs. Jessie Dunn of the Bonanza

schools; "School Societies" by Prof. A. E. Elder of Dairy; "The School Beautiful" by C. W. Sherman, Sr., of Dairy. Rev. Norridge gave enthusiastic talks on tree planting and good reading. The subjects were quite generally discussed and brought out many helpful thoughts, both for teachers and parents.

At the close of Mr. Sherman's paper the citizens of Dairy agreed to take active steps toward planting trees and beautifying the school yard and are to meet again on Arbor Day and do some tree planting.

An educational meeting of the same character will be held at Lone Pine district on April 10th. Supt. Swan is planning to make them an established part of the school work.

YONNA VALLEY NEWS.

The Oregon Nursery Company delivered the trees and berry bushes to the residents of this community. They were sent to Bonanza Saturday, where Messrs. L. A. Sterzl, Wm. Uhrman and Geo. Ritter went to Bonanza for their orders and are now busy setting them out. Ludwig Sterzl bought \$60 worth, which he will plant on his place.

Miss Abbie Welch, who has been teaching school in Langell Valley, returned to her brother's home in Yonna, where she will remain for a little while. She will then go to Spring Lake to teach school. Mr. Welch's brother is also visiting at the Welch home in Yonna, having come from back east last week.

Emil Egert has rented a place from Chas. Carlson in East Yonna and will soon begin to farm it.

Mrs. L. M. Fitch and daughter, Hazel, were visiting at the home of Mrs. N. S. Drew, who is quite ill with a threatened attack of pneumonia. Dr. Johnston was called Friday evening, and at present writing she is much improved.

W. H. Biles, while grubbing sage brush last week, got something in his eye, which proved so serious that he had to make a trip to the doctor at Bonanza to have the eye attended to.

Mrs. Walter Campbell of Lorella was called to her mother's home in Yonna Saturday on account of the latter's illness.
