FOURTH YEAR, No. 1,032

KLAMATH FALLS, OREGON, MONDAY, DECEMBER 13, 1909.

PRICE 5 CENTS

WOMAN'S CLUB SELLS STAMPS

LADIES WILL LEND AID IN FIGHT AGAINST TUBERCULOSIS

CHRISTMAS STAMPS ON SALE

Everyone Urged to Use Them on Letters and Packages—Come One Cent Each

The woman's club has secured the privilege of selling the Christmas stamp in Klamath county and have placed the stamps on sale at the Public Library, Star drug store and the Square Deal. In addition to this the Portland store has already secured a large quantity of the stamps, and are placing one on each package and letter sent out.

The world grows kindly as it grows old. Each recurring Christmas brings some new device of human intelligence against the evils which beset us. The war against tuberculosis, the white plague, has been particularly fertile in calling out the resources of militant love. This year the Red Cross stamp offers a novel and facile opportunity for everybody to take a hand in the fight. Its direct purpose is to collect funds to maintain open-air day camps for tuberculous patients. The stamps are on sale at the Public Library, Star drug store and the Square Deal. A penny piece is the price. You buy a hundred or a thousand and stick them on everything you send by mail, letters, parcels, Christmas gifts. And when the recipient sees the stamp with its message of world-wide humanity, it sets his old heart aglow and he rushes down to the store to buy a bunch for himself, and so the blessed game will blaze around the world.

In 1904 in Denmark the government issued a Christmas stamp, with the king's head and the word "Jul"—the same as our "Yule"—on it. It was not good for postage, only as a "sticker" for Christmas letters,

postcards and packages. The proceeds from it were used for the support of a tuberculosis hospital for little children. This Christmas season the National Red Cross society has issued the stamp in America, the proceeds to go to fight tuberculosis in the state in which the stamp is sold. The Visiting Nurse association of Portland secured the privilege of selling it in Oregon, and every penny will go to fight the white plague in Oregon.

Ten per cent of all the deaths in Oregon are from tuberculosis. Tuberculosis is preventable. We must teach the child, the housewife, the farmer, the factory worker and the professional man how to avoid the disease. Tuberculosis is communicable. We must learn how to care for ourselves so that we will not give it to others.

Tuberculosis is curable. "We must care for the consumptive in the right place, in the right way, at the right time, until he is cured; instead of, as now, in the wrong place, in the wrong way, at the wrong time, until he is dead."

BASKETBALL GAMES.

On December 27th and 28th the High School basketball team and the Cardinals expect to meet the fast Eugene Athletic club. The High School will probably play the first game with the visitors, and on the following evening the Cardinals will have a crack at the Eugene bunch. This promises to be by far the greatest sporting event of the year for Klamath Falls. Both the High School and the Cardinals have shown the highest class of basketball playing, and that they are able to compete for honors with any basketball team in the state. They warrant something especially spectacular to the people when these games come off.

There is only one obstacle at present that confronts the managers of both local teams, and that is their financial condition, which is extremely low. There will be a large expense to be met, chief part of which will be the payment of \$125 to the visitors for their expenses. The local boys believe the people will give them their most loyal support, and that the expense will be fully met by the gate receipts. However, the Eu-

KLAMATH COUNTY WHEAT BEATS WORLD

Thomas Martin, of this City, Takes First Prize at the National Corn Exposition at Omaha

Klamath County wheat against the world. Again has Klamath county entered in open competition with the world and carried off first honors. Thos. Martin of this city has been notified by telegram that he was awarded first prize for the best wheat of blue stem wheat at the National Corn exposition at Omaha, the competition being open to the world.

The wheat was grown by Mr. Martin on his ranch below the city, without irrigation, and was among the exhibits taken by C. T. Oliver to the Dry Farming congress at Billings, Mont., and later to Omaha. This is the third time that Klamath county has been awarded first prize for its wheat. Its exhibits have entered into competition with every wheat producing section of the United States, and each and every time this county has carried off the prize.

FACTS FROM THE FORT

FORT KLAMATH, Dec. 13.—(Special)—The telephone line to Fort Klamath is now arranged so that the throw of a switch will make of it a telegraph line, and Mr. Editor, this bit of news to you is by telegraph.

The Mazuma, ice-bound at the Weed bridge, tried to leave the river yesterday, and may have succeeded, as the weather here has moderated considerably.

Freight is delivered to the Fort from Klamath Falls at 1 1/4 cents per pound, the entire distance being covered by teams. The summer rate is 35 cents when it is handled by boats. Quite a lot of freight is now due.

