WHAT A COLLEGE GIRL CAN DO.

If She Lives in a Small Town She Can Exercise Wide Influence.

The college girl who lives in a small town has perhaps the greatest power for influence. Her education and experience raise her to a position which commands the respect of those others who had not had her advantages, and this position she should use, not as an excuse for egotism or self-sufficiency, but as a means of accomplishing reforms in the life of the community. Of course, this is but one phase of civic improvement; there are many others. In the factory town especially there is wide scope for the college-bred woman's activity. There is no reason why the factory town should be unsightly, or why the employes of the factory should live in ugly, unsanitary dwellings; no reason why the women of the town
