PAVING BIDS OPENED TONIGHT

QUESTION OF BETTER STREETS WILL BE SETTLED

TELEPHONE ORDINANCE MAY COME UP

The Council Meeting Tonight Will Be an Important One For Klamath Falls

The council meeting tonight will be an important one for the city of Klamath Falls. The bids for the paving of the streets will be opened, and besides this important matter an ordinance extending the franchise of the Midway Telephone company will probably be introduced.

A number of ordinances are ready for the last reading, and altogether tonight's meeting will mean a great deal to the city.

An objection was made to the one specification of paving that had been selected, and accordingly the last bids called for bids on the kind of hard-surface paving. This will allow various firms to submit propositions, and consequently will give the property owners the choice of different varieties of paving.

NO BALL GAME

The baseball game which was to have been played between the Klamath Falls and the Gun Store nine yesterday did not take place. A few players of each team appeared on the grounds, but there was not enough to make a full game for either side, so the game was called off.

GO TO CRATER LAKE

J. B. Chambers, Miss Emma Leep and Raymond and Emma Myers of Florence, Calif., went to Crater Lake Sunday. They drove a team, and will be gone a week or ten days, longer if they enjoy the trip as much as they expect to.

Mr. and Mrs. George Wilson and Miss Alma Wilson were up from Merrill today, and were guests of the Livermore hotel.

Judge Noland opened the docket in circuit court this afternoon and set the dates for several cases which are to come up at this term of court.

The case of the State vs. Noble Burns was set for July 26th. Burns nearly killed his partner, Otto Gess, at Sand Hollow, where they were chopping wood.

Thaddeus York will be tried on July 28th for forgery, he having secured some \$5,000 from Fred McLease by means of a forged cashier's certificate of deposit.

Frank Bloomingscamp's case, wherein he is charged with violating the local option law, was set for July 29th. He is charged on three counts.

The State vs. H. F. Liberty, also on the charge of violating the local option law, was set for the same date, July 29th.

The charge against Joseph Hettlinger for violating the local option law was dismissed, as it has been impossible for the state to get its witnesses.

F. H. Mills for F. J. Bowne and D. V. Kuykendall for J. D. Carroll are arguing a motion before Judge Noland this afternoon.

SENATOR WEED IS IN FIRST PLACE

Actual Running Time to Lakeview in His Auto Is Four Hours and Fifteen Minutes

Senator Weed now holds the auto record for the fastest time between Klamath Falls and Lakeview, having covered the distance in his big Franklin in four hours and fifteen minutes. Leaving Klamath Falls at 12:45 Tuesday afternoon, he reached Lakeview at 5:15, having stopped 45 minutes at Bonanza, Bly and other points along the road. The big machine behaved splendidly, and came into Lakeview running as smoothly as an electric motor. The senator is of the opinion that he can still further reduce the time, and on his return it is possible the four-hour mark will be reached, for it is conceded that better time can be made in that direction than in coming out.—Lakeview Examiner.

VALUABLE SETTER DOG EATS POISONED MEAT

Mr. Voorhees' "Smoker" Succumbs to Bait Laid Out for Cats.

The handsome Gordon Setter dog "Smoker," belonging to Mr. Voorhees, who so often is seen with Mr. H. Newham, received a dose of poison Saturday evening at 6 o'clock, while making a delivery of vegetables to a party en route home. It is understood poison had been put out to kill cats, and the dog got the bait and died in convulsions in less than half an hour. The dog was a great pet, and highly prized by Mr. Voorhees, as well as the Newhams, and they would not have taken \$100 for him. If the party placing the poison had seen the agony of the poor dying dog and the grief of those to whom the dog belonged, their conscience would have been touched.

MANY EXCURSIONISTS

About sixty persons went on the excursion on the steamer Klamath to Rocky Point yesterday, and everyone on board had a splendid time.

Only one man complained, and he thought that there should have been rocking chairs, sofa cushions, pink lemonade and a colored boy to keep the flies away.

Colonel Watkins promised to have all those conveniences for his especial benefit the next time he went on the boat.

CHRISTIAN SCIENCE LEADER: EIGHTY-NINE YEARS OLD

United Press Service.

BROOKLINE, Mass., July 18.—Mrs. Rddy quietly celebrated her 89th birthday here Saturday.

Emmitt Beeson and family left this morning for Talent, Oregon, where they will again resume their residence. Mr. Beeson's interests in Jackson county were so great that it was impossible for him to so shape them as to admit of his living in this city permanently, a fact which will be greatly regretted by his many friends.

John Irwin left this morning for Livermore, Pa., where he will visit with his mother for four or five weeks. Mr. Irwin makes an annual pilgrimage to his old home to hold the hand that rocked his cradle and moulded a character that must in her declining years fill her heart with pride.

Mrs. O. L. Carter returned Saturday evening from a visit of several weeks with friends and relatives in the Willamette valley.

Mrs. Steve Stukel and Miss Goldie Stukel were registered at the Livermore today.

THIS CITY NEEDS ANOTHER TRAIN

CHAMBER OF COMMERCE SEEKS BETTER SERVICE

ASKS S. P. FOR ANOTHER TRAIN

Object Is Not to Change Present Service, But to Get More Accommodations

The Chamber of Commerce is corresponding with the officials of the Southern Pacific in an effort to get the adequate train service connection with the trains that come from the north. The idea is not to have the time of the present train changed, but to get better connections at Weed with the trains from the north, so as to obviate the present long stopover of twenty-two hours at that place, as is the case at present.

The following letters were written by the committee appointed by the chamber of commerce to the officials of the Southern Pacific road:

"Mr. J. H. Dyer, Division Superintendent Southern Pacific Company, Dunsmuir, Calif.:

"Dear Sir—Enclosed find copy of telegram which Mr. Mills courteously forwarded to you this afternoon, and which I beg to confirm.

