BRIEF MENTION.

Mrs. James Pelton returned last evening from California, where she has been visiting relatives. She left this morning for her home at Fort Klamath.

Mrs. Don J. Zumwalt left this morning for Palo Alto, Cal., on a visit to her parents. She was called there by the illness of her father, who is reported as quite low.

Dr. Murdis and wife of San Francisco arrived in the city last evening and left to-day for the Upper Lake for a few weeks' outing. Dr. Murdis has been visiting the Klamath country every year and he says it looks better to him each time he comes.

N. C. Briggs and wife left this morning on their return home to Hollister, Cal., after a few weeks' visit with Mrs. Briggs' parents, Judge and Mrs. Beason. They put in several days of fishing at Spring Creek while here, and Mr. Briggs states that he is already looking forward to another outing next year.

A "monkey wrench" is not so named because it is a handy thing to monkey with, or for any kindred reason. "Monkey" is not its name at all, but "Moncky." Charles Moncky, the inventor of it, sold his patent for \$20,000, and invested the money in a house in Williamsburg, Kings county, N. Y., where he now lives.

Arthur Brown, publisher of Medford's Magazine, is in the city for a few days. This is Mr. Brown's first visit here, and he states that while he expected to find a good town, he did not half realize how good it was until he arrived here. He is very favorably impressed with Klamath Falls, and says it only takes a walk down the street to see that the town is wide awake.

TEMPERANCE CLUBS BEING ORGANIZED.

Mrs. Helen D. Harford, national lecturer and organizer, made a visit to the eastern part of the county the past week, speaking at Bonanza, where a W. C. T. U. was organized, with the following officers: President, Adah Parsons; corresponding secretary, Mrs. Hildah Johnson; recording secretary, Mrs. Rose Harford; treasurer, Mrs. L. M. Davis. A number of children were enrolled for the Loyal Temperance Legion.

Several members were enrolled at Olene, whose membership will be with the Klamath Falls union. Mrs. Harford's meetings begin here tomorrow—Tuesday—in the Methodist church at 2:30 and 8. Subject for afternoon, "Woman's Influence and Power: In the Home, in the Church, in Society, in the World." Mrs. Charity Way, a prominent temperance worker of southern California, and for a number of years State Recording Secretary, will lead the devotion to-morrow afternoon. Subject for the evening, "The Transformation."

INSTRUCTIVE PICTURES.

A large crowd witnessed the presentation of the pictures of Taft's inaugural parade at the Houston Opera House last evening. This is one of the latest films out, and it was greatly appreciated by those who have never had an opportunity to visit the national capital. The people are all familiar with the severe snowstorm which prevailed in Washington during the inauguration of President Taft in March, and the pictures were so realistic of scenes on Pennsylvania avenue and around the Capitol building that it was almost as good as being there—and a great deal more comfortable. Besides the miles of parade, pictures were shown of the national buildings, monuments and other famous places, and the audience spent a most pleasant and instructive evening.

Being a licensed exhibitor, and a member of the Northwestern Theatrical Association, Mr. Houston is able to secure all of the latest and best pictures being shown in the United States, and he has the privilege of selecting the best and most instructive pictures. Another late film shown by Mr. Houston recently was "Saved By Wireless," descriptive of the late disaster in New York harbor.

Ever been in an "affinity house"? Perhaps not, or perhaps you have and don't care to make a noise about it. Anyway, Seattle has such a place, and it is one of the features of the Pay Streak at the exposition. This attraction was dropped into the amusement cocktail to give life and color to the Pay Streak, and it all that, and some more. Sometimes it is called the Foolish House, the Bug House, the Crazy House, and everything else that signifies mental aberration. "If it is a crime to laugh, the proprietor of the Affinity House should be in the pen," reads a sign over the entrance.
