KLAMATH FALLS, OREGON, TUESDAY, DECEMBER 7, 1909.

CITY'S CREDIT AT HIGH MARK

SALE OF SEWER BONDS SAVES
FOUR THOUSAND DOLLARS

MAKES SANDERSON HAPPY

It Places the Credit of the City Sec-
ond to None on the Pacific
Coast.

The happiest man in Klamath Falls today is Mayor Sanderson, and is all due to the success that has followed the re-advertising of the sewer bonds. Both of it lies a period of doubt and uncertainty, threatened at times with legal complications and personal controversies. When the representative of Morris Brothers returned here, after the bid of Kenn & Co. was thrown out, he intimated that his company had a legal claim to the bonds and that, anyway, the city could never get a less bid than the one he offered. When he was informed by Mayor Sanderson that the city was entitled to and would get a 5 per cent interest bid, the gentleman laughed at the idea. The correctness of the mayor's judgment is demonstrated in the fact that the city got the 5 per cent bid, and with it a slight bonus. The representative of Rollins & Son congratulated the city on securing this low bid, as it places its credit in the Al-Clam, making it second to none on the Coast.

Great as the victory is in this bond issue, it is dwarfed into insignificance when it is lined alongside of what the selling of the bonds mean to the city. It is the opening of the door on a new era, one that means that Klamath Falls is to take its place alongside of the progressive cities of the Coast. Times are changing in the West, and only the cities that are possessed of the spirit of progress are going to forge ahead. No one thing has held this city back as has the fact that it was without a sewer system. In addition to this, the con-

dition of the streets has been such as to discourage capital from making investments here. It stamped the city as non-progressive, and while it was not to blame for this, capitalists accept things as they are and form their opinion accordingly.

Now that the money has been secured for the construction of a sewer system, it means the paving of Main street. There are few if any of the property owners on this street who will not be in favor of paving it. The plan now is to follow the installation of the sewer system with the paving, so that at the close of the season next year the street will have been sewered and paved. This will give an impetus to business here that will be sure to prove beneficial to every resident of the city.

The time is not far distant when more bonds will have to be issued. The interest mark has been set in the sewer bond issue and means that future sales will be based on that percentage. The bid of Rollins & Sons has saved the city \$4,000, which is a tidy sum to lay aside on one transaction.

MARKET CHANGES HANDS

J. Konop, formerly employed by the City meat market, has purchased the Ludtke market, and beginning tomorrow will preside over the destinies of that establishment. Mr. Konop needs no introduction to the housekeepers of the city, as he has established for himself a reputation as being one of the best meat men that ever came to this city. He proposes to maintain a strictly high-grade market, where the best in the market can be procured and at prices that will be suitable to the purse. He is to make a specialty of bacon and hams, something for which the City meat market had more than a local reputation. Mr. Konop is possessed of a pleasing personality that is sure to win for him more than his share of the meat and poultry business of the city.

A. F. Arant, superintendent of the Crater Lake national park, has purchased the new bungalow on Ninth and Jefferson streets recently built by A. L. Evans, and will move his family there within the next few days.

HEAVY VOTE IN CONTEST

CONTESTANTS BRING IN NUMBER
OF SUBSCRIBERS

INTEREST IN SPECIAL OFFER

Contest Closes Shortly—Standing of
Candidates Will Be Published
Thursday Next.

The special vote offer that we are now making contestants is meeting with the approval of the candidates and their friends. Patrons who intend to help either of the young ladies should do so this week by all means. This is the critical stage of the contest; the young lady who gets a large reserve vote this week will stand an excellent chance of winning the trip. If you are a subscriber at present there is no advantage whatever in waiting until the last minute before paying your subscription; if you are not a subscriber, now is the time to become one. The Herald covers the local field in a thorough manner, and to know what's doing in the Klamath country one must be a subscriber.

Second Payments

Candidates who have taken subscriptions for three or six months at the beginning of the contest should get these subscribers to pay for the rest of the year. This will count the same as if turned in as a yearly subscription. For example: A person who paid you for three months \$1.25, you received 300 votes; by paying you \$2.75 more you will get 2,000 votes, less the 300, or 1,700 for the last payment. This ruling also applies to any second payment you may secure. The money will also count on the special offer now in vogue. When turning in such payments kindly mark on your report "second payment."

Golden Opportunity

Candidates should devote as much time as possible to the work this

week. A few subscriptions now will count a great deal more than during the last few days of the contest. Subscriptions should be turned in as soon as received. Accurate account will be kept of all subscriptions turned in by or for the candidates during this offer. The offer positively closes Saturday evening at 6 p. m.