Jaas Wheeler is job at this end of the stage line for the winter. The mail is carried by wagon through from the Falls, and will continue thus until the passing of the ice on the lake.

Chas. Zumbrom, John Knot's brother-in-law, is paying him a visit.

Tom Kinney has left Odessa, and now has charge of the Shive place at Crystal Creek.

We are out of spuds and coaloil, and now have to eat sour dough bread by candle light as a consequence.

Men are still at work on the break in Anna creek, but the water continues to pour out over the valley, and the Fort is certainly getting its share and more of the water that is flooding things up this way as a consequence of the break in the creek's bank.

The Klamath Shoe store has a sale on for December 18th, for one day only.

ALOHA CHAPTER No. 61, O. E. S.

Annual election of officers Tuesday evening, December 14. All members are requested to be present. By order of the Worthy Matron. LULU STRAW, Secretary.

gene team wants a cash guarantee of \$125 before making final arrangements. Now, to obviate all probability of being disappointed in not having the game because insufficient gate receipts, each of the local teams will send out several of their men to the business men of Klamath Falls, asking for a small subscription, so that they may forward the guarantee in due time to the Eugene club, and that they may also have something to fall back on should the gate receipts be too small to defray all expense. The money, it must be understood, will be collected only in case the gate receipts will be too small. The local boys believe all the business men will be glad to meet them and help and encourage them. Some of the business people have already intimated their willingness to help out.

Both teams are hard at work preparing themselves for the upcoming event. Another game will be played between the High School and the Cardinals December 19th, and it is hoped that the people will all turn out, as was done on previous occasions. Everybody be there to help the boys and to enjoy yourselves.

In the early '80's at the New Orleans exposition, Klamath county took first prize for its wheat. In 1907 at Sacramento this county's exhibit of grain was awarded first prize. This last victory, however, establishes the quality of grain grown in this section beyond the question of a doubt, as there is greater interest taken in these expositions these days, and at Omaha there were exhibits from all sections of the United States and the world.

In addition to first prize Mr. Martin was awarded one of the special prizes offered by James J. Hill for grain grown on Great Northern lines in the states of Oregon, Washington and Montana.

ENORMOUS VOTE IS CAST

SPECIAL OFFER BROUGHT BIG RESULTS.

MISS MASTEN STILL LEADS

Miss Harris is Only 1,000 Votes Behind—Candidates Are Working Hard With Good Results

The Herald's big voting contest is now on in deadly earnest, and the young ladies who have already entered to try for the free trip to Los Angeles are reporting the greatest possible success, beyond even their most sanguine expectations. That the young ladies are taking an active interest is shown by the vote last week, when the largest vote in the history of the contest was cast, all of the candidates taking advantage of the big special offer, which closed Saturday night. Many of the candidates closed up all of their promises, others were not so fortunate. If you have any close them up at the earliest possible moment.

Some other candidate may get them if you don't.

The contestants have different modes of getting subscriptions. One young lady asked all of her friends to get one subscription for her, in

speaking of her success to the contest manager she says:

"I was never so surprised in my life, every one of my friends that I had asked to help me gave me at least one subscriber, and one gave me three."

This is only a sample. Every one has her friends who will be more than glad to aid her in her effort to visit Los Angeles. What one girl's friends did for her your friends will do for you. Don't be afraid to ask them. What are your friends for if they are not your friends when you need them? The trip is something worth striving for, and striving hard. And it does not cost much time, either, only a few hours each day during your spare time.

Don't forget your home merchant, you patronize him, instead of sending away to mail order houses and now he should help you. Some people may ask you to call again. If they do, ask them to set a definite date for you to call and make it a point to call on the date set. If they refuse to give you a certain date you know that they don't intend to help you, they only want you to think they do.

The unusual interest taken by the people of Klamath Falls in this great contest is evinced by the large number who drop into the office to either renew or subscribe and to cast their votes for their favorites.

The following is the standing of the candidates up to date:

Flora Masten 54,200

Helen Harris 53,000

Golda Barnes 73,000

BUYS MERRILL RECORD

Mrs. Nate Otterbein, who for the past several months has been in the employ of the Herald as linotype operator, has purchased the Merrill Record. Merrill and the Record are to be congratulated, for Mrs. Otterbein is a woman of more than ordinary ability, a business-getter and enterprising. She will put a vim and snap into the Record that cannot but redound to the benefit of Merrill.

That she will more than do her share in the upbuilding of the community is certain. If the business men of Merrill are possessed of an atom of appreciation of hard, conscientious work, then they will stand back of the Record and give to it the moral and financial support necessary to the success of a newspaper in any community. The Herald wishes Mrs. Otterbein success.

