KLAMATH FALLS, OREGON, SATURDAY, MAY 1, 1909.

Price 5 Cents

AIR BUILDINGS ARE ABOUT FINISHED

Exhibits at Seattle Are Practically Installed

SEATTLE, Wash., May 1.—There is a full month left for cleaning-up work on the grounds of the Alaska-Yukon-Pacific Exposition. The labor construction is completed in all of a few pieces of work of minor importance.

The asphalt and cement paving is done, and the walls and drives are ready for guests. The enormous amount of electric lighting is installed and the fountains, the cascades "Old Faithful" are ready for operation.

The exhibits are practically installed. The many exhibition palaces are ready for visitors. The magnificent collection has been removed from the packing cases and is now in permanent position.

The Departments of the United States Government have closely followed the construction work, and the displays have been arranged as the buildings have been made ready.

The life saving station on the shore of Lake Union is ready for demonstrations, and the many and varied devices used in the service are all in place and in working order.

Foreign exhibitors have rushed their collections and for promptness are not far behind their American competitors. The Republics of the American Continent and the series of the Orient were among the first to complete exhibits.

The Territories of Alaska and Idaho have assembled exhibits more than ever presented before. The methods used in displaying offer many new features in building effects. The two magnificent buildings in which they are housed are alike in detail of construction, but in interior arrangement a wide contrast is made.

GRAM FOR SHOW TONIGHT.

"The Hand"—dramatic.
"The Tender Foot."
"The Tyrant's Dream."
"Cool Days."

WORKING ON THE LAKEVIEW ROAD IMPROVEMENTS

Highway Will Be Completed By the Last of Month--Lake County Wants to Ship Wool About June the First

County Judge Griffith, who has returned from the upper country, where he was inspecting the road work, stated that the improvement of the Klamath Falls-Lakeview road was progressing nicely. County Road Superintendent Phillips has a crew working on the mountain road between Yonah Valley and Sprague River. The men camp at convenient points along the road, so that there will be no time lost in going to and from work. There is probably the most work on this piece of road, and Mr. Phillips is rushing things as fast as he can.

Commissioner Walker has another crew working on the road through the Devil's Garden. This is mostly rock work and takes considerable blasting. There is quite a number of small bridges that will have to be re-constructed, and the lumber has already been cut and is ready to be used. A crew of men are repairing the Bonanza road, and another crew is at work on the Dairy road. This will allow the teamsters the privilege of hauling over whichever road they wish. It is expected that the improvements on the road between here and the Lake county line will be completed before the last of May.

Reports from Lake county are to the effect that the work is well under way on that end. Sheriff Barnes, who returned a few days since from Lakeview, reports that Judge Daly has his road men at work and they intend to have their portion of the road in readiness before the first of June. The sheep men are anxious to begin shipping their wool by June first, and they are planning to have it shipped via Klamath Falls.

WOMEN OF WOODCRAFT.

One of the most enjoyable evenings in the history of the Women of Woodcraft was spent in the hall last evening. At the appointed hour 60 or 60 members met in special session for initiation work. Twenty-seven candidates were in waiting to be initiated into the mysteries of the lodge.

After the meeting adjourned all spent a pleasant hour socially. A contest was given, in which Mrs. F. M. White won first prize; Miss

TRIBUTE TO VIRGIL.

Fannie Virgil second, and Mrs. Noel third. The prizes awarded were wreaths of apple blossoms, dandelions and sage brush, all collected in the W. of W. forest. The three

MANUFACTURERS BUILDING.

On the eastern side of Geyser Basin, at the Alaska-Yukon-Pacific Exposition, the handsome Manufacturers Building looks upon the restless waters of the Cascade and the flashing fountains of "Old Faithful," the reproduction of its namesake in Yellowstone National Park.

Its location is the most central of any of the exposition buildings, and its architectural design is especially fitting for the position it has been given. It was one of the first great exhibition palaces to be completed, and before the end of last year was ready for the reception of its vast collection of exhibits. It will house a magnificent assortment of the highest examples of man's ingenuity and invention, and within its walls will be gathered specimens of manufactured articles from the workshops of every nation of importance in the world.

