D. C. Herrin and wife of Portland
 are paying this city a visit. Mr.
 Herrin, who is now engaged in the

 a native of this State, having been
 born near Ashland. He is a brother
 to Wm. F. Herrin, general counsel
 of the Southern Pacific company.

A present that is appropriate to
 send away or to present at home—
 Crater lake souvenir spoons.

At Mellattan's
 General C. R. Greenleaf, U. S. A.,

 The General and his wife left this
 morning for Crystal creek in com-

 Mrs. Frank Jennings. J. G. Pierce's

CHANGE AT OPERA HOUSE

Americans, whether by birth or
 adoption, love, above all else, a heart-
 ily laugh, and the patrons of the op-
 era house have enjoyed in the last
 two days the best laugh of years for
 the Rosell family have kept things
 moving at a lively pace every min-
 ute. All day people chuckle as they
 recall the gloriously funny actions of
 Daisy and Arthur and the excellent
 singing of little Miss Wanda.

To-night there will be a new treat
 for all—an entire change of pro-
 gram. The clever Rosell family will
 present a new sketch entitled,
 "Dutchie's First Picture." You will
 hold your sides as you watch the
 farcical actions of the trio; and Mr.
 Arthur Rosell will give an extra
 number including a new song and
 dance.

All who have ever sailed upon the
 restless bosom of the sea or stood
 spell-bound upon the shore and
 viewed it roll in ruffled majesty upon
 the beach must return ever and anon
 to watch again in fascination, dumb,
 the glorious ocean, waving and rag-
 ing in all its constant splendor. "The
 Smuggler's Daughter" to-night will
 show the sea, wonderful as always,
 beating on a rockbound coast. No
 one—man, woman or child—can af-
 ford to miss this treat, made doubly
 certain since it includes the best
 vaudeville act ever seen in Southern
 Oregon and some of the finest motion
 pictures Mr. Houston has yet had to
 offer.

FOR SALE—One 16-foot launch
 with 4-h.p. motor. Inquire of Ivan
 Daniels, or phone 541.

HIG LETTUCE

One of the largest heads of lettuce
 ever seen in this city was exhibited
 this morning by W. S. Slough. It
 was grown in his garden on the hill.
 It measured 29 inches in diameter,
 14 1/2 inches in circumference and
 weighed six pounds. It is what is
 known as the "Henderson Immense-
 ity," and, judging from its size, it is
 well named. Mr. Slough had it pho-
 tographed, and copies of it ought to
 be filed away for use when some real
 wise one comes along with the old
 stereotyped information that "you
 can't grow nuthin' here but alfalfa."

The disposition on the part of
 some to advance every argument
 against the great agricultural possi-
 bilities of this section is, to say the
 least, most aggravating. Ninety-nine
 per cent of those knockers never
 tried to grow anything but holes in
 the seat of their breeches; the other
 one per cent merely sowed some seed
 in the ground and expected nature to
 do all of the work while they sat
 around whittling a stick and cursing
 the country.

It is an indisputable fact that stuff
 will not grow if the seed is not
 slanted, and it is seldom you will
 find any of these kickers who have
 gone to the trouble of testing the fer-
 tility of the soil in this county. They
 are always ready with the informa-
 tion that a frost killed everything
 on such-and-such a date, or that a
 frost will do it next week, but they
 never volunteer the information that
 among the stuff destroyed was a crop
 of their own that showed indications
 of being unusually large. This sec-
 tion has its drawbacks. There is not
 a place in the world that is free from
 handicaps, but Klamath county will
 average up with any country on the
 globe, and when the score is tallied
 it will be pretty close to the top.

Description cannot describe this
 ale; to tell of it is like attempting to
 describe the "muchness" of the
 moon. Portland Store, next to Post-
 office.

UPPER LAKE NOTES

Steamer Hornet made a special run
 up Williamson river during the week.
 Steamer Mazama is kept very busy
 by Wood river people, and well they
 should, for she is built for the Wood
 river trade and Messrs. Parker &
 Taylor are good men and deserving.

The mill has been shut down for
 over a week on account of logs. The
 happy Hoolligan is having a happy
 time wrestling with the big ratt she
 is bringing down the lake. She is
 expected in port to-night.

Distinguished visitors at St. Cloud
 were Dr. Taylor of Klamath Falls and
 Prof. Agnew of St. Mary's College of
 Oakland, Cal., who paid us a pleas-
 ant visit on Friday. We are always
 pleased to meet men of letters, or
 true gentlemen and ladies of any pro-
 fession.

Captain Wickstrom of the Eagle
 arrived back from Alameda after a
 week's absence.

The big box factory is expected to
 start up on Monday. This, with the
 starting of the new pressed brick
 and tile works, will add greatly to
 our diversified industries on the
 Upper lake.

We hear that a deep well, or ac-
 tesian drill, will be operated soon in
 these parts; also an experimental
 drilling for oil, which experts think
 can be struck here.