The contestants will be given the extra ballots at the close of the offer. The standing of the candidates will be published again next Thursday and every day thereafter until the close of the contest.

Read the special offer carefully. A great many subscriptions have been promised the various candidates and to aid them in closing these up we have made a big special offer for a short time only. This will be the only special vote offer on old and new subscribers during the entire contest. If you have friends who want to help you when their help counts the most, now is the time for them to do it.

Extra votes will be awarded as follows: Each candidate turning in not less than \$50 will receive 15,000 extra votes; those turning in not less than \$75 will receive 25,000 extra; those turning in not less than \$100 will receive 40,000 extra votes; and for every \$25 turned over \$100, 15,000 extra votes will be given. Thus by turning in \$125 you would receive 55,000 extra votes.

This offer closes Saturday, Dec. 11, at 6 p. m. All of the moneys turned in after today by or for the young ladies will apply on this offer. Work hard this week and close up all of your promises; the extra votes you get during this offer may win the contest for you. See all of your friends and ask them to get one subscription for you during this offer. They will be glad to do it for you.

Close up all of your promises this week. If people ask you to call again, ask them to set a definite date, and be sure to call on that date. Remember this will be the only time during the contest that you will be able to get extra votes on old and new subscribers. And this offer holds good for only one week. Work hard now and pile up a good reserve vote for the finish.

Nearly the entire day in the Circuit Court was consumed in securing a jury to try the case of the State of Oregon vs. O. T. Anderson, accused of subornation of perjury. The indictment is to the effect that the grand jury being in session and hearing evidence in the case against O. T. Anderson, accused of extorting five head of cattle of the value of \$75 from one Mack Williams, an Indian, by threats of prosecution for crime, and the said Mack Williams having been subpoenaed and being then in attendance upon said grand jury as a witness in said matter, O. T. Anderson did then and there unlawfully, knowingly, willingly and feloniously incite, instigate, procure and suborn the said Mack Williams to falsely, knowingly, unlawfully and feloniously swear and testify, when called as a witness, that the said five head of cattle were delivered by him to said Anderson in payment of a horse.

"The Long Reach" is a marvelous trick picture, novel and so intensely interesting. "The Laurel Wreath" is a historical series, beautifully colored. "The Royal Outcast" is a tale of the enchanted land of Arcady of which the poets dream. "Show Your License" is extremely timely when everyone is hunting and one is at a loss to say who has the right and who has not. "A Visit to Bikra" is an interesting travel series where, while staying here at home, you journey through one of the charming old-world countries beyond the sea.

More and better presents for less money at Star Drug company's.

NO MORE GASOLINE

LIQUOR SHIPPED MUST BE LA-
BELED ON OUTSIDE

GOVERNMENT TAKES A HAND

Amends the Penal Code So As to
Cover Liquor Shipments
After January 1st.

Klamath Falls will be unable to get its booze under the guise of gasoline or other commodity after January 1.

Another phase in the great campaign against liquor will come to the fore the first of next month, when the revised penal code of the United States is to become effective. Many of the changes made in the penal laws by the Sixtieth congress were of minor interest, but the section relating to the shipment of intoxicating liquors into "dry" territory contained new legislation, the result of which will be to make the United States a factor in prosecuting violators of the act. In thickly settled communities the local authorities, as a rule, are able to deal effectively with offenders, but in certain sections of the south and west, where settlement is sparse, the task is not so easy, and the members of congress from those sections insisted that the federal government should come to the aid of the local authorities.

Three sections of the new codification relate to the liquor traffic. The most important provision is that on and after January 1st every shipment of intoxicating liquor shall bear the name of the consignee, the nature of the contents of the receptacle and the quantity contained therein. It is a notorious fact, so say persons who have had experience in attempting to drive out "blind tigers" that practically all the liquor now shipped into prohibited territory is labeled as some other commodity, or not labeled at all, and frequently addressed to persons other than the consignee.

The federal authorities already have sent out notice to all manufacturers of intoxicants that their wares must be labeled on the outside of the package on and after the first of the new year, setting forth the nature of the contents and the exact amount in each package. It is believed that if the local authorities co-operate with the federal government in the enforcement of the law it will be a comparatively easy matter to suppress the "blind tigers." It is pointed out that from now on they cannot exist without violating the federal statute, and the assumption of the department of justice is that would-be violators will not care to take the chance of falling into the clutches of the federal courts.