It overlooks the finest of the formal gardens of the exposition, and its splendid line of pergolas, with their vine-covered columns and blossoming flowers, complete a restful and pleasing view. At no part of the grounds can be seen a more beautiful illumination effect than is presented from the open porches during the late evening and early night. A million sparkling electric bulbs flash their white lights through the waters and, scattered throughout the greenery, hundreds of electric lights mingle their many hues with the riot of colors. Looking down the gentle slope of Rainier Avenue the floating craft of two lakes is brought into vision and adds the delights of a broad, light-sprinkled stretch of forest-enclosed waters to the whole effect.

Services will be held in the several churches of Klamath Falls Sunday as follows:

Church of Sacred Heart—Mass daily at 7:30; Sundays at 10:30 a.m.

Baptist Services—Sabbath School at 10 a.m.; morning worship, 11 a.m.; R.Y.P.U. at 7:30 p.m.; evening worship, 8 p.m.

REV. J. B. GRIFFITH, Pastor.

Christian Science service will be held in the postoffice building on Sunday at 11 a.m.

Topic: "Everlasting Punishment."

Grace Methodist Episcopal Church—10 a.m.—Sunday School for Bible study. "Paul's First Missionary Journey."

11 a.m.—Reception of members. Remarks on "Keeping in the Kingdom." Sacrament of the Lord's Supper. The pastor will be assisted by Rev. J. R. Wilson.

3 p.m.—Junior League.
6:45 p.m.—Epworth League.
"The Beginning of a Revival."
7:30 p.m.—Instead of the usual service, Mr. Wilson, who has spent a number of years in India and China as a missionary, will give a lecture on China, her past, present and future.

The public is cordially invited to any or all of these services.

John Oliver returned from Portland this evening. He went there with the Oliver horses, which were sold at the annual auction sale.

Mrs. Arnold Wagner arrived this evening from Michigan on a visit to her mother, Mrs. Marple.

Hello, Jim! What's your hurry? I'm going to MASON & SLOUGH'S ABSTRACT OFFICE to order an abstract. If you need one, that's the place to go. First door northeast of the American Bank & Trust Co., on Main street.

TRUBLE AMONG BOATMEN.

Mark O'Con, captain of the Eagle, got in an altercation this morning with one of the helpers on another steamer at the dock on the upper lake and received a cut on the forehead. He immediately came to town to swear out a warrant. The case has not come up in court yet, and it will probably be impossible to learn the facts in the case until the sworn testimony is given.

It is reported that there has been considerable ill-feeling for some time between the captain of the Eagle and men on other boats, and parties familiar with the conditions express surprise that the outcome has not been more serious than it was.

The man with whom O'Con had the altercation was Alfred Brooster, employed on the Winona. He was fined \$10 by Justice Miller.

WILL ELECT NEW CITY OFFICIALS ON NEXT MONDAY

Principal Interest Is In the Selection of a Mayor--Polls Will Be Open From Nine O'Clock Until Four

The general city election will be held on Monday. The polls will be open from 9 o'clock in the morning until 4 o'clock in the afternoon. There will be elected a Mayor, Police Judge, Treasurer and one Councilman in the first and second wards, and two in the third. Only registered voters are entitled to vote.

For Mayor, the people have to choose between Judge Geo. T. Baldwin and Mayor F. T. Sanderson. Each man has taken the stand for public improvements, sewers and street paving, and the voters will have to judge of their ability and fitness on the record they have made in the past. Mr. Baldwin is one of the earliest residents of the city, and it is conceded that he has probably done more for the upbuilding and growth of the city than any other man now a resident of the city. Mr. Baldwin has a state-wide reputation as a booster and an enthusiastic worker for Klamath Falls. To him is due the credit of establishing the Klamath County High School, an institution which is the greatest pride not only of the county but of the city as well. Mr. Baldwin has wide experience in the things necessary to make Klamath Falls the leading city of the southern part of the state.

The people have had abundant opportunity during the past year to become acquainted with the qualifications of Mr. Sanderson, during his service as Councilman from the Third Ward. Mr. Sanderson has probably been more directly before the people during the past few months in his capacity as president of the council, and lately as Mayor. Both men are pledged to about the same policies, and the people will have to determine which of the two, in their opinion, is best fitted and qualified to attain the greatest degree of success in the undertaking.

The interest in the selection of a Police Judge and Treasurer is not very lively, and as neither side is putting up any fight, it is the general opinion that the present incumbents will be re-elected. Interest in city politics is usually the strongest on the day of election, and it might be possible that there will be a change of sentiment on Monday.

