NEWELL MAKES CURT DENIAL
 Meeting of Senate Irrigation Committee and Water Users' Association Develops Warm Argument

Regarding the recent meeting between the senate irrigation committee and the water users' association of the Sunnyside district, the following interesting account comes to us via the exchange route:

The senate irrigation committee Saturday in the Sunnyside district of the Lower Yakima valley, going over the government projects in company with Secretary Ballinger, who joined them there. With the senators was also a citizens' committee from North Yakima, representing the city and commercial club, and at the close of the day they accompanied the senators home.

Sunday the senators visited the Tieton project, and returned to North Yakima in the evening and were entertained at a smoker by the commercial club before they left for the coast.

At Sunnyside the committee, with Secretary Ballinger, was present at a meeting of the Sunnyside Water Users' association, at which Walter Granger, manager of the Sunnyside canal, was charged with favoritism, mismanagement, incompetency and dishonesty by the trustees of the association. Senator Carter presided at the meeting.

The Ho was passed between F. H. Newell, director of the reclamation service, and the Sunnyside canal trustees. Newell denied that the charges against Granger had ever been made to him, while the trustees maintained they had at a meeting last year. Secretary Ballinger said that if formal charges were preferred against Granger they would be given consideration by his department.

The statement that Granger might "doctor" the books if given time was characterized by Mr. Ballinger as an insult to the reclamation service.

Best Cures for the Poor.
 In New York an agitation has been started for the establishing of rest cures for poor, overworked women. Already the rich have their rest cures in sanatoria that are large in number, luxurious in appointments and steadily on the increase. It is quite as important that such refuges should exist for those who have too much to do for those who have too little! But now the problem is how to provide the opportunity for the busy folk to take the cure.—Boston Herald.

Might Get Him in Bed.
 Broadway is laughing over a story about a wine agent and an eminent actor, whom the other had attempted to make use of as an advertising medium. The agent is introducing a new brand of champagne, and the other day he induced the actor to assist him in the consumption of a pint of it at one of the fashionable restaurants.

happen to feel like it," he said "Delighted to do you a good turn of course," responded the actor. "It's this way," the agent explained. "You are traveling about the country a great deal and stopping at the best hotels. Now, I want this champagne to become known in order to create a demand for it. What I would like you to do is to ask for my wine by name at the hotels you go to, so that the hotel men will get the idea that it is popular in New York and send in their orders for me will you?"

"I'll ask for it with pleasure," the actor declared. "But, good heavens, man!" he added, in sudden alarm. "Suppose they should have it?"—Harper's Weekly.

NEWS PUBLISHED

What would you say if some man living in Klamath Falls made it his business to drive out to your place, no matter what part of the county you are living in, and spent several hours telling you all the news? And what else would you think if he said he would be glad to come out the following week and do the same thing again, and promised to come every week in the year? Wouldn't you inquire as to his mental condition? Well, I guess you would want to know what business he was engaged in that he had so much spare time for disseminating news, or had some ultimate object in cultivating your acquaintance.

We'll bring the News.

Well, here's the point: The editor of the Weekly Republican has a better proposition to make you than the man who peddles news from house to house. It is not worth your while to ask what our business is; it's to peddle news, and peddle them in the best manner and shape possible. It is an impossibility to propose to make a personal visit to do this news-telling act; we simply concentrate our time and save buggy wear and horse feed (your horse feed) by staying right in Klamath Falls and gathering every bit of news that's going and printing it in The Republican. We are not a nephew of Uncle Sam, and consequently we have to pay the postage to send the paper to you, but even then that's easier than to ply the gad over that old gray mare to get out to your place and hand you the paper personally.

Oh, yes; you may as well know, too, that we have an axe to grind by coming out to see you every week in the year. Mother says father came to see her twice a week for four years before she found out what he was coming for, but The Republican will make you understand in less time than that. You will get to know all the news of the county, and lots of things besides—things that go to make you as snappy and up-to-date as any other man in the township, or county, either; you won't get wise to things that occurred three months ago—you'll know them the week they happen. If you don't it's your own fault. Tie a string on your little finger when you start to the Falls next time and subscribe for The Weekly Republican to come and tell you the news every week in the year.

Watch the Ads, Too.

Read the ads—all of them. Look them over each week as carefully as you do the news matter. It costs the merchants good hard-earned money to put those ads in the paper, and they mean them to be read. If you miss getting the full worth of your subscription money it's because you fail to read The Republican ads. You know where to trade when you come to the city; or at least you can't blame it all onto your wife if you make had bargains.

Helping the Town . . .

By banking your money in a bank in your own community you increase the community's power to do business. If substantial farmers want to borrow money there is more to loan them. If you have your money away from home it is loaned to other farmers, merchants and manufacturers. Help your home people. Money hidden at home helps no one. Placed in a bank it is put to work in ways that help all.

The First National Bank of Klamath Falls

is a good bank to put your money in—safe and reliable.

A Savings Account . . .

is a rainy day fund, a life insurance policy, a sick benefit, a funeral benefit, and an old age pension. There is no forfeiture clause in the passbook, and it is under the owner's control at all times. It will tide him over sickness; it will care for his family when he must go; it will see him through old age, and bury him when he dies. It is a simple business proposition. Single copy, and keep it up, and, like money in the desert, it will supply him on his journey.
