The Klamath county high school this year will offer in addition to what it has previously done a teacher's training and review course. This will give teachers who want such a course a golden opportunity to get the regular normal training work as well as a complete review of all the subjects in which they are expected to take examination. The normal

work will be done in connection with a model school by a teacher who is a specialist. The review work will be so given as to prepare teachers especially for the February examination. The teachers of the county should avail themselves of this opportunity to prepare themselves for a better position. Inquire for any further information of Principal John T. Butcher, Klamath Falls.

Week's Doings AT THE BIG STORE

We didn't do quite as well as we expected last week. One man phoned to be couldn't come Saturday; his mother-in-law fell down stairs and ran a luncheon in her eye. But he said she could still talk some. So we lost about three dollars and four bits in last week.

Anyhow, one man bought a good bed, spring and mattress for \$20; another man got away with a fine McQueen mattress worth about \$15; a lady bought a dress and all things for about \$10; another man called at the window to order shoes for his young son; and a lot of other things for \$15; another

lady bought a fine rug for \$17.50 and a dandy little one for a dollar and two bits. We knocked off some on a carpet deal, and made another lady happy. One man got a frying pan for 15c and a rolling pin for 10c. One man looked at a \$65 range, but didn't buy, he said he could buy a range elsewhere for half the money that would last him a year or so. A man paid 10c for a yard of real good carpet for his dog to sleep on. We are awfully thankful for the patronage received last week, and we hope there are others that will need a few things to cook and sleep with. Don't forget the place.