In the First Ward R. M. Richardson and A. Castel are the candidates for Councilman. Mr. Richardson has never held public office, and it was only through the earnest solicitation of his friends that he accepted the nomination. Mr. Castel served part of a term as Councilman, but resigned for some unknown reason. It was a surprise to the general public when he became a candidate again after resigning the office less than a year ago.

In the Second Ward R. H. Dunbar and Judge L. F. Willis are the two candidates. Both are good men and neither one is desirous for the office. Being four candidates in the Third Ward, it is impossible to determine who are the favorites. This ward is more uncertain than the others, as the voters are more widely scattered and there are probably more new people than in the other wards.

BASE BALL DOPE.

The game tomorrow afternoon between the Klamath Falls team and the Redmen promises to be a warm one. Both teams are confident of winning and are lined up in the highest peak of determination. Both will make their respective

ance in the new uniforms that have been secured for them.

The game will be called promptly at 2:30 with Chas. I. Roberts as umpire. The line-ups have not been announced, but the people of Klamath Falls can depend upon seeing two of the fastest teams that have ever appeared on the diamond in this city.

There will be a marshal stationed at the fence on the west side of the ball grounds, and no one will be allowed to climb the fence on that side. The gate is on the north side, and everyone will be compelled to go around that way and purchase a ticket before entering. Heretofore people have been in the habit of climbing the fence wherever it was handiest, which necessitated the employment of several ticket sellers. The boys do not feel that they can go to the bother and expense of this in the future, and it is to be hoped that the people of this city will show their appreciation of what the boys are doing for their entertainment, by taking the few steps necessary to get to the proper entrance.

The ball players have worked hard to make their grounds all that a ball park should be, and have expended much time and money. Especial attention has been paid to the comfort of the ladies, and seats have been provided. The boys are very desirous of having the ladies come out. Everybody and their Aunt Sally should come. Let us show that, though Klamath Falls is not on the railroad map, it has its full share of interest in the national game.

CUPID INACTIVE.

Not one single marriage license has been issued in Klamath county during the month of April. The marriage register shows a good many entries for the three preceding months of this year, but the month of April only shows a blank.

Choice garden tract in Klamath Falls. Centrally located. Good house. The price is cheap. Mall-Shepherd Co. 4-2611

Not since the county was formed was there a better chance to make money than there is to buy lots in Midland this week. 23

TORNADOES AND BLIZZARDS IN MIDDLE WEST

Many Killed And Injured In Gale and Snow Storms

CHICAGO, April 30.—A cold, raging last night and today, which seems to be almost co-extensive with the country east of the Rockies, apparently has broken all records in the number of freakish atmospheric disturbances.

Tornadoes, snow, sleet, rain, hail, lightning, food, fame and electrical phenomena are among the features. Between forty and one hundred persons have lost their lives, and the property loss will be millions.

In Tennessee, Arkansas and Mississippi more than two hundred persons have been killed by tornadoes, and reports came in all day of additional villages either wiped out or partially destroyed with heavy loss of life.

A tornado has blown 600 feet of the west wall of the Northern Indiana state prison at Michigan City and troops are mobilizing to prevent trouble with the prisoners.

A tidal wave in Lake Michigan has done great damage in Washington and Kenosha.

HEAVIEST SNOW STORM OF WINTER IN WISCONSIN

Since Being In Storm in Wisconsin.

LACROIX, Wis., April 30.—One of the heaviest snow storms of the winter is raging today. Four inches of snow has fallen and the wind seems likely to continue all day. The snow is now heavy enough for sleighing.

At Superior the blizzard is still raging. Snow is being driven by a wind ranging from forty to fifty miles an hour.

KILLING FROST IN KANSAS IS KEENEST

WICHITA, Kan., April 30.—A cold, bleak wind from the north, heavy clouds that threatened rain momentarily, a twenty-mile an hour wind and a temperature of 40 degrees above zero, was the weather here today. The temperature has fallen from 74 degrees to 40 since 4 o'clock yesterday.

The local weather bureau this morning issued a warning of a killing frost throughout Southern Kansas tonight, with a temperature at or near freezing.

W. C. Dalton is in the city from Tule Lake to attend the meeting of the directors of the Water Users Association.
