NATIONAL CORN SHOW

ing the entire alfalfa and alfalfa seed exhibit. The second was a dimly lighted one with a large, cheerful fire place in one end. Before this fire place sat the pioneer and his wife, the former with his pipe and the wife with her knitting. Relics of the old time farm house decorated the room, while on the outside a beautiful alfalfa lawn flourished, being bordered with nicely built walks.

"There were more other, just as interesting, exhibits, than it would be possible to mention, but it was a grand affair, and the fact that Klamath County won the laurels that should be a much more important fact than the people here realize. It was hardly to be expected that the small exhibit from this county would be able to make much of a showing against the immense exhibits which were gathered from all parts of the United States, Canada and the world. A first prize means something at a show of this magnitude."

Glasses are a pleasant remedy, too, and a lasting one.

For a pair of glasses will stop a headache, they will keep it stopped, and if they are worn regularly.

If you are troubled with headaches, get rid of it. It will not run you down. H. J. WINTERS, Graduate Optician, State Registered.
