

FINAL WIND-UP

A liberal response from the public has somewhat demoralized the assortment and sizes in our stock of Clothing, Hats, Shoes, Furnishings and Etc. This is the result of a Great Sale advertised by this firm, and while we had not the slightest idea that we had gained so strong a confidence among our friends until our Clearance Sale announcement was made. For this we extend to all our many thanks and appreciation, and trust that those having taken advantage of our sale are all well pleased.

We now throw the balance of Our Summer Stock to the Public at very much less than their Former Prices

The prices do the selling—our salesmen simply attend to your wants. Here, now, DIGEST THESE BARGAINS, and don't let the other fellow get ahead of you.

W. E. Seehorn and wife, P. Hamilton and wife, Miss Kate Gibson and Miss Nieta York of Ukiah, Cal., returned home this morning from an outing in the Upper lake country. The party left here last Monday, and in the interim they bagged two bucks and one bear. They report that Doc Duggett and Henry Stout are at Island Lake. Fred Houston is camped about three miles below Island Lake, and had one deer in sight when they were there. Professor Butcher and Wilber White are camped at Four-mile lake. Mr. Seehorn states that deer signs are plentiful, but that the woods are full of hunter, and the dogs are driving the game back.