It has been alleged from time to time that in some of the states where the sale of intoxicating liquor has been prohibited in one way or another the railroads and express companies assisted the violators of the law by acting as buying and selling agents, or both. Congress, with the idea of putting a stop to this practice, provided as follows: "Any railroad company, express company or other common carrier, or any other person, who, in connection with the transportation of any spirituous, vinous, malted, fermented, or other intoxicating liquor of any kind, from one state, territory or district of the United States, or from any foreign country into any state, territory or district of the United States, shall collect the purchase price or any part thereof, before, on, or after delivery, or shall in any manner act as the agent of the buyer or seller of any

such liquor, for the purpose of buying or selling or completing the sale thereof, saving only in the actual transportation and delivery of the same, shall be fined not more than \$5,000."

BRIEF MENTION

Harry Nichols of Bonanza is in the city.

The great lace sale continues at the Brick store.

Dressed poultry at the Monarch Mercantile company.

J. S. Dawson is in the city from his ranch at Altamont.

A postcard album would please one of your friends. Star Drug Co.

Mrs. Maggie Whitsett left for Bly this morning on the stage.

The best tea and coffee can be had at the Monarch Mercantile company.

A nice pocketbook for the father, husband or young man. Star Drug Co.

Buck and Quinn Anderson are down from Bly attending the county court.

A chafing dish given to one of the family will surely make a hit. Star Drug Co.

"This is too much," murmured the old cow-horse as the haystack rolled over on him.

We pack, label and arrange for shipping presents with no cost to you. Star Drug Co.

It is cheering to note that petitions to Congress need not now be sent to Africa.

Cutglass is an elegant and refined gift. We have the kind that is "classy." Star Drug Co.

People are crowding to the Brick store, where beautiful lace is being sold at a great reduction.

William Wilson and mother of Merrill are in the city visiting with Mr. and Mrs. H. E. Momyer.

A Christmas card costs little, yet brings happiness to the recipient. In endless variety. Star Drug Co.

City Marshal Carter returned last evening from Ashland, where he has been for the past few days on business.

The recent thaw has well-nigh ruined the skating on the canal, but cheer up! It may freeze again before spring.

Does your payday come on Saturday? If so, you may be pleased when you learn that there are 53 Saturdays in 1910.

Twenty per cent less than the San Francisco cost price is what you will pay for the lace you get at the Brick store sale.

Mr. and Mrs. Mike Lippard of the Stukel ranch are visiting in the city with Mr. Clark of the light and water company.

The hides of ten coyotes and six bobcats were brought into the county clerk's office Monday and the bounties thereon collected.

The precipitation at this place for November was 3.25 inches, the greatest rainfall on record for that month in any year.—Silver Lake Leader.

Come now to buy presents. The stock is complete, the clerks not rushed and altogether you can shop in a more satisfactory manner. Star Drug Co.

MEETING OF CITY COUNCIL

CITY DADS IN REGULAR SESSION
TO DISPOSE OF BONDS

DISCUSSED BIDS ON BONDS

Accept Bid From E. H. Rollins &
Sons With Five Per Cent In-
terest Only.

The city fathers met in regular session Monday evening and after allowing all bills for the salaries of the city officials and street work, and certain bills for transfer work and the taking of the hose carts to the fire at the City Laundry, a discussion on which of the bids on the bond issue should be accepted was taken up.

Several of the councilmen discussed their views of the subject and G. P. Andrews, representing E. H. Rollins & Sons of Boston, Chicago, Portland and San Francisco, explained the bids made by his company and offered to forfeit the \$2,000 certified check sent with the bid, if his company were not dealing in good faith and could not deliver the money within a reasonable time. A motion to accept the bid of E. H. Rollins & Sons—\$40,000 at 5 per cent interest, with a premium of \$66—was introduced by Councilman Castoll and passed.

Three new bids received after the time stated in the advertisement of the bonds, namely, 1:30 o'clock December 6th, were then opened and were found to be inferior to those previously received, even though it had been previously agreed on the advice of City Attorney Drake to ignore them. The later bids were as follows: A. J. Hood of Detroit, \$40,000 at 5 1/2 per cent, with \$600 premium; McKoy & Co. of Chicago, \$40,000 at 5 1/2 per cent, with a premium of \$480, and \$40,000 at 6 per cent, with a premium of \$304. These bids were not considered.

After an informal discussion of the advisability of placing the main sewer on Main street or Klamath avenue, the following letter addressed to the mayor and council by R. M. Kelly, secretary of the Underwriters' Equitable Bureau of Portland, was read: The Honorable Mayor and City Council, Klamath Falls, Oregon.

Gentlemen: A recent survey of your city shows that your property owners are entitled to a reduction of about 5 per cent from the present rates of insurance. We have to advise you that if improvements in the water system, such as we have been informed are contemplated, should be made, a further reduction of at least 12 per cent will be allowed. This does not mean that all buildings would receive a flat reduction of a specific amount, but owing to changed conditions since the last rates were published, some would be
