has about passed since the first Friend Made Clothes were offered to the public. Experience is the best school and we are inclined to think that no other clothes have as much knowledge put into their making.

We are fortunate in being the only ones who can offer these garments to you and if we do say it, you are fortunate in being able to obtain such clothes in this city. Some clothes are almost as good—some are claimed to be as good—but we've never heard any one claim to know of better ones.

We're Not Worrying

Seems we all have different ways of skinning a cat! Have you noticed how the "Little Birds" sing their song of how much better they can take care of you than the other fellow? That's the right spirit.

There are a few things that make one house better than others. Knowing to a nicety just what the trade requirements are, is it any wonder that we lead? You have not heard anyone deny that we are all we claim to be, have you? Live and Let Live is good enough for us
