HAWLEY SEEKS RE-ELECTION

WILL VISIT KLAMATH COUNTY TO ASCERTAIN ITS NEEDS

SAYS BALLINGER WILL COME HERE

Claims He Has Assurance That He Will Receive Appropriations for Crater Lake Park

SALEM, July 9.—Congressman Hawley has announced his intention of being a candidate for re-election. In a statement issued here today he said:

"I will spend this summer much as I spent last summer," stated the Congressman, outlining his plans. "I expect to visit the various places in the district, ascertain the people's needs and secure a personal knowledge of what my constituents desire."

"Just before I came away from Washington I received assurances from Secretary of the Interior Ballinger that he would visit Oregon this year, and make a personal inspection of Crater Lake park and the Klamath Indian reservation. Chairman Tamm of the appropriations committee assured me that if he received the proper surveys from the secretary of the interior I could count on an appropriation for park purposes near Crater lake, including construction of highways."

"One important move I desire to make as early as possible is a visit to the Klamath Indian reservation. I have a bill pending for the opening of that reservation which will mean 500,000 acres thrown open to entry. There are certain points in the bill on which further information is necessary, and I wish to work these out with the people on the reservation themselves."

"One thing that I have made a strenuous effort to bring about is the opening of agricultural lands in forest reserves, when those lands are capable of development, and with the start which I have made in this direction I believe this may be brought about."

"I consider the session in congress has been a very profitable one for the state of Oregon and for my district. Among other things that I secured was an appropriation of over \$400,000 in the rivers and harbors bill, including \$200,000 for the locks at Oregon City, \$50,000 for the Coquille river, \$50,000 for the Rogue river, and in the public buildings bill \$110,000 for Modford for a postoffice building, courthouse and site, \$10,000 for a site at Roseburg, and in the light for irrigation bonds to the extent of \$20,000,000 I furnished all the assistance possible."

"In addition, I took up with the secretary of the interior the allotment of money out of the old fund for the Klamath project. I also secured the promise of a soil survey in the Rogue river valley from Ashland to Grants pass, and got through the house a provision for payment of what Oregon expended during the civil war."

"Had my bill passed the senate earlier than it did, it would not have been vetoed. I saw the president the morning the bill went to him and was confident it would be signed, and knew nothing of an adverse report which was to be sent from the department of the interior. If I had had a little more time to see the president I am sure the bill would have passed."

ADVERTISING CAMPAIGN NOW UNDER WAY

Half Hundred Views of State Will Be Placed in City of Chicago

Louis Hill, president of the Great Northern railway, has contracted with a Chicago firm for placing fifty large outdoor bulletin displays on Chicago boulevards and streets, which will show scenes throughout Oregon and the Pacific Northwest. This information was received by the Commercial club, says the Oregonian.

"On the Oregon Trail" and "Back to Oregon and to Nature" are slogans that will appear, among others, on

these displays. The pictures themselves are mammoth oil paintings and the contracts just made specifies they shall remain in prominent positions for at least one year.

The scenes depicted are made from photographs. They appeal alike to the homeseeker and tourist, for not only are opportunities in horticulture and agriculture shown, but Oregon mountains, lakes and rivers are shown in a very attractive way. Orchards, alfalfa farms, dairy, grain and cattle ranches are included in the pictures.

Street car junction points, convenient roofs where the displays will attract other vantage points throughout Chicago are those selected for these paintings. President Hill, besides advertising Oregon and the Pacific Northwest, is carrying forward the aims of the "See America First" movement, which has for its object the turning aside of tourists travel from Europe to America.
