KLAMATH FALLS, THURSDAY, JUNE 10, 1909.

GASOLINE VS. A HIRED MAN.

"Then there's our gasoline engine. I kept track of it once for three weeks. It pumped water to the house and to the barn, separated the cream of twenty cows and churned and worked all the butter on five gallons of gasoline at fifteen cents a gallon. It saw the wood and works the corn shredder, and makes itself generally more useful in its way than the average hired man, and at a small fraction of his cost.

"Then, the barn is a great comfort. There's a cement basement under the stable—the only one of its kind in this part of the State. The manure falls through traps in the stable floor and is preserved intact and put out on the land at least four times a year. That's another thing that gives us no end of advantage over our neighbors. They pile their fertilizer in their barnyard and let the best part of it bleach and drain and wash away without returning it to the soil, which absolutely demands it. As the oldingo runs—

"We keep more stock
To make more manure
To raise more corn
To feed more stock."

and so on da capo. But they make a serious break in the second link of the chain."

"Which link do you specialize in?" I asked.
Her answer was to open the stable door and reveal a double row of Guernsey cows standing comfortably in roomy stalls with their necks in swinging iron stanchions.

"We have one hundred and fifty acres," said Elizabeth, "of level, black soil that plows like soft putty. Besides corn, oats and wheat, we raise hay, flax and enough vegetables for our own use. But we have found that we can make far more money from cows than directly from the soil. Our specialty is producing a high quality of butter fat. We do it by breeding and good dairy methods. Every day we record each cow's yield of milk, cream and butter fat. It's surprising how cattle differ in yield under the same conditions and with the same feed. Last year our worst cow gave 154 pounds of butter fat and our best one 426 pounds. The one earned \$61.60, the other \$174.40. Why, we've just sold a full-blooded Guernsey calf at half price for \$40, and another calf, which was a good deal better than a scrub, for \$1.75. We select the most valuable

of our cows for breeding purposes, get the best sire possible and watch eagerly for improvements in the breed. It's one of the most fascinating games because science and luck go hand in hand, and the counters are living ones. Sometimes when there's a whole string of calves coming along, the man doesn't get any sleep for four nights."

NOTICE OF STREET EXTENSION.

Notice is hereby given that the Common Council of the city of Klamath Falls, deeming it expedient to open Canal street between 9th and 10th streets, has caused the City Engineer to survey, plat and report upon the strip of ground required to be appropriated in order to open said Canal street between 9th and 10th streets. Said Engineer having filed his report with the Police Judge, and the same being satisfactory to the Council, notice is hereby given that at the regular meeting of the Common Council on Monday, the 7th day of June, 1909, an ordinance will be adopted embodying such report and within 60 days thereafter appraisers will be appointed to appraise the damages, if any, to the owner or owners of the following described parcel of real property, to-wit:

Beginning at a point on the easterly line of 9th street, which is N. 35 degrees 56 minutes E. 60 feet and N. 51 degrees 04 minutes W. 240 feet from the S. E. corner of Block 43, Nichols Addition. Thence N. 35 degrees 56 minutes E. 155.76 feet; thence N. 51 degrees 04 minutes W. 60 feet; thence S. 35 degrees 56 minutes W. 155.76 feet to the easterly line of said 9th street; thence along the easterly line of 9th street S. 51 degrees 04 minutes E. 60 feet to the place of beginning, required to be appropriated for such extension of said Canal street.

Helping the Town . . .

By banking your money in a bank in your own community you increase the community's power to do business. If substantial farmers want to borrow money there is more to loan them. If you bank your money away from home it is loaned to other farmers, merchants and manufacturers. Help your home people. Money hidden at home helps no one. Placed in a bank it is put to work in ways that help all.

The First National Bank of Klamath Falls

Is a good bank to put your money in—safe and reliable.

A Savings Account . . .

In a rainy day fund, a life insurance policy, a sick benefit, a funeral benefit, and an old age pension. There is no forfeiture clause in the passbook, and it is under the owner's control at all times. It will tide him over sickness; it will care for his family when he must go; it will see him through old age, and bury him when he dies. It is a simple business proposition. Begin early, and keep it up, and, like manna in the desert, it will supply him as he journeys.

Now is the time to open an account with the
