CRYSTAL CREEK RESORT IS SOLD

Pierce and Associates Buy Silvers Place at Head of Navigation Connecting With Crater Lake Automobile Road

The second large sale of Upper Lake resort places in two weeks was consummated today. This was the purchase of what is known as the Chas. Silvers place on Crystal Creek. The property was purchased from the estate of Mrs. J. G. Pierce, of San Jose, California, by J. G. Pierce, E. H. Reamer, D. B. Campbell and W. T. Olive of this city. The purchase price was in the neighborhood of \$15,000.

The property consists of 240 acres, 100 of which is rich farm land. The balance is heavily timbered and contains two million feet of pine. The buyers have not completed their plans for the use to which the property will be put, but undoubtedly it will be good news to the residents of this city, who were in despair when both the Lodge on Pelican Bay and Odessa were closed to the public.

The property is said to be superior to Odessa or Pelican Bay as a resort, as it is located on one of the prettiest streams flowing into the big lake. Rock Creek, another fine stream, runs through the place. It eventually will become the gateway for the Crater Lake automobile travel, as it will be the head of navigation connecting with the proposed Crater Lake highway.

Commission Will Meet in This City

Geo. T. Baldwin returned yesterday from Portland, where he went after the meeting of the Crater Lake Commission at Medford. Mr. Baldwin states that another meeting of the commission has been called for June 15th. The meeting this time will be held at Klamath Falls. President C. S. Jackson and all the other members, except E. V. Carter of Ashland expect to be present.

Mr. Baldwin visited the passenger department of the Southern Pacific, and says that arrangements have been made for putting on an extra limited train between Portland and San Francisco. The new service is supposed to go into effect the first of June. The train will leave Portland about 6 o'clock in the evening and will get into Wood about 10 o'clock next day. This will give almost direct connection for Klamath Falls to passengers from Portland and San Francisco, as the train from the south arrives at Wood at 12:15.

ODESSA TO REMAIN OPEN UNTIL JULY 25

Odessa is not, and will not be closed. It was in this concise manner that Mrs. Griffith informed the Herald that the statement that Odessa, as a summer resort, was a thing of the past. Inquiry as to the meaning of the statement brought forth the information that while the resort had been sold to Mr. Holabird, possession was not to be given until about July 25th. Until the property formally passes into the possession of Mr. Holabird, Mrs. Griffith will keep open house.

The sale of Odessa was a source of much regret, as was the sale of Pelican Bay, for it is feared that it means the permanent closing of this famous resort to the public. When Mr. Holabird was questioned on the matter he absolutely refused to make any statement as to what the public might expect. The one exception was when he stated that Odessa ought to have a \$50,000 tourist hotel, but he would not admit that

he or his associates intended erecting such a hotel.

Now that the passing of Odessa is at hand—only about two months remaining for its operation—the question naturally arises, what are the people of this city going to do for a resort? In discussing this question today with a gentleman who is thoroughly familiar with conditions on Upper Lake, an intimation was given that "there are other places." He said:

"Everyone, of course, regrets to see Pelican Bay and Odessa closed, and always will, unless the new owners will later open them on a scale similar to resorts in the east and south. But the fact that they have passed into the possession of men who can afford to maintain them as private preserves will not necessarily shut out the people of this county from the Upper Lake. There still remains Spink's resort on Spring Creek, Silva's place and

Wampler's. Nor are these all. One of these days the people will get up to find that there is a place that will rival any place named. I am not going to give the facts, but to state that when the time comes there will be an Upper Lake that will rival the others. How long will depend, of course, on the action of the Council of Commerce and the Board of Trade."

Whether this prediction should be taken as a promise or a hope will be taken by the Council of Commerce. It was closed, the hotel was not opened, but there it is. Odessa is going to stay open, it reminds one of a must be done, and of Commerce can do it will add another cap.

NEW COMET IS SEEN WITH THE NAKED EYE

NEW YORK, May 27.—A new comet which is flying through space at the rate of many million miles a minute may be seen by the naked eye just after sunset any evening on the southwest horizon, according to Edward Fairfax Nauty, an astronomer, who has confirmed the discovery of the comet on Monday by Professor K. Brooks of Hobart College, Geneva, New York. Mr. Nauty says that the new comet is speeding toward the sun and should be visible for a number of days yet. Because of the direction of the comet's flight and the relative position of the earth, its head is not visible, but Nauty and Professor Brooks say that its tail, which is several million miles in length, can be clearly detected. The astronomers agree that there is no danger of a collision with the earth.

NO PAPER SATURDAY

In view of the fact that the banks and some of the other business houses will close on Saturday, in order to observe a day for memorial, there will be no Herald published on that day, as it is customary throughout the United States to observe one day. Memorial Day falls on Sunday this year, and Monday will be observed in most of the cities throughout the state. Saturday, however, is considered a better day from a business standpoint, and as the banks have decided on Saturday, it is only proper that other places of business should observe the same day.

Next Saturday, 1 to 6 p. m. That's the time to be at the Deal to get bargains. Specials in tin and granite.

SENATOR BAILEY STRUCK BY NEWSPAPERMAN

Senator and Representative of New York Times Fight in Senate Building.

WASHINGTON, May 27.—Just after the Senate adjourned today Senator Bailey of Texas and W. E. Manning, a representative of the New York Times, engaged in a tussle in front of the room of the Senate Committee on Finance.

There was a reference to Bailey's characterization of the New York Times editor as "infamous liar," and too soon for bystanders to apprehend what it was all about, Manning struck Bailey with his umbrella and the two men clinched. They were immediately separated without injury.

WILL OBSERVE MEMORIAL DAY

The banks of the city, by mutual consent, will observe Memorial Day on Saturday, May 29th, and hence will be closed for business on that date.

Dorris Tear Play Here

The Dorris tear ball team will be up here to play the Klamath Falls team on Sunday. Dorris is said to have a bunch of good players, and it is stated that a big delegation will come along to root for the team. Klamath's team will have some new players, and while they expect to lose to play ball, they are determined to win.

The Redmen team will go to Bonanza, where they will play ball on Sunday. If the Bonanza team succeeds in doing up the Redmen, they will challenge the Klamath Falls team.
