KLAMATH FALLS, MONDAY, DECEMBER 20, 1909.

DAIRY DEVELOPMENTS

Joe Welch is shoeing horses at the Shook ranch.

About the best thing to strike a match on is a file. Ever try it?

A lot of young people are practicing for the Dairy Christmas entertainment.

The saw mill in the upper part of the valley is not doing much sawing these damp and snowy days.

We had pretty good sleighing for one day last week, and then the snow went off with a rain and thaw.

Dave Shook lost four range cows during the late cold spell, chiefly by reason of their breaking through the ice.

Mr. W. P. Sedge's bond as postmaster at Dairy was made out last Saturday and sent away to Washington.

Wm. A. Flackus has finished the bridge he was building near Merrill, and he and his gang have returned home.

Arrangements are being made for giving a Christmas tree festival at the Hildebrand school house Christmas eve.

Joe Welch killed twenty-two rabbits in a couple of hours the other day. And Mrs. Welch says he can't shoot, either.

Will Shook's greyhounds killed four coyotes in the last few days. These varmints (the coyotes, I mean) are very numerous this winter in the valley.

A "poor man's party" was given at the bachelor home of Mr. John Donald last Friday evening. It was largely attended—every one wearing their commonest clothes.

Pat Colahan was unfortunate enough to have his shoulder dislocated a week ago by being thrown beneath the horse he was riding, near the Chas. E. Drew place. He will be "out of commission" as a broncho buster for a short time.

Mr. and Mrs. A. L. Michael of Dairy contemplate making a two-months' visit to California, going as far south as Los Angeles before returning. They expect to depart about December 31st. Mr. Michael is a

hard-worker, and certainly deserves a rest.

The Christmas eve entertainment is to be held in the school house, and is to begin at 7 o'clock sharp.

One of the funniest things that has occurred during the recent controversy over the proposed sale of the tule lands matter, to my mind, was the chipping in of Rex E. Bord, when he had nothing of any consequence to say on the subject—and he said it in such a grandiloquently manner as to be side-splittingly laughable.

While the grand jury is about it, some people are wondering why it does not do something toward bringing to justice the parties who attempted to have Phillip Oden of Pine Flat indicted for shooting at a certain party whom the former grand jury found he didn't shoot at—that the whole affair was a clumsily put-up job. It was a story concocted out of a desire for revenge.

Omaha papers seem to take little account of the Klamath county exhibit at the great National Corn Show—simply alluding to it as a part of the Union Pacific exhibit, and let it go at that. We get no cheap advertising there, while those states and communities which contended for prizes get the cream of the advertising. A cornless country has little chance for glory at a corn show.

Mr. Gilson, who has bought the Jasper Bennett place, has arrived with his family and is fully installed in his comfortable home. He tells me that he has been looking for a desirable location all over the coast for the past seven years, and has expended at least \$1,000 a year in the pursuit, and now he is perfectly satisfied with his location; that the climate here, taking the year through, is the best he has been able to find, and taking into account the fact that his land is covered by a private irrigation system, he is highly pleased with his outlook. In speaking of Southern California he said that it was a fine country to visit in in the winter time, "but in the summer, oh, my!" Mr. Gilson's experience ought to be of value to some other people I have heard of.

Our Clerks "Smile" When You Ask Them to Grind Your Coffee

We have installed the latest Model Hobart Electric Coffee Mill, which makes it possible for us to grind your Coffee Just Like You Want It, and the pleasure is ours. Two things are most important for the making of a good cup of Coffee. Quality—and proper Granulation. We carry the very best grades of Coffee, selected and blended for their cup value, and we have the mill to grind it to suit the pot you are using. Trust us with your Coffee Orders and "see the difference."

Helping the Town . . .

By banking your money in a bank in your own community you increase the community's power to do business. If substantial farmers want to borrow money there is more to loan them. If you bank your money away from home it is loaned to other farmers, merchants and manufacturers. Help your home people. Money hidden at home helps no one. Placed in a bank it is put to work in ways that help all.

The First National Bank of Klamath Falls

Is a good bank to put your money in—safe and reliable.
