PYTHIANS INSTALL OFFICERS

Large Attendance and Much Enthusiasm Mark the Occasion

One of the most enthusiastic meetings ever held in the history of Pythianism in this city was held at Sanderson's hall Monday night. The occasion was the installation of officers. During the past six months the lodge has more than doubled in membership and is now riding on a wave of prosperity that is sure to make it one of the strongest orders in the city.

It was decided at the meeting that the lodge would change its quarters, and hereafter the regular stated conventions of Klamath lodge No. 99, K. of P. will be held every Wednesday night in the hall over the Virgil & Son furniture store. The hall has been secured for lodge purposes and is being furnished by the I. O. O. F. in a manner that will make it a credit to all the organizations that are to hold their meetings therein.

The move to the new hall will be a decided improvement in the meeting place. It gives a central location and commodious quarters. With the new quarters will also come another perceptible increase in membership, as many of the members of the order connected with lodges in all parts of the United States are taking steps to affiliate themselves with the local lodge.

The officers installed at the meeting Monday night were as follows: Wm. Wagner, C. C.; F. B. Brimmer, V. C.; John Irwin, prelate; F. W. Ritchie, M. A.; Bert North, M. W.; C. C. Hogue, K. R. S.; C. C. Coter, I. G.; Jesse Hart, O. G.

The final dimensions of the great drydock which the United States navy is building at Pearl harbor in the Hawaiian Islands show that the government is wisely building for the future. The dock will be 1,152 feet long from the coping to the outer sill, 149 feet wide at the top, and will have 25 feet of water over the entrance sill at mean high water level. There will be a sill in the middle of the dock for an intermediate caisson which will divide it into two docks, 575 feet and 532 feet long, respectively.

DR. GRAVES, OSTEOPATH.
