Helping the Town . . .

By banking your money in a bank in your own community you increase the community's power to do business. If substantial farmers want to borrow money there is more to loan them. If you bank your money away from home it is loaned to other farmers, merchants and manufacturers. Help your home people. Money hidden at home helps no one. Placed in a bank it is put to work in ways that help all.

The First National Bank of Klamath Falls

Is a good bank to put your money in—safe and reliable.

A Savings Account . . .

In a rainy day fund, a life insurance policy, a sick benefit, a funeral benefit, and an old age pension. There is no forfeiture clause in the passbook, and it is under the owner's control at all times. It will tide him over sickness; it will care for his family when he must go; it will see him through old age, and keep him when he dies. It is a simple business proposition. Begin early, and keep it up, and, like manna in the desert, it will supply him as he journeys.