BODY IS SHIPPED

The body of the late M. C. Markoe was shipped to Forest Grove this morning for interment. The remains were accompanied by Mrs. Markoe, Mr. and Mrs. H. E. Felts and Miss Montgomery a cousin of the deceased, who arrived last evening from Albany.

BIG DAMAGE CASE

The trial of the case of H. E. Pointer vs. the Klamath Falls Land & Transportation company, in which the plaintiff is suing for damages, was begun in Circuit Court this afternoon. Mr. Pointer is represented by R. S. Smith and H. M. Manning, while

the defendant is represented by Judge Thos. Drake and Benson & Stone. Mr. Pointer is suing for damages on account of an injury received by being thrown from a wagon on Main street some two years ago. The company is made the defendant, as it is alleged that the accident was due to the unsafe condition of the street car rails.

The following jurors were chosen to decide the case: H. J. Rockwood, Geo. Chastain, J. Y. Johnson, Jeff Wilson, R. W. Tower, James Taylor, I. D. Ross, Thos. Stanley, John Hibberts, F. T. Nelson, H. Bolvin and W. A. Turner.

CRATER LAKE ROAD CASE IS NOT SET FOR HEARING

Case Supposed to Have Been Placed on Calendar for Hearing on December 18th

The whereabouts of the Crater Lake road case at present is a matter of conjecture, owing to the fact that the different attorneys who volunteered to appear in its defense have not yet been able to agree upon a day when they could argue the matter.

The Supreme Court evidenced a willingness to advance it on the calendar to suit the convenience of the attorneys for the defense, but so far the case has not been placed on the calendar. It was proposed some time ago to try the case out in the Supreme Court on December 18th but it happened that all of the attorneys could not be present on that day. Since, apparently no effort has been made to have it set for trial and now the matter seems forgotten by those supposed to have it in charge.

SHOE FACTORY SOON

Another Manufacturing Concern to Be Launched in Klamath Falls

J. E. Ritter of the Klamath Shoe store has placed an order for a complete line of machinery for an up-to-date shoe factory, and expects in the near future to have quite a force of men at work.

Mr. Albright, one of the best cutters and fitters in the country, is already on the ground, waiting to install the machinery, but Mr. Ritter states that he will still make hand boots and shoes in connection for those who prefer them made that way.

AT THE OPERA HOUSE

Tonight at the Opera House besides a complete motion picture show, including several new films never before seen in this city, Castleman and Montgomery will present a novelty comedy act entitled "A Dream." This act runs twenty-five minutes, with two changes of costume, two dark scenes, songs, and Miss Montgomery will dance the famous Spanish dance. The price of admission will be 10 cents for children and 25 cents for adults.

Carl Larson Sparretors of Bonanza, a native of Denmark, was granted his petition for naturalization on Saturday.

REALTY BOARD TAKES ACTION

BENSON EXPLAINS PLAN TO MEMBERS AT LUNCHEON

ENDORSE THE SALE OF LAND

Resolution to Be Sent to Oregon and California Representatives in Congress

The members of the Klamath Falls Realty board met at luncheon today at the Hotel Livermore, with Judge H. L. Benson as their guest. Mr. Benson was requested to be present for the purpose of explaining his theory as to the sale of the swamp lands, when reclaimed by the government, for the benefit of the Klamath project.

The members were so favorably impressed with the scheme that they appointed a committee to confer with the Water Users' association and the Chamber of Commerce with the object of passing a resolution to be sent to congress asking their aid in the matter. It is hoped that a law may be passed by congress allowing the proceeds from the sale of these government lands to be applied toward paying the cost of the Klamath project. If this is done it is believed that it will materially lessen the burden which has been placed upon the land owners.

It is conceded that if the farmers are to pay the high cost for water that some assistance will be necessary and the proposition suggested by Mr. Benson appears the most feasible one yet mentioned. It is claimed that these lands were given by the states of Oregon and California to the United States government to be used for the benefit of the project, and that in simple justice the people under the project are entitled to the proceeds from their sale.

Following this discussion the board took up several other matters of importance, among which were the sale of additions to the city and the enforcement of the regulations laid down by the board and the commissions to be charged on sales.

A. F. & A. M.—SPECIAL

Monday night, the 13th, will be stated communication and election of officers. All members should make a special effort to be present. All visitors are cordially invited. By order of the W. M. O. E. GATES, Secretary.

CARD OF THANKS

I desire to thank the many friends for their kindness and sympathy and helpfulness during my recent bereavement.