"The Klamath Chamber of Commerce is earnestly appreciative of the co-operation that your company has been prompt in vouching, and we beg to advise that the additional service requested is urgently desired by our people, most of whom have persistently insisted upon an improved train service. The layover at Weed of the passengers from the north is unquestionably a commercial handicap to Klamath Falls, as well as expensive and disagreeable to all classes of travelers. You are entirely familiar with the inadequacy of hotel accommodations at that point that works a hardship on many.

"A number of complaints have recently been made by persons who allege that the present train has been unable to deliver their baggage the same day they came through, and one instance has been brought to our attention in which it is claimed that a commercial man from the north, after a delay of one day at Weed, failed to receive all of his sample trunks, and was under the necessity of losing another day here. You will understand this is related, not in a spirit of fault-finding, but as a means of advising you of the nature of the individual complaints concerning the present service.

"The Chamber of Commerce has been advised that the volume of traffic handled on the Klamath Falls line is proportionately very much greater than on branch lines of the Southern Pacific, and upon this ground we feel that the community served is entitled to a more frequent and better train service.

"We beg to urge that this matter be given as prompt consideration as possible, and hope that within a few days it may be possible to give assurance of some favorable conclusion of officials as to establishing the better service desired. Yours very truly, "R. H. DUNBAR, Sec'y."

"J. H. Dyer, Superintendent, Dunsmuir, Calif., July 8, 1910.

"The Klamath Chamber of Commerce requests on behalf of the citizens and business men of Klamath Falls that the Dunsmuir train be run through to Klamath Falls, thereby adding a through first-class train, and obviating the long delay at Weed for passengers from the north. Does not the business of the Klamath Falls line justify a second train with Pullman accommodations for travelers?" "W. A. DELELL, Pres." "R. H. DUNBAR, Sec'y."

Superintendent Dyer of the Southern Pacific has stated that he will probably be here the first of this week and talk the matter over with the persons interested.

A petition is being circulated and extensively signed, asking that the time of the trains be not changed. The signers are not opposed to the action of the Chamber of Commerce in any way, but they do not want a change in the train service to such an extent that it will necessitate the meeting of trains here at a late hour.

THEATRICAL COMPANY'S PROPERTY ATTACHED

Two Former Members of the Troupe Seize Papers on the Empire Stock Company Here

The property of the Empire stock company, a theatrical troupe which has been showing at Houston's opera house in this city for the past week, and incidentally presenting an excellent array of talent, was attached on complaint of two former members of the company, who left the troupe at Lakeview.

According to the statement of the manager of the company the two actors had refused to perform some work assigned, and left without the two weeks' notice which they were required by their contract to do.

The goods attached were later released, and the players will leave in the morning for Weed, where they were billed to appear tonight.

CRIPPEN INQUEST POSTPONED FOR A MONTH

Lawyers Say Murderer Could Not Be Convicted on the Evidence So Far Secured

United Press Service.

LONDON, July 18.—The coroner, after he had heard the testimony of the police, adjourned the Crippen inquest for a month. Dr. Marshall, the police surgeon, created a sensation by swearing that a prolonged examination of the dismembered corpse found in the Crippen home had not furnished a tangible legal identification of the body, and also there was no proof of murder having been committed. The decomposition of the body has made it impossible to tell the cause of death. Lawyers here say they cannot convict Crippen if he is captured.

H. H. Pierson, state fire warden, who lives near Keno, was summoned to Lakeview today to aid in fighting a number of forest fires that are burning on the south and north forks of Sprague river. CLEANED OUT ROCKS FROM COUNTY ROAD

"Scout" Chambers and W. H. Lewis Make Great Improvement in Highway Near Naylox

"Scout" Chambers and W. H. Lewis returned Saturday from the vicinity of Naylox, where they had been for the past week removing the rocks from the county road in the vicinity of that place.

They worked from about two miles above Naylox to five miles below that place, and besides removing the stones from the highway they built four culverts.

The work was badly needed, they having been told that one of the larger stones that had been removed having caused \$1,500 damage to automobiles at various times. An average of six autos a day passed that way, besides many wagons, and the work that has been done by the two men was greatly appreciated by all who have had occasion to travel that way.

Dredgers Have Nearly Finished the Work Between Modoc and Rattlesnake Points

The distance between the two points is about three miles and the dredgers have been working from either side and are now only about 100 yards apart.

The work of laying the rails will begin in a short time.

Mr. Hoyt will be at the council meeting tonight, as he is manager of the paving company that submitted the previous bid for paving which the council acted on a short time ago.

Mr. and Mrs. Bert Withrow and little daughter, accompanied by Mrs. W. H. Helteman and son and Miss Ina Mackey, went to Pelican bay and Crystal creek yesterday. The ladies of the party remained there, and will live a life of recreation for the next two or three weeks.

AMERICAN ARTISTS APPEAR IN GERMANY

Pasmore Trio Play Before Emperor William and Receive His Praise

Few American artists can boast such a reception as that accorded the Pasmore trio upon their recent visit to Berlin. These gifted artists played thirty-four concerts in the German capital an achievement never before accomplished by any group of American musicians. One of the greatest of their triumphs was the last recital given at the memorial church of Kaiser Wilhelm the First, which was attended by the royal family. It was at this recital that the German emperor delegated one of his ministers to formally thank Mary Pasmore for the pleasure derived from her violin solos. The German critics have been as high in their praise as the American press. The Pasmore plan to tour Germany, Austria and Russia next season. In the Austrian capital they will be the guests of the noted virtuoso and court pianist, Xavier Schwarzenka, with whom Susanne Pasmore studied some years ago. They will be here July 25th.
